Foreword

No other community in the world quite resembles a university. It is characterized by a transient, yet permanent nature. It is an aggregate of numerous constituent parts, the administration managing internal and external affairs; the faculty guiding students to higher academic achievement; the physical plant expanding to accommodate an increasing population; the students living together, learning, playing, preparing.

Eastern Kentucky University is one of these unique bodies, set apart by its own singular characteristics. University status, recognizing Eastern as a multi-purpose institution having an expanded curriculum and a learned faculty, resulted from the efforts of the dynamic administration of President Robert R. Martin. Perpetual construction and renovation, the stately landmarks of the past, and the resplendence of nature blend to form a campus observably different from all others.

The essential ingredient of the University is ultimately its students. The elements vary from year to year, each leaving his own impression on the school. From an accumulation of these indelible marks evolve the traditions of the University, giving Eastern a personality all its own.

Perpetual construction and expansion, . . .

The buildings comprising the campus of the University, its brick and mortar foundations, afford a seat of learning where the pursuit of knowledge can take place. However, neither the educational process nor the environment in which it occurs must be allowed to become static.

Truly a distinguishing feature of Eastern is the unparalleled growth of its physical plant, thrusting the campus upward and outward. Massive structures equipped with modern facilities and instructional materials have met the increased needs of students and faculty involved in a broadened curriculum.

. . . stately landmarks, and nature's beauty forming a unique setting; . . .

That tangible characteristic which identifies an institution is its campus. When one comes to Eastern, he at once is aware of its heritage. The University Building and the Student Union Building, stately edifices reminiscent of an earlier era, proclaim a sense of origin and permanence.

Natural splendor surrounds and enhances the campus halls. Changes in nature are reminders that the University is a perennial entity, continually prepared to fulfill its purpose. When one leaves Eastern, the landmarks of the past and the artistry of nature embed a never-to-be-forgotten remembrance of dignity and beauty.

EKU

. . . the faculty improving instructional quality; . . .

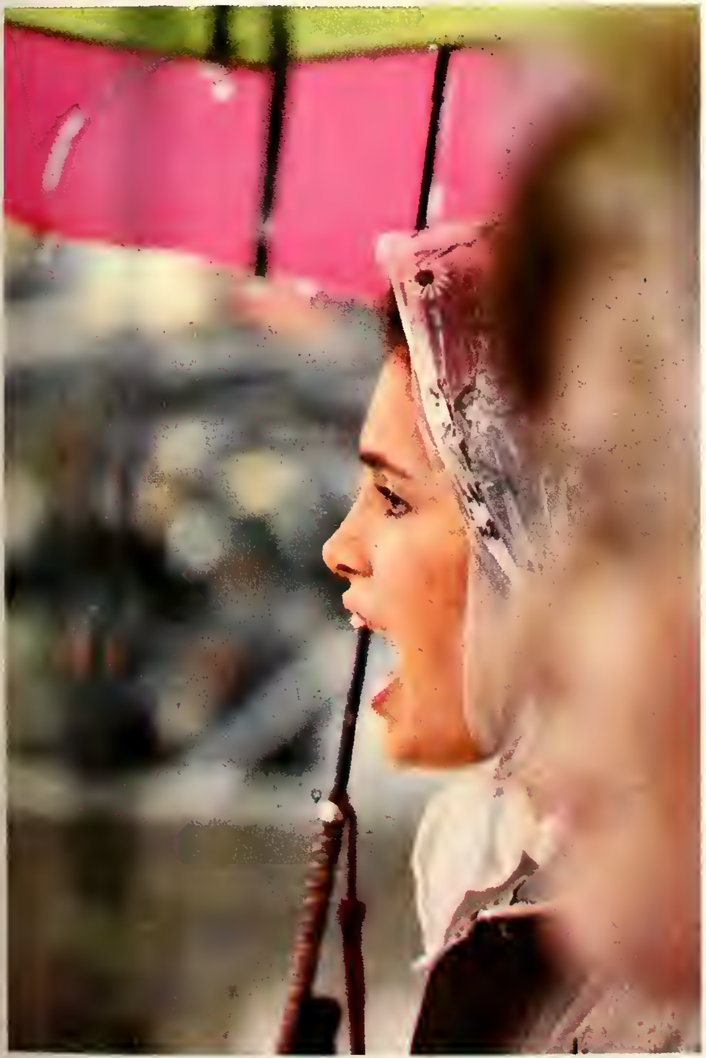
A university must have an organizational framework, headed by an administration which sets the pace for campus life. With it lies the responsibility of conducting relations with the world outside the community and among the people within the community. It must also select qualified, experienced faculty who can challenge the impatient mind of each student.

The high quality of Eastern's instructional program is determined by a faculty that invites its students to higher academic achievement and guides them toward oriented goals. Teachers endeavor to inspire their students to grasp instruction and transform it into usable knowledge which can project them toward future success. By continually searching out, preparing, and presenting pertinent material, and counseling, they strive to help their young learners achieve their individual aims.

. . . students living together in a world apart; . . .

The college experience is like none other in one's life. More than just a period for completing formal education, it is, for most, the final stage of metamorphosis from the established patterns of life into one's own way of life, accomplished in the unique environment which characterizes a university.

From the first moment one arrives at the University, he begins living as a self-reliant entity among a sea of diverse personalities. He finds new friends and spends many pleasurable hours in their company; he participates in activities which express his own interests; he falls in love, once or many times; he reflects his values and goals, continually reappraising them in relation to his ever-widening intellectual and social experiences. At the end of his college career, hopefully, he has become capable of taking his rightful place in a challenging society, yet retaining his individuality.



. . . reaching toward higher academic levels, . . .

Each person elects to attend college for a unique set of reasons; however, the primary factor basic to his decision is the realization of his need to prepare for the role he will assume in society. Initial classroom contacts acquaint him with the true atmosphere of a university, that is, the college experience is not only a time for preparation, but also a continuation of the endless quest for knowledge.

At Eastern opportunities for learning are multifarious. Learning takes place not only in the classroom, but wherever the student desires. The responsibility for making the most of these opportunities lies with the individual. The success of his endeavors hinges on how well he exercises this prerogative.

THE HIGHEST

. . . enriching their lives through varied activities; . . .

College life offers more than academic challenge. It includes a wealth of meaningful activities which contribute to the student's total development. Participation in Greeks, student government, the theater, athletics, and departmental and church-affiliated organizations affords channels of expression for students' interests. These outlets provide a means of achieving the fullest satisfaction and enjoyment from life's most wonderful years.

. . . fuse to give Eastern a personality all its own.

From the date of its founding, Eastern has been formed and perpetuated by the people and the ideals that have been associated with it. The institution has come to personify academic quality, dynamic growth, and a friendly atmosphere.

The Eastern Tradition is an intangible spirit which gives the University a distinct identity. But it is more than this. Philip Ogilivie describes it as "rich ground well-tilled and warm with sunshine of hope for an even greater future."

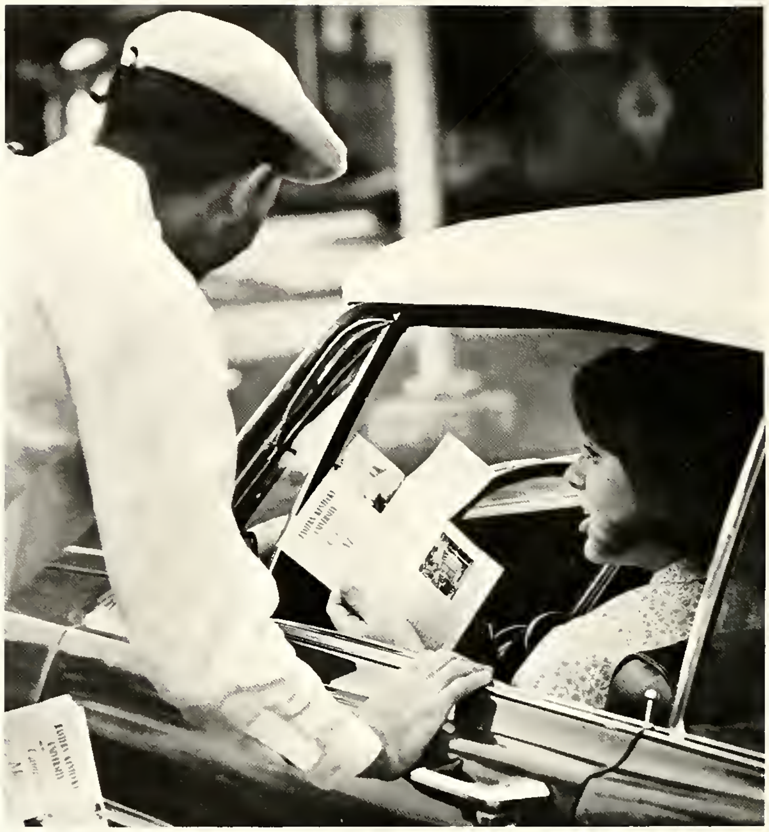
STUDENT LIFE

Wilma Asbury
Ray Deaton
Section Editors

A Freshman Steps Into A New World

For a freshman, the first week of the university year is especially impressive—perhaps even depressive for a time—but usually with positive initiative. From the first day on campus, friendships are born and dissolved; images are created and destroyed; ideas are originated and shattered. As the 3,594 freshmen attended the hectic, hurried activities with endless confusion and wonderment, they learned quickly the traditions of their new university. Amid the confusion of registration and chaos of waiting in long lines, the student often lost sight of that goal toward which his efforts are directed. To the freshman, Orientation Week was filled with both sorrow and happiness, sorrow in parting from the sheltered environment of home, and happiness in taking another step in life. A life as a university student.

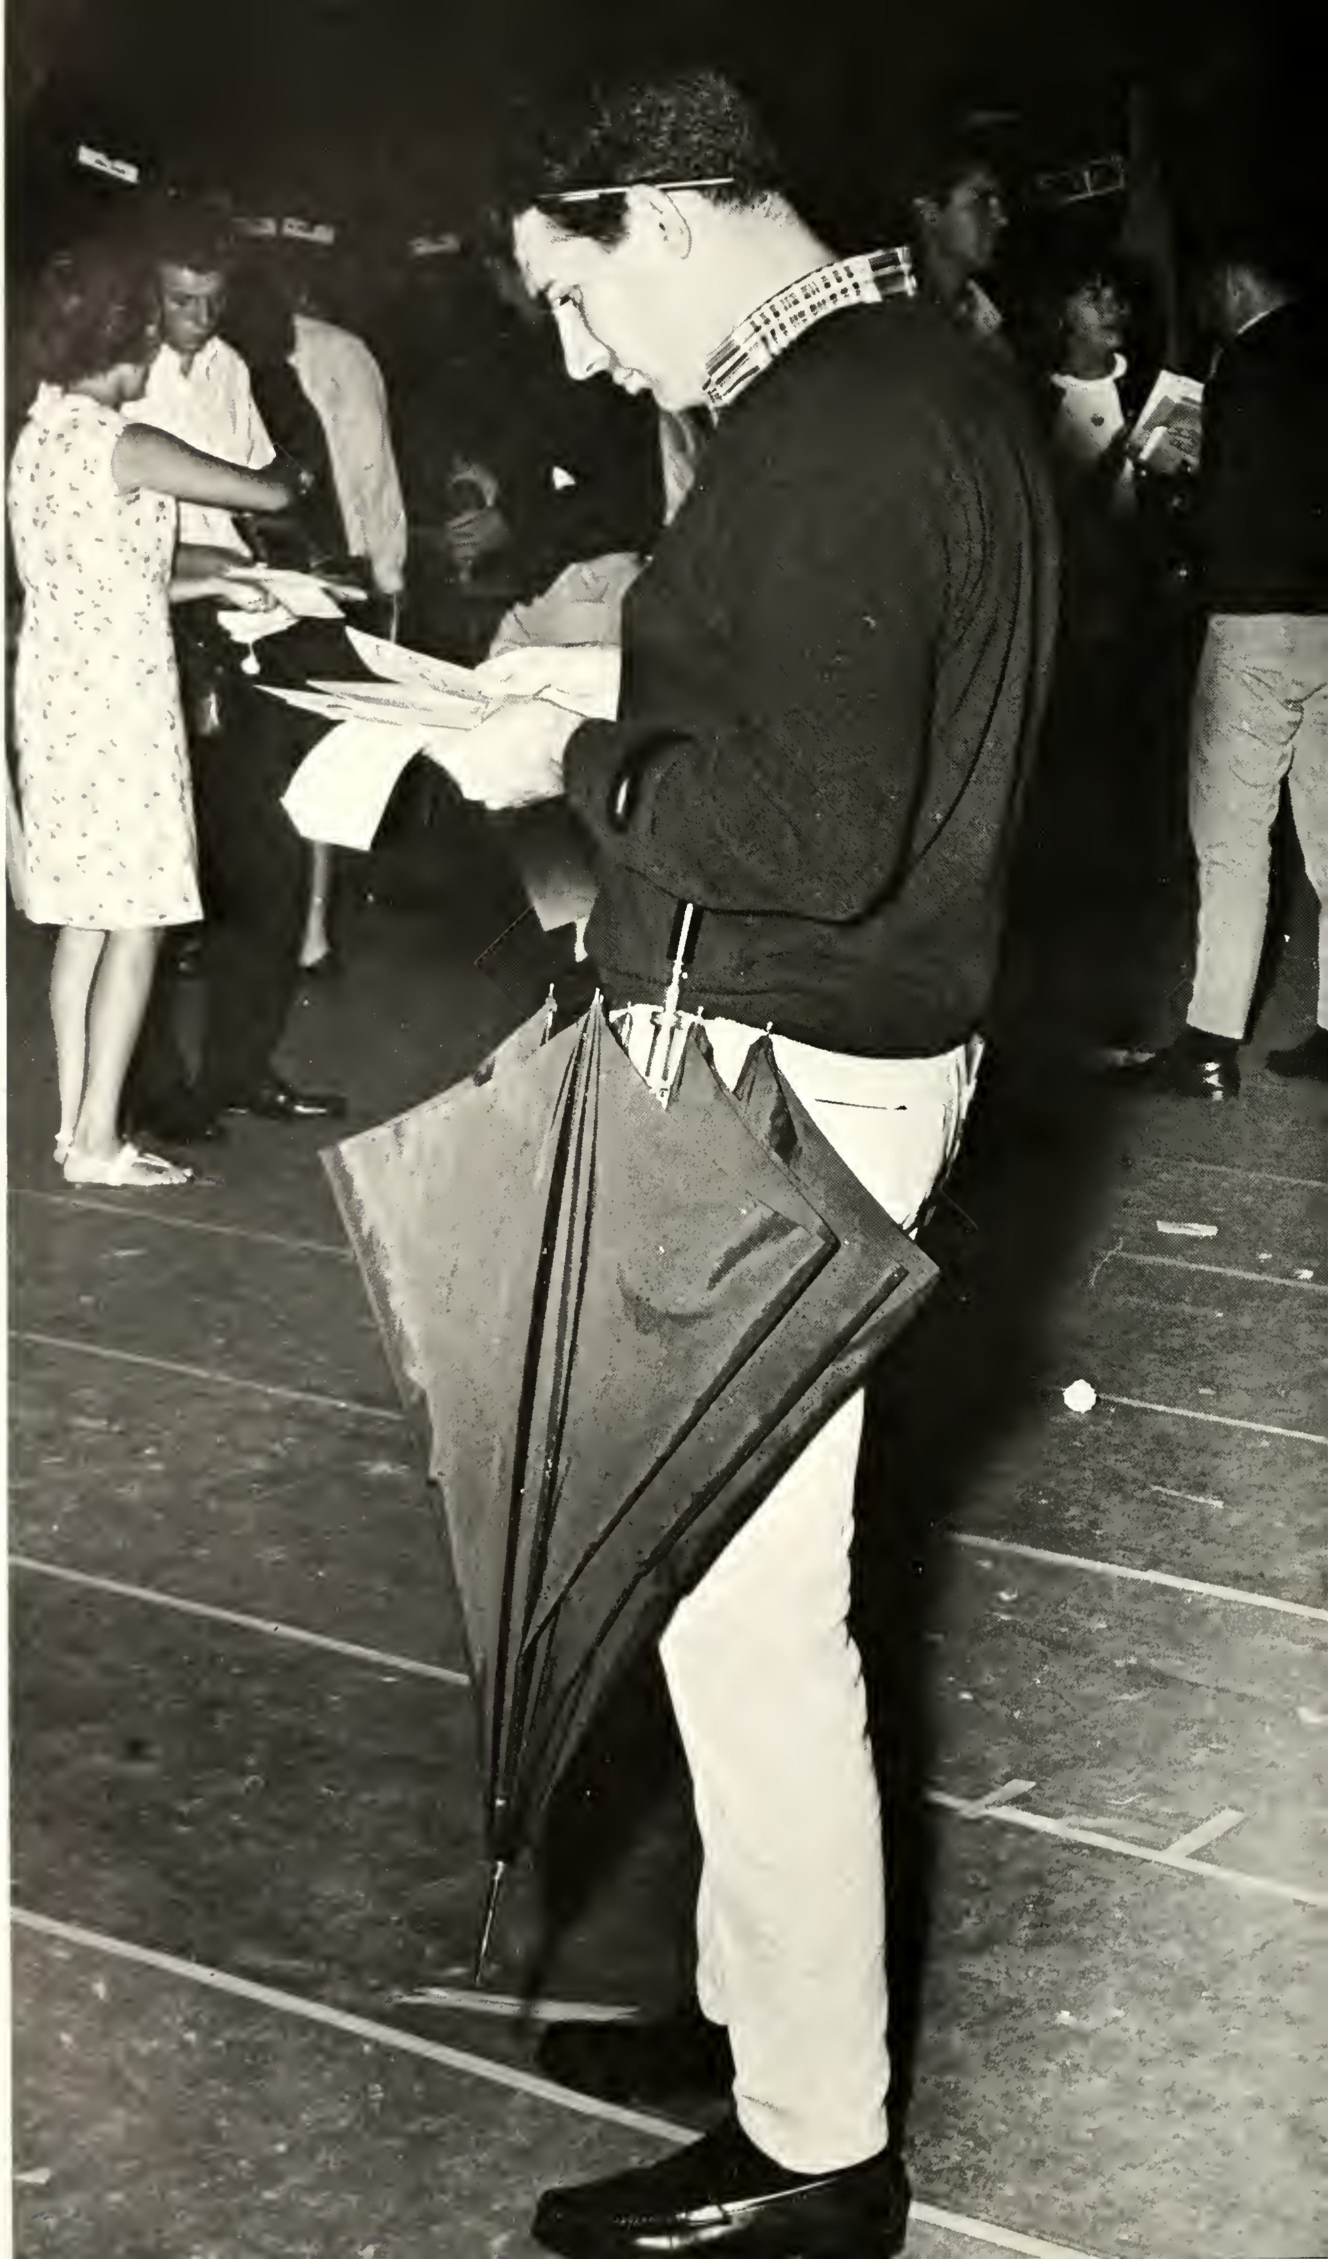


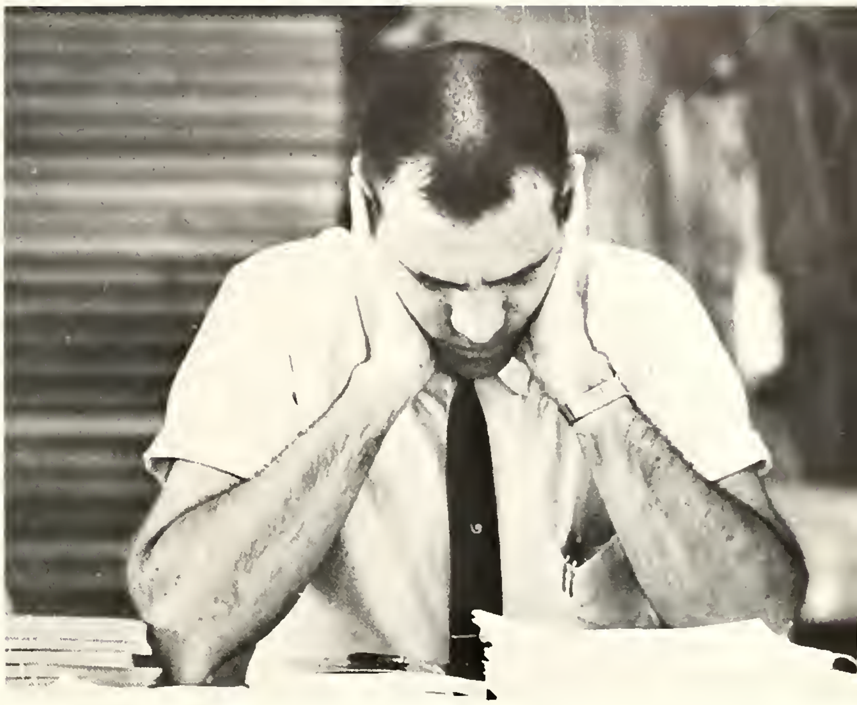
Orientation Week Includes Fun-Filled Activities . . .

Often when one thinks of his Orientation Week, nothing stands out so starkly as the massive crowds and his own loneliness. But there was more: that friendly guide who cheerfully pointed the way; Dad's carrying in that seemingly endless stream of accessories; the pajama party which helped melt away the homesickness; entertaining activities providing fun and new friends.

There was, of course, the grueling experience of registering for the first time—cards, cards, and more cards; lines, lines, and more lines. They tried to be helpful, the teachers and the guides, but ultimately it was do-it-yourself.

And finally that important week ended, too soon for some. Hopefully, it integrated into campus life the ones toward whom it was directed and propelled them into an exciting four years as members of the Eastern community.

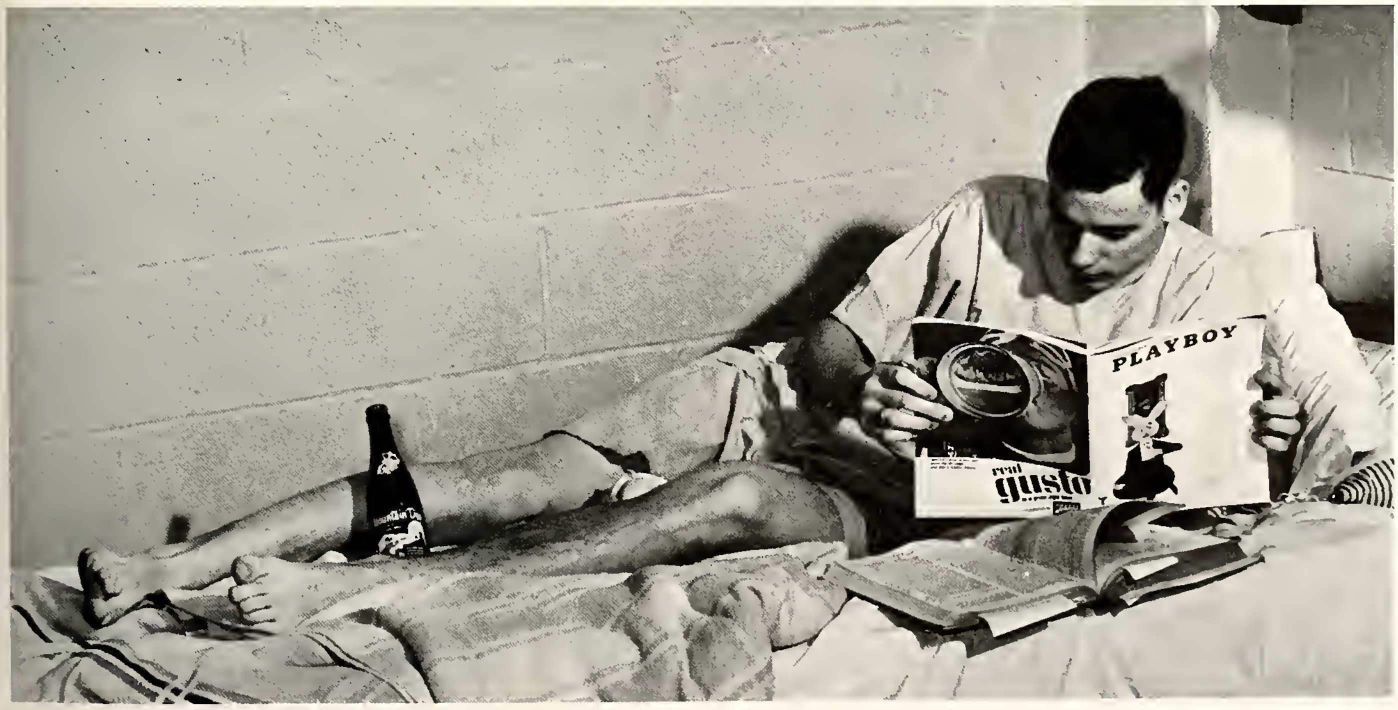




... and the Confusion of Registration

Dormitory Life—A New Way Of Living

A dormitory houses the many and varied aspects of college living. Within these walls each individual forms a unique abode. In each setting occurs a wide scope of activity ranging from the noise of cheering activity to the sober quietness of intensive study. It is here that friendships are made, ideas expressed, problems shared, and impressions formed. It is here responsibility and self-reliance are learned. It is here that the day begins and ends.



Daily Routine— A Divergent Existence

For the college student, life is an ever-changing kaleidoscope filled with bits and pieces of days, nights, hours and moments always assembling and reassembling in every possible way and yet never repeating themselves. It is noisy crowds, companions, friends, solitude; it is work, study, thought, relaxation. It is the bridge between youth and maturity and its day-to-day happenings the means by which this bridge is crossed.

The Grill . . .

The grill is a happening—meeting, eating, swinging, cramming, talking. It is a private world of noise and music—activity and solitude—open to all, but savored by few. It is a place where plans are made, beliefs expressed, friendships established. It is an atmosphere in which people realize concepts, conquer fears, rebel and grow as a result of that rebellion—a place where people dream and think and share ideas. It is a microcosm of the world of youth.

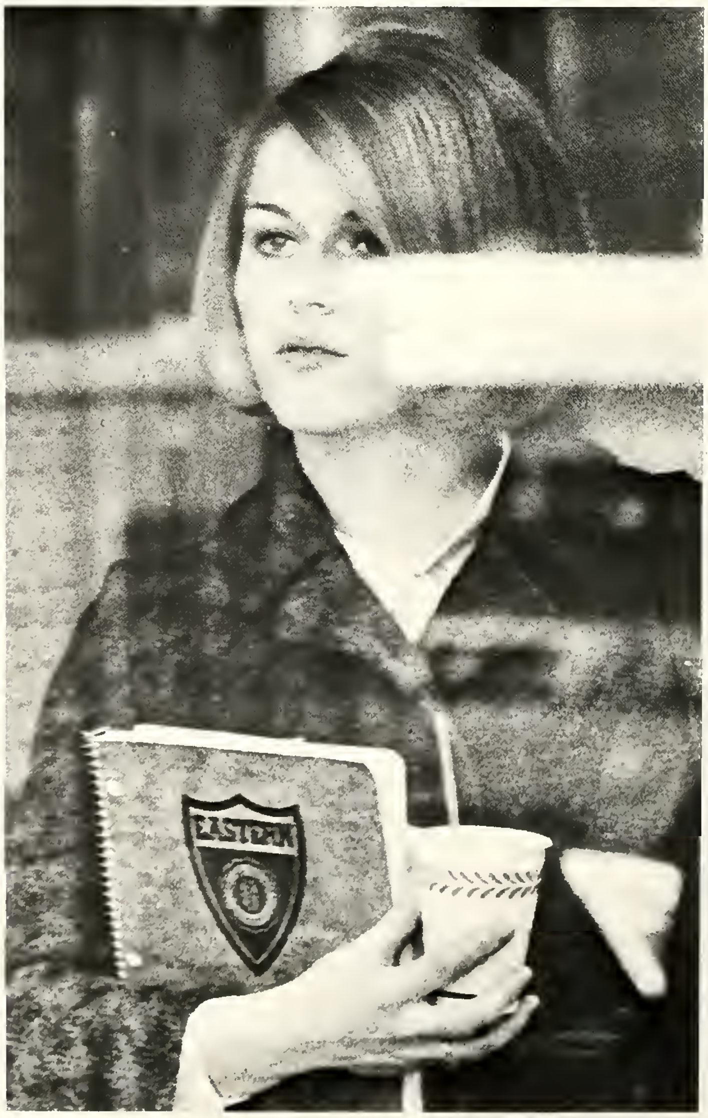
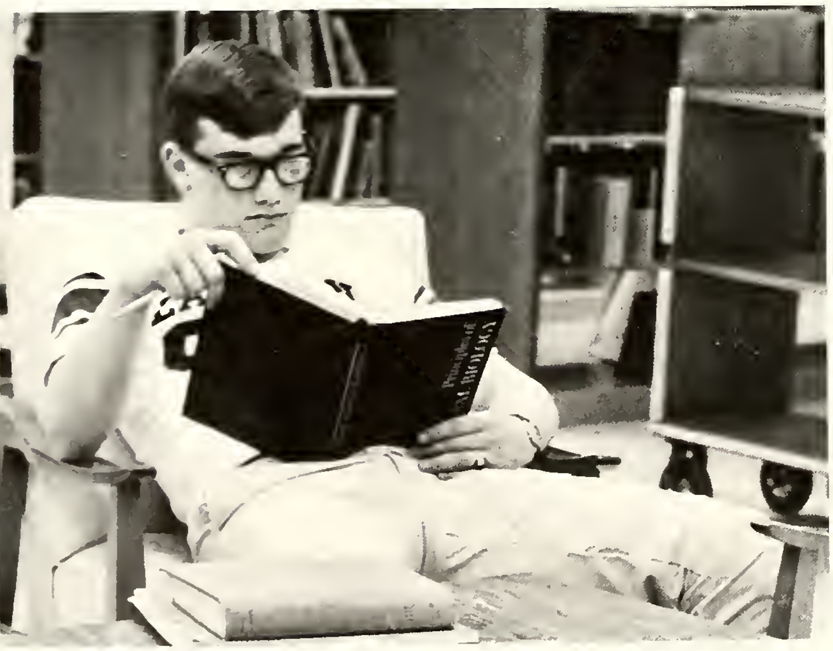
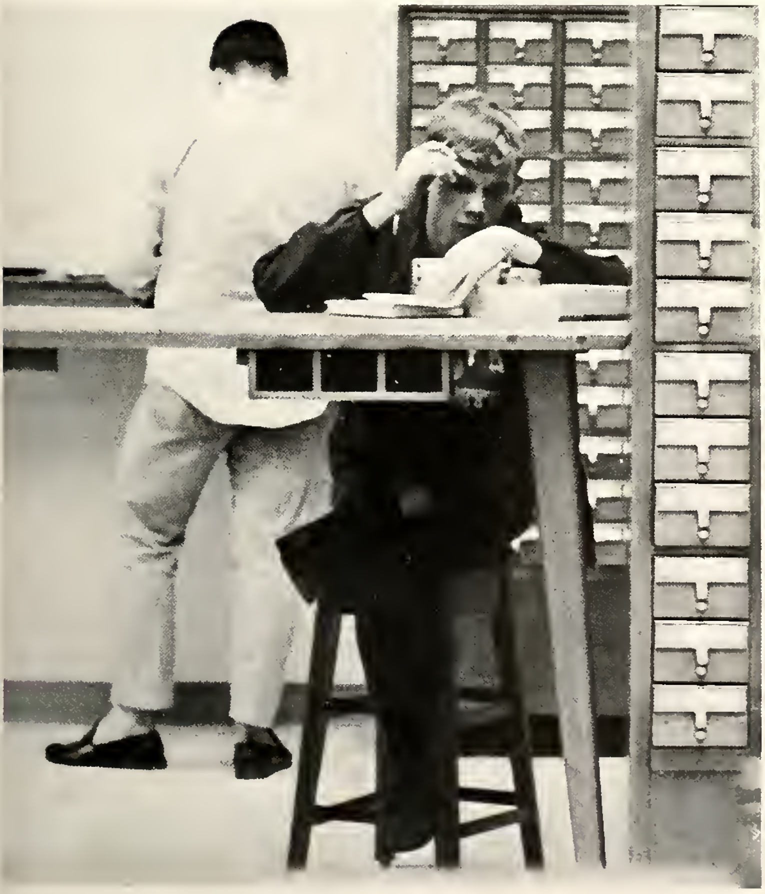
. . . A Microcosm



RESERVE ROOM





Library Fosters Intellectual Maturity

An incubator of intellectual development, the library nourishes one's individual academic world. Its desks, chairs, cubicles—its physical being—provide the framework in which one's intellect is challenged, satisfied, and challenged again as a result of that satisfaction.

Quiet, solitary stillness—an atmosphere conducive to pursuing one's individual academic world, affords the opportunity for one to absorb, digest, assimilate and wonder at the accumulated insights of mankind.

Classrooms—The Scene Of Learning

Being more than merely a place where classes meet, the classroom should be a sanctuary of learning, rendering itself a catalyst between student, instructor, and understanding. Learning is the primary reason for both the students' faithful presence and stimulating instruction.

The pursuit of knowledge takes many forms. Included in its scope are the art galleries of Cammack, and the laboratories of either the industrial technologist or the scientist, as well as the computer oriented world of the businessman. To each the discovery of a previously unknown percept is the reward of assiduous efforts.

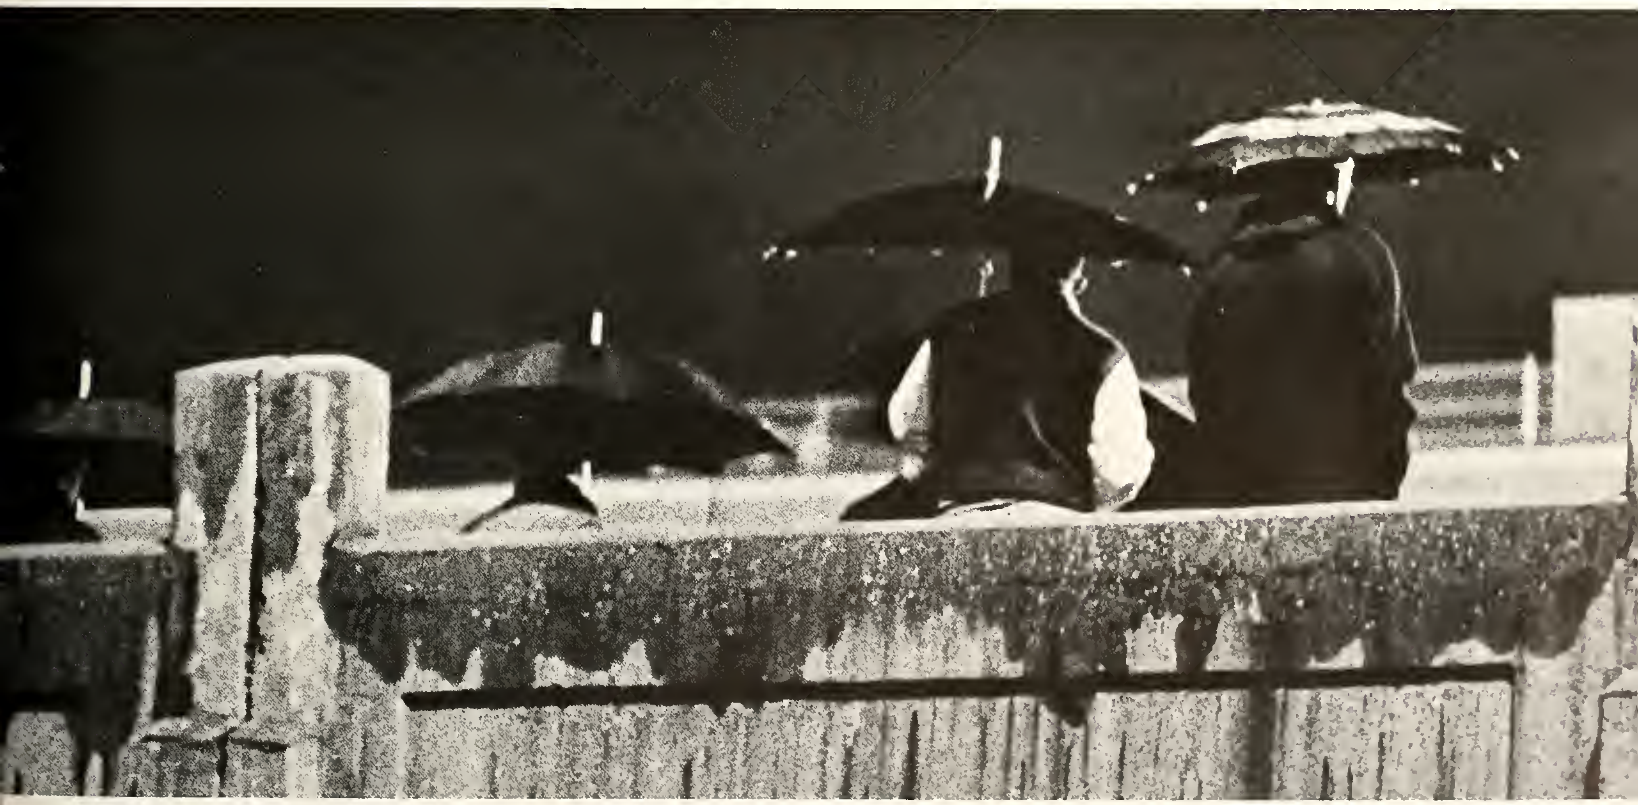
And The Rains Came . . .

Cold, driving rain, penetrating chills, raised umbrellas in feeble attempts to remain dry—this was Fall 1966 at Eastern. The rains came—and stayed, nurturing individual worlds which existed within the perimeters of the cloth domes that sheltered them.

A father and son created a dry world of plastic, while one less fortunate helplessly watched her world crumble as the gusty torrents prevailed.

Rather than bow to the force of persistent downpours, we wrung our saturated blankets damp, and clung tenuously to our umbrellas, neither victorious nor defeated.

WESTPORT



Band Day Silenced by Downpour

The strains of a 5,000-piece band which were to have filled the air with Sibelius' "Finlandia" and Youman's "Great Day" at Eastern's sixth annual Band Day were silenced by pouring rain. Greeted by a cold drizzle, the bandsmen from more than sixty-five high schools paraded through downtown Richmond, led by Eastern's own "Marching Maroons."

When the bands congregated in Hanger Stadium for a joint rehearsal, virtually every vacant spot was filled. The storm broke and the musicians, seeking shelter, scurried in all directions. A drum became a temporary roof over its player's head; a majorette's march quickened into a sprint as she sought the asylum of a nearby bus.

Those assembled for the game were thus deprived of seeing the young musicians arrayed in their variegated uniforms, creating the appearance of a giant spectrum. The musicians were deprived of their moment of glory.

Umbrellas Blanket Homecoming

Although Homecoming festivities proceeded in the midst of pouring rain and bitter cold, the spirits of Eastern students and alumni, aided by umbrellas and soggy blankets, matched those of the sunniest day. From the initial planning stages through the final buzzer of a tension-packed game, the aura of Homecoming encircled the campus.

Inaugurating the weekend's merriment was the annual Homecoming Dance on Friday night. By parade time Saturday morning, the downpour had begun, yet fifty-three floats plodded down the parade route. The high point of the day came when Judy Green was crowned as the 1966 Homecoming Queen at pre-game ceremonies. Then the 6,000 fans huddled in their blankets and watched the Colonels unsuccessfully battle Tennessee Tech in Hangar Stadium's sea of mud, thus bringing the celebration of "The Year of the University" to an exciting climax.

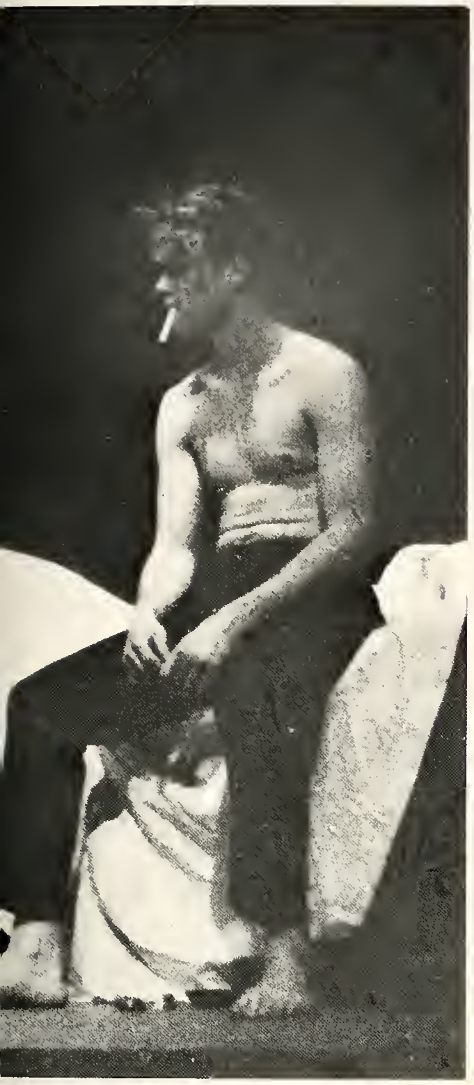
Buck, Morton, and Stuart Challenge Student Body

During its initial year of University status, Eastern's campus became a forum for both intellectual and political stimulation. Pearl S. Buck, renowned authoress, philanthropist, lecturer, spoke to an overflow crowd of the intellectually as well as politically concerned. As a guest of the Young Republicans Club, United States Senator Thurston B. Morton of Kentucky reaffirmed the vital importance of the country's young people becoming—and remaining—informed about current national and international affairs. Eastern's author-in-residence, Kentucky's Jesse Stuart, lectured informally throughout the academic year, encouraging the growth, development, and appreciation of literary creativity and criticism.

Through these visits we grasped the reality of **The Good Earth, The Thread That Runs So True,** and the intricacies of the political process, thereby broadening our intellectual awareness.

Little Theatre Encourages Individual Fulfillment

Man quests for perfection—a perfection which will prove to be a challenge as great to his aesthetic nature as that to the utilization of his brawn. Man must prove himself in creativity, ability, and technique. Man must challenge the limits of his own private world; he must set his own goals; he must accept failure, thus being better able to welcome success, when it comes, advisedly. Man must set new goals—ever reaching—in aspiration of the true living character. Man must be the actor who, when placed in any dramatic situation, becomes the person. Man must never cease this quest.



Noted Artists Enrich Cultural Appreciation

The Arts are a desire to create—a desire to create something ordered from chaos. They are the desire to express experience—both contemporary and age old. They are employed to justify and find patterns as well as logic in man's existence. Music and dance are the incarnation into living sound and movement of inanimate thought, thereby producing growth and perpetual regeneration.

David, Della Rosa, and Brooks Entwine Audience

To celebrate the sixth anniversary of the inauguration of Dr. Martin as president, David, Della Rosa, and Brooks performed in concert during the Thanksgiving season. The versatile newcomers entwined their audience in in a musical web that glistened with popular jazz sounds and traditional folk melodies always popular with the college audience. Concluding their performance with the Navy Hymn in honor of the late President John F. Kennedy, the trio left the stage during a silent standing ovation for the beloved memory of a man and the awed respect for three talents extraordinaire.

Drum and Sandal

Fosters Creative Arts

At the same time that it fosters an appreciation of the creative arts, Drum and Sandal provides an opportunity for participation in and encouragement of the dance form.

Choosing Christmas around which to construct its major annual production, the members have found expressing the coming of our Lord and the customs man has attached to His birth most meaningful and worthwhile. Whether they represent a modern day dormitory angel or a ballerina doll that has suddenly sprung to life, whether they wait quietly backstage for their turn at the spotlight, or fall on their knees in praise of the Hallelujah Chorus, Drum and Sandal has succeeded in breathing life into man's thoughts, thereby expressing them with order, form, and beauty.

Yuletide Inspires Brotherhood

Tradition set the pace as Christmastide opened with the majestic chords of Handel's "Messiah" and the inspiring dignity of the Hanging of the Greens.

The holiday spirit reigned as the entire campus assumed a cloak of glistening lights and tinsel. Dormitory doors were transformed overnight into Gothic cathedral portals, nativity scenes, and galloping reindeer. Harmonious voices echoed in unison the ancient refrains of "Silent Night", "O Come, All Ye Faithful", and "Deck the Halls". Holiday dances, dorm parties and organization programs linked students in a Yule bond of brotherhood.

Snow Creates Picturesque Campus

Overnight, snow transforms the campus into a glistening wonderland. Bringing out the aesthetic spirit of the viewer, snow-laden branches set against a carpet of white create a panorama of solitary beauty.

Morning dawns, disturbing the artistry of the night with its busy routine, yet hampered in its efforts to carry out activity with the usual ease. The walk to class becomes a treacherous venture, revealing the deceptive nature of the icy blanket.

Afternoon breaks, and with it the chaotic peal of laughing voices engaged in the assault and surrender of a campus-wide snowball fight. Books lie dormant as the ravine becomes a pulsating center of communal activity.

Evening approaches, and the carpet of white is transfigured into a melting facade, leaving behind a memory of ominous grandeur and an anticipation of yet another glistening wonderland.

Spurr

Eastern Goes Greek

A new, exciting, demanding way of life, Greek life, came to Eastern this year. Signs of its arrival—flags waving to the rhythm of the fight song, a mascot trotting down a wet parade route—pervaded the campus, projecting University status into the social realm.

The full realization of their identity came to the four sororities and seven fraternities during Rush Week and the pledge period that followed. A smoker consisting of a hundred handshakes, a friendly aloha, a hushed candlelight ceremony extended the fellowship of brotherhood and sisterhood and deepened the sense of unity.

Activity Is Eastern

Whether displayed in a burst of exultant joy or in the solitude of a sad and shattered world, we engage in the activities which we enjoy. They are the interpretation and expression of the superlatives of our deepest interests.

The thrill of being Mardi Gras Queen because he caught the right balloon or the fun of assuming the role of L'il Abner and Daisy Mae at the Sadie Hawkins Day Dance—this is activity at Eastern. There are moments of happiness and dejection, happiness in rooting your team to victory, dejection in seeing their defeat. But this is life—college life.

Graduation: The End And The Beginning

Reflections of the past, present, and future wander through the minds of graduating seniors as they await their march to "Pomp and Circumstance". It all began four years ago when they arrived on campus. Eastern Kentucky State College—their world for the next four years, a world revolving around classes, friends, ball games, and dances—a world of expectation, frustration, and endless satisfaction. Now here it ends. What will it mean? When they leave here, they take a degree earned with the guidance and education of four years. But they take not only the esteemed degree of the University, but the friendships and memories of their alma mater. Each step of the procession leads to the end that is, like all ends, a step toward a new beginning.

Becky Sizer, Eastern's Miss Cheerleader, represented Eastern in the Miss Cheerleader USA contest. Becky, a senior from Louisville with a business education major and a minor in physical education, was chosen as Miss Cheerleader by an all campus election sponsored by the **Progress.** Twenty-one year old Becky is a member of KYMA and Kappa Delta Tau. Having served on Eastern's cheering squad three years, this year she is captain of Eastern's cheerleaders.

Miss Cheerleader

Becky Sizer

Miss Popularity

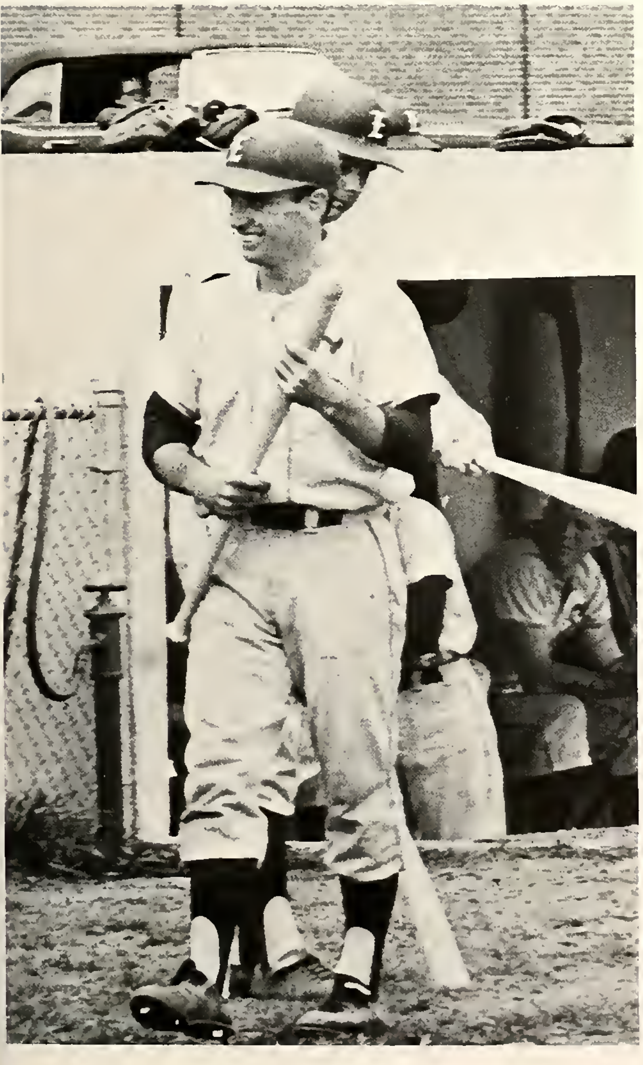
Susie Donoghue, a honey-blond, blue-eyed senior from Fort Lauderdale, Florida, is Eastern's Miss Popularity. Susie, who recently relinquished her title of Queen Athena, is a member of Kappa Delta Tau, Alpha Pi Kappa, PEMM Club, and SNEA. She was chosen on her leadership ability and personal popularity among Eastern students. A physical education major, Susie plans to teach in her major field at the junior high level.

Susie Donoghue

Sigma Chi Delta

Mr. Popularity

Mr. Popularity of 1967, Ron Pinsenschaum, is a biology and chemistry major from Cincinnati, Ohio. The brown-eyed senior has been active in numerous campus activities, including Kappa Delta Pi; OAKS; Biology Club; E Club; Sigma Chi Delta, serving this year as its president; and senior class treasurer. His abilities are many-faceted, demonstrated by his being named to Who's Who and by his receiving all-OVC baseball honors.



Ron Pinsenschaum

Campus Royalty

And Beauty

Homecoming Queen

Highlighting Homecoming festivities was the crowning of lovely Judy Green as the 1966 Homecoming Queen. Representing the Pershing Rifles, Judy was among the ten finalists selected in an all-campus election. The final choice was made by a panel of alumni judges. Judy, a junior from Berea, personifies the beauty and grace which is characteristic of a queen.

The coveted title of Queen Athena, named for the Greek goddess of wisdom and war, was bestowed upon Judy Green at the 1967 Military Ball. Chosen by AUSA, she will reign as Brigade sponsor during 1967-68, holding the honorary rank of colonel. She has served as a ROTC sponsor three years, representing A Company her freshman year and, as a sophomore, the First Battalion. This year, Judy, was an able ambassador of the Pershing Rifles in numerous capacities both on and off campus.

Queen Athena

Miss Eastern

Chosen by the student body and crowned at a dance in her honor, vivacious Cherry Yelton, as Miss Eastern, was the official representative of the University at Kentucky's Mountain Laurel Festival in May. Cherry, a blond, brown-eyed junior from Virginia Beach, is an active member of Kappa Delta Tau and Behavioral Science Symposium and serves as ROTC sponsor for the Band Company. Miss Eastern, a sociology major, possesses a winning smile and a bubbling personality.

Beauty

Natural beauty is matchless, whether embodied in a delicate rose or in an engagingly lovely woman. As well as being pleasing to the eyes, beauty incorporates the qualities of freshness, vivacity, and simplicity. Concurring with Keats that "A thing of beauty is a joy forever," the **Milestone** has captured forever some of the natural loveliness that abounds at Eastern, but too often goes unnoticed.

Governor Breathitt Promotes Interests of Higher Education

As governor of the Commonwealth of Kentucky, Edward T. Breathitt has been a driving force in the improvement of education. February 26, 1966, Governor Breathitt signed into law House Bill 238 redesignating Eastern as Eastern Kentucky University. He attended the spring Founder's Day Program to help jointly commemorate the new university status and to observe the sixtieth anniversary of the institution. In his address the governor traced the founding of Eastern to the present and projected Eastern into the future by disclosing the new responsibilities which accompany university status. The honorary Doctor of Laws Degree was conferred upon him at the program.

Governor Breathitt's legislative experience began in 1951 when he was elected to the State House of Representatives, serving three terms and acting as a member of the Public Service Commission. Since his election as governor in 1963, education in Kentucky has made great advances. Many appropriations for construction have been procured by Eastern and other educational institutions in the state.

Edward T. Breathitt, Governor of the Commonwealth of Kentucky.

Arriving on campus for the dedication of the renovated John Grant Crabbe Library, Governor Breathitt stands at attention while "My Old Kentucky Home" is played by the ROTC band.

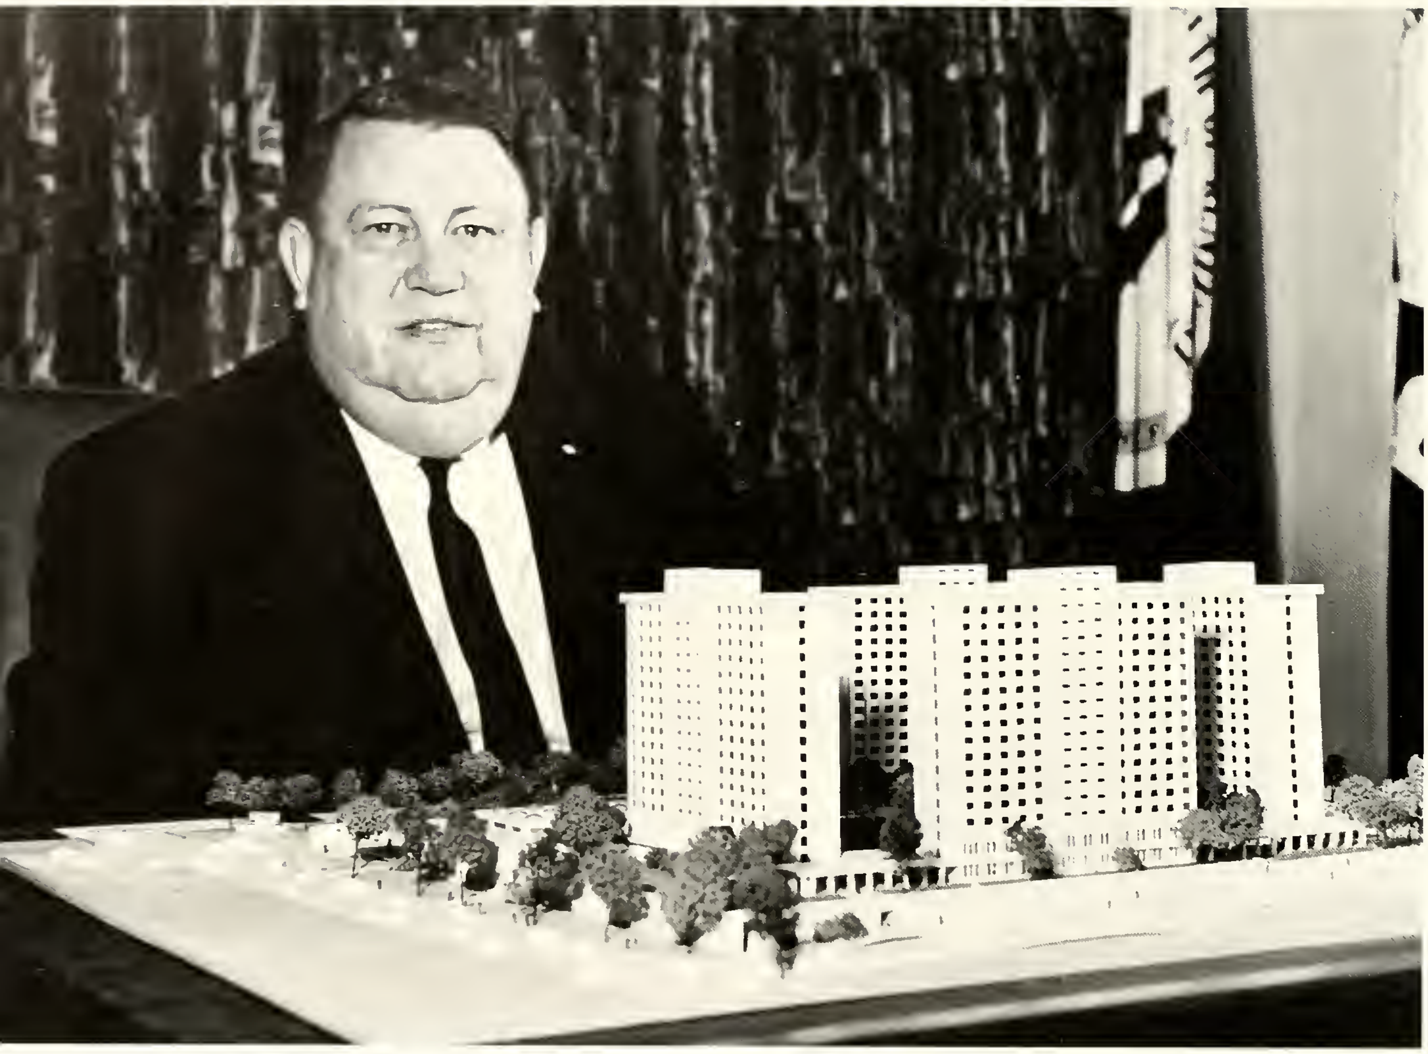
Board of Regents—left to right: Durham Howard, Earle B. Combs, Sidney W. Clay, Henry M. Sparks, Wilson Palmer, F. L. Dupree, (not pictured) Russell Todd.

Eastern's Future is Mapped By the Board of Regents

Eastern's Board of Regents, as the governing body of the institution, approved university status ten days after House Bill 238 was passed by the state legislature. Additional plans were made for the growth of the institution by the passage of President Martin's recommendation that Eastern be reorganized into five colleges and a graduate school. The academic program was enlarged with the authorization of new graduate programs at the master's degree level in English and history. The Board also urged full speed toward further expansion of both graduate and undergraduate programs.

The Board of Regents consists of six members, all highly successful citizens appointed by the Governor for four-year terms. As Superintendent of Public Instruction, Dr. Harry M. Sparks, serves as ex-officio chairman of the Board. Earle B. Combs, Richmond, serves as Vice-Chairman and President Martin is the executive officer of the Board.

Dr. Russell Todd takes part in the ground breaking ceremonies for the Burrier Home Economics Building.



President Martin considers the model of one of Eastern's newest building programs, the women's dormitory complex.

President Martin Steers Vigorous University Growth

Dr. Robert R. Martin, the first Eastern graduate to serve as president of the institution, completed his seventh year as the sixth president of Eastern Kentucky University. During these years, Eastern has undergone a virtual revolution—one multi-million-dollar building after another, fantastic student enrollments (the student body has nearly tripled since 1960), the largest faculty with many and diverse degrees and experience, and a dynamic curricula which is under constant study and reorganization. The graduate program is being expanded not only to meet the need for graduate work in subject matter fields, but to strengthen the teacher education work at the graduate level.

This spring he toured Yugoslavia as a representative of the United States to study educational systems in that country and to make recommendations for improvement.

Selected Kentuckian-of-the-Year in 1964, President Martin was the first recipient of the Outstanding Alumnus Award from Eastern in 1956.

The granting of university status last year was due largely to President Martin's dedication to helping his alma mater attain a higher level of excellence. Realizing university status was not the climax to a successful administration, but a further opportunity for the institution to obtain greatness under the masterful leadership of the University's No. 1 Alumnus.

President and First Lady Take Part in University Activities

President and Mrs. Martin always take an active interest in Eastern's social and academic activities. Throughout the year they attend teas, concerts, athletic contests, and military affairs, as well as many other events on the campus. As mistress of Blanton House, Mrs. Martin always extends a warm and cordial welcome to students visiting their home.

Since Eastern has become a university, demands made upon the President and First Lady are now greater than ever before. Despite their busy schedule, the Martins take a personal interest in all phases of Eastern's life.

As the President and First Lady of the University, Dr. and Mrs. Martin are excellent representatives of Eastern wherever they go.

President and Mrs. Martin, accompanied by President-emeritus and Mrs. W. F. O'Donnell, frequent Alumni Coliseum as loyal Colonel fans.

President-emeritus O'Donnell Participates in Eastern's Growth

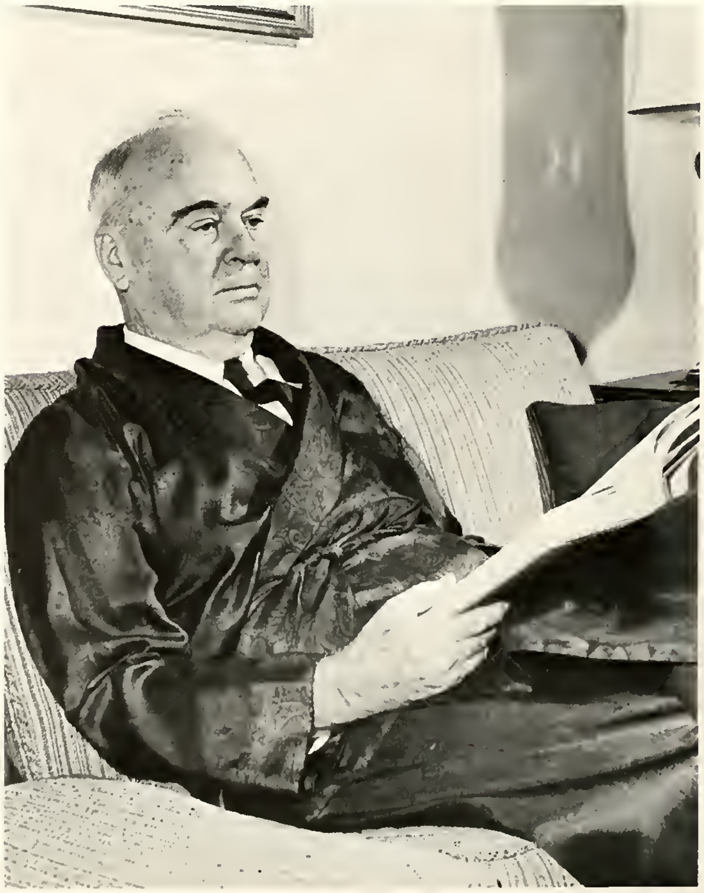
Dr. and Mrs. William F. O'Donnell hold many fond remembrances of the years they have been associated with Eastern.

Dr. William F. O'Donnell, President-emeritus, and his charming wife have proudly watched Eastern grow from a state teachers college of 981 students to a university boasting 7,972 students. They are a familiar couple to all Eastern students, for they actively participate in many functions. Dr. O'Donnell served longer than any other Eastern president, holding the chief executive's chair from 1941 to 1960.

It was during the latter stages of his administration that the solid foundation on which Eastern Kentucky University stands was established. The initial stage of the great building program of Eastern was begun during his last years.

Students and faculty alike shall always remember the O'Donnells as warm and gracious friends. Eastern cherishes Dr. and Mrs. O'Donnell as greatly as the O'Donnell's prize Eastern.

His productive years with Eastern have earned Dr. O'Donnell the luxury of quiet moments with good books.



Preparing for one of his many tours of Kentucky high schools, Executive Assistant, Mr. John Vickers checks his briefcase for pertinent material.

Executive Assistant Represents the President

Mr. John L. Vickers, Executive Assistant to the President, who also has served as Coordinator of Student Financial Assistance, works closely with the President as his official representative in many community and state functions. Mr. Vickers' duties include assisting in the recruitment of future Eastern students from Kentucky schools, and aiding with many University and community functions.

At the request of Governor Breathitt, Mr. Vickers took a seven-week leave from duty this year to become chairman of organizations for a better constitution. From his Lexington headquarters, he traveled throughout the state, handling correspondence, contacting voters to discuss the revised constitution, and directing county organizational support. The new Coordinator of Student Financial Assistance, Mr. Herbert Vescio, directs the administration of both federal and institutional financial support to Eastern students.

Left: Personal conferences are the vital link that enable Mr. John Vickers to accurately describe campus activities. **Below:** Mr. James Wombles, Administrative Assistant of the Office of Student Financial Assistance; Miss Lois Colley, Director of Student Loans; and Mr. Herbert Vescio, Coordinator of Student Financial Assistance; analyze loan applications as the initial step in granting financial assistance.

Executive Dean, Mr. J. C. Powell, reviews the University budget with Mr. Howard L. Unterbrink, Internal Auditor.

Executive Dean Supervises Dispersal of University Finance

Mr. J. C. Powell, Executive Dean, assists the President's office in the field of institutional finance. It is his duty to prepare the biennial budget which is submitted to the Council on Public Higher Education. In addition, Dean Powell has responsibility for organizing bond issues, initiating completion of building projects, preparing the internal budget of the University, supervising the audit of internal accounts and utilization of facilities of the University. Dean Powell also serves as secretary of the Board of Regents.

The Internal Auditor, Mr. Howard L. Unterbrink, audits the internal accounts and systems of the University and serves as an assistant in the office of the Executive Dean.

One of the primary responsibilities vested with the Executive Dean is the preparation of the budget request made to the Council on Public Higher Education.

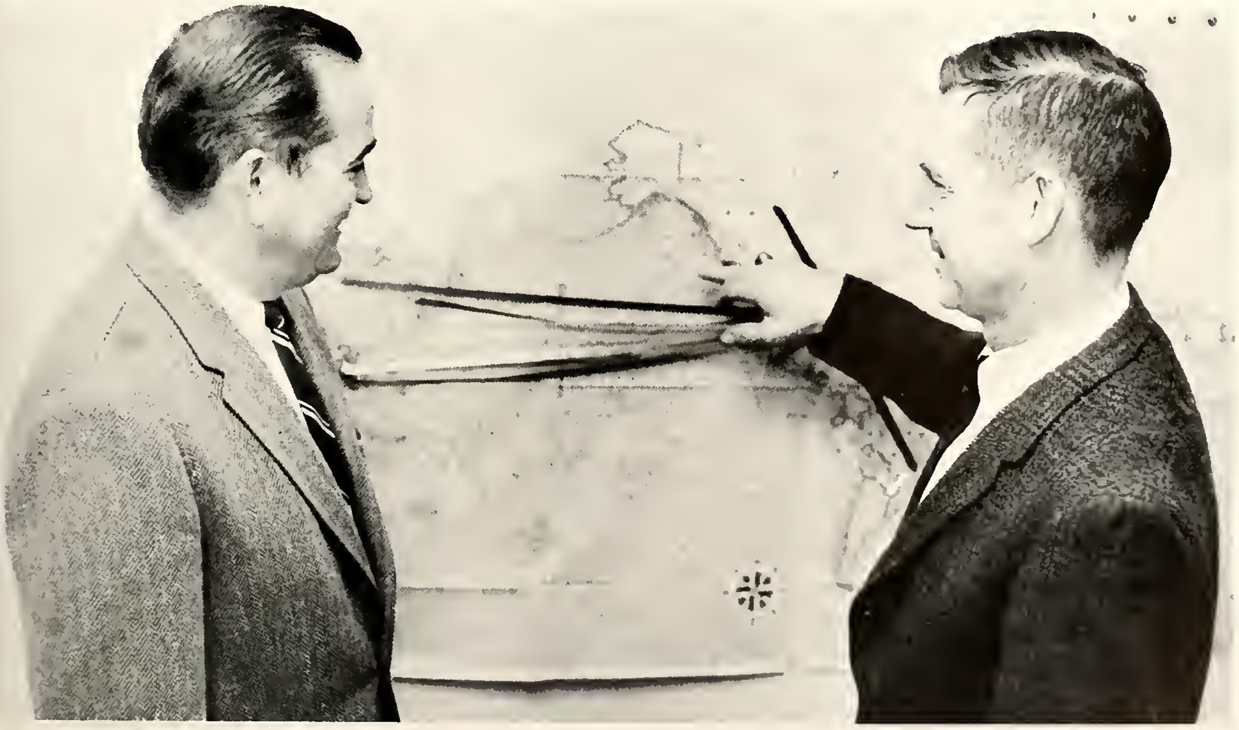
Office of Public Affairs Informs Public About Eastern's Growth

Mr. Donald Feltner, Dean of Public Affairs, heads the administrative agency charged with communicating Eastern's story to the public.

Eastern Kentucky University's image is projected to the people of the state and nation through the Office of Public Affairs. Mr. Donald R. Feltner, Dean of Public Affairs, works with the academic deans, department chairmen, and administration of the University to interpret Eastern's programs to the public via mass media and other means of communication. Dean Feltner serves as adviser to the award-winning student publications, the **Milestone** and **The Eastern Progress** and edits the official magazine of the Alumni Association, **The Eastern Alumnus,** which compares favorably with any corresponding magazine in the nation.

Directing the concerns of the 15,000 member Alumni Association, the Office of Alumni Affairs, included in the Office of Public Affairs, promotes closer bonds of fellowship among alumni by keeping them aware of Eastern's expanding structure and needs. Another responsibility of this office is the efficient operation of the University-School Relations and the Placement Service. This division conducts such functions as Band Day and recruiting of high school seniors for Eastern. The Placement Service is a free service designed to arrange interviews for meetings between students and alumni and prospective employers.

Mr. James Thurman, Director of Alumni Affairs, proudly points out the dispersal of Eastern alumni to Mr. Henry Pryse, Director of University-School Relations and Placement Service.



NEAL DONALDSON

Dean of Business Affairs, Mr. Neal Donaldson, directs all phases of the University's business activity.

Office of Business Affairs Directs Financial Activity

All financial matters concerning the University are directed by the Office of Business Affairs. Mr. Neal Donaldson, Dean of Business Affairs, is responsible to the President of the University for the proper administration of all business activities.

This office has responsibility for accounting and budgetary control, operation and maintenance of the physical plant and grounds, purchasing, data-processing, and auxiliary services, including food services, bookstore, and affairs of the Student Union Building.

In addition, the Division of Housing exercises direct control over housing assignments and supervision. The campus security, also under the direction of the Office of Business Affairs, protects the safety and property of the University and its students.

After the Moore Building's completion, the Division of Buildings and Grounds, directed by Mr. James Murphy, will be responsible for its maintenance.

Mr. G. M. Brock, Comptroller, reviews university expenditures.

Mr. Lawrence O. Martin, Director of Food Services, and Mr. Billy A. Grubbs, Director of Purchases and Stores, meet at the mail room when picking up packages for their respective departments.

Policing Eastern's campus is a twenty-four hour job for the Director of Safety and Security, Mr. Philip Cuzick.

Keeping accurate records of the institution's business transactions is the responsibility of the Division of Accounts, directed by Mr. William Smith.

Director of Housing, Col. Alden O. Hatch, is responsible for public and financial matters relating to University housing for students, faculty, and staff.

Office of Student Affairs Oversees Student Programs

Under the direction of Dr. Henry G. Martin, Vice President for Student Affairs, the Office of Student Affairs formulates policies affecting all phases of student life. This office admits and registers students to the University and keeps in contact with them through health services, orientation programs, counseling, and supervision of student activities.

Each student who enters Eastern must be admitted through the Dean of Admissions, Dr. Charles Ambrose. Mr. Leonard Taylor, Registrar, is responsible for the correct registration of students and processing of grades.

In her first year as Dean of Women, Miss Mary K. Ingles has revamped the policies affecting the social and personal lives of campus coeds. Mr. Paul Seyfrit, Dean of Men, has responsibility for student counseling, advising, and orientation programs as well as student organization activities. Included in the Office of Student Affairs are the Housing Office, both men's and women's counselors, and the Student Health Service, which expanded its services this year by the addition of a full-time university physician and renovation of the campus infirmary.

An opportunity to pause during an assiduous day is an uncommon, but welcomed, luxury for Vice President for Student Affairs, Dr. Henry G. Martin.

Concluding an activity-filled day, Dr. Charles Ambrose, Dean of Admissions, heads homeward.

Dean of Men and Dean of Women, Mr. Paul Seyfrit and Miss Mary Ingels, work together to shape student policies.

Looking over transcripts from prospective transfer students is just part of the daily routine of Mr. Leonard Taylor, Registrar.

Colonel William Stoll, Mrs. Jean Myers, and Mrs. Jeanette Crockett, directors of dormitory life, assist in establishing room assignment policies and housing rules.

Many Eastern students received their flu shots from the University Physician, Dr. Wilbur Houston.

Expert advice on career planning and club activities may be obtained from the two counselors, Mrs. Lois Hamm and Mr. Robert Hayes, and the Administrative Assistant in the Office of Student Affairs, Mr. Donald Smith.

EKU
Catalogue
1966-67

As Vice President for Academic Affairs, Dr. Thomas F. Stovall must constantly review Eastern's instructional offerings to ascertain that they are consistent with the needs of the University's expanded academic program.

Office of Academic Affairs Coordinates Educational Program

Completing his first year as Vice President for Academic Affairs and Dean of the Faculties, Dr. Thomas Fisher Stovall coordinates all phases of the educational program at Eastern. Dr. Stovall works directly with the deans of the various colleges and the Dean of the Graduate School in charting and directing the academic course of the University. Dean Stovall and the academic deans carry out programs designed to improve University instruction and learning.

Fulfilling his duties as chairman of the Council on Instruction and the Curriculum Committee, Dean Stovall maintains close liaison with the Director of Research, Dr. R. Dean Acker, the Director of Instructional Services, Mr. James Harris, and the Director of Libraries, Mr. Ernest E. Weyhrauch.

All phases of testing and research are supervised by Dr. Dean Acker, Director of Research.

Eastern's new educational television system is under the direction of the Director of Instructional Services, Mr. James Harris.

Central University

Central University College Begins Full Scale Operation

Preparation is the key word in the University College's curriculum. The college is now in its first year of preparing freshmen and sophomores for advanced work. Students gain a broad background of concepts necessary for more sophisticated study. The core of the program consists of basic courses that are flexible enough to allow adequate preparation in any of the College's fifty-one different programs, one for each phase of the major programs offered by the University.

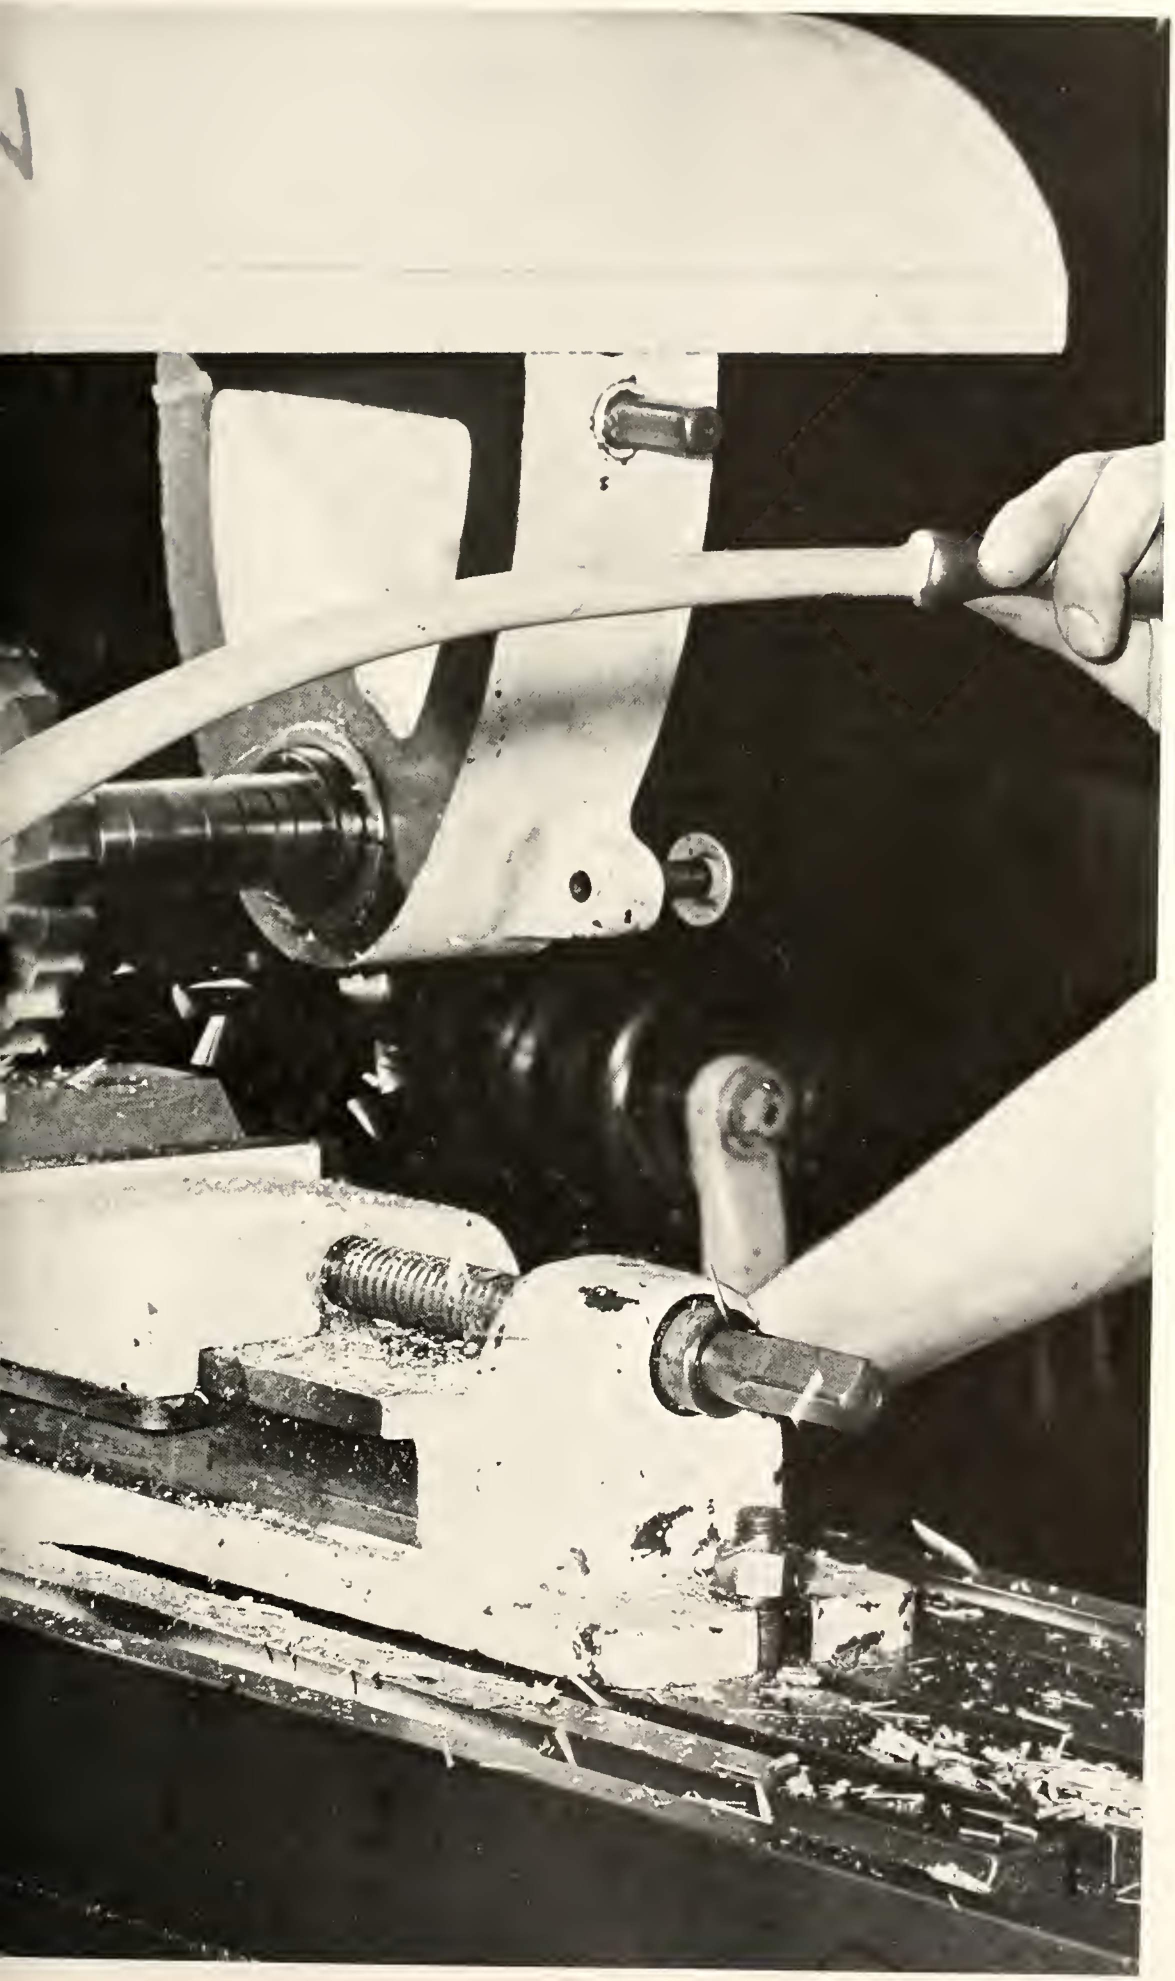
Through faculty advisers, the University College maintains personal contact with the growing student body. In this manner, its enrollees are not lost in a confusion of class schedules and computer numbers.

Students advance to one of the University's four academic colleges after successfully completing the curriculum administered by the Central University College.

Dr. Clyde J. Lewis, Dean of Central University College, earned the A.B. at Eastern, the M.A. at the University of Cincinnati and the Ph.D. at the University of Kentucky.

Mr. Wilson Seay's freshman English students gain the ability to communicate effectively in their future course work.

Thorough contemplation is required before Mr. Bently Hilton reaches an important academic decision.



Applied Arts and Technology

College of Applied Arts and Technology Adds Three New Departments

This year the College of Applied Arts and Technology increased its faculty 100 percent and added three new departments. Since last year the Kentucky School of Crafts, Kentucky Peace Officers' Standards and Training Council, and Traffic Safety Institute have been established.

Eastern's community college programs are administered and coordinated by the College of Applied Arts and Technology. Professional training is available to industrial education and home economics teachers at the graduate and undergraduate levels and to persons preparing for technical occupations.

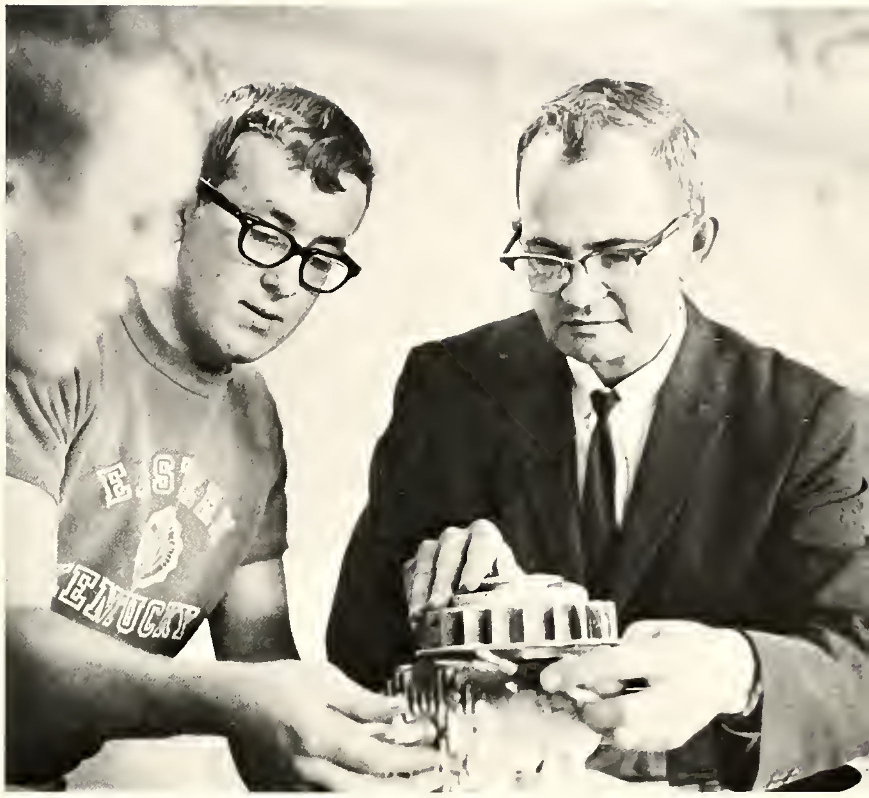
The Kentucky School of Crafts is developing a program to give resident and extension instruction to youth and adults who are interested in pursuing craft industries. Further guidance is anticipated with the establishment of pilot programs in the secondary schools of Eastern Kentucky.

Dr. John D. Rowlett, Dean of the College of Applied Arts and Technology, holds the B.S. and M.S. degrees from North Texas State College and the Ed.D. from the University of Illinois.

Dr. Jack A. Luy, Associate Dean of the College of Applied Arts and Technology, performs extensive paperwork necessary to the efficient operation of the College.

As chairman of the Kentucky School of Crafts, Dr. Kenneth Hansson is planning to initiate a two-year program for craftsmen on campus.

Dr. William Householder, chairman of the Agriculture Department, has provided for the increased interest in farm industries.



Large scale farm automation has created a demand for Mr. Glenn Hayes' instruction in the intricacies of an internal combustion engine.

Student Interest Spurs Initiation of Agriculture Major

As a result of the increased interest shown by students in the Agriculture Department, a major will be offered next fall with a minor in business. Numerous agriculture electives will enable students to concentrate on either agricultural business and farm services or farm production and farm management. Business courses will enhance the student's ability to manage a small business more efficiently in dealings with the business world. All programs stress the application of technical training in management practices.

Technical two-year programs leading to an associate degree will still be offered in the areas of agricultural mechanization, dairy science technology, and ornamental horticulture. At any time during the two-year program, the student may apply these technical courses to the four-year program without difficulty.

As this rapidly growing, enthusiastic department looks to the future, it hopes to incorporate technical livestock husbandry into the curriculum and obtain needed instructional facilities.

Precise measurement in soil content and fertilizers enable Mr. Sam Whitaker to produce healthy plants.

Dr. Marguerite Barra stresses the importance of high quality textiles in sewing.

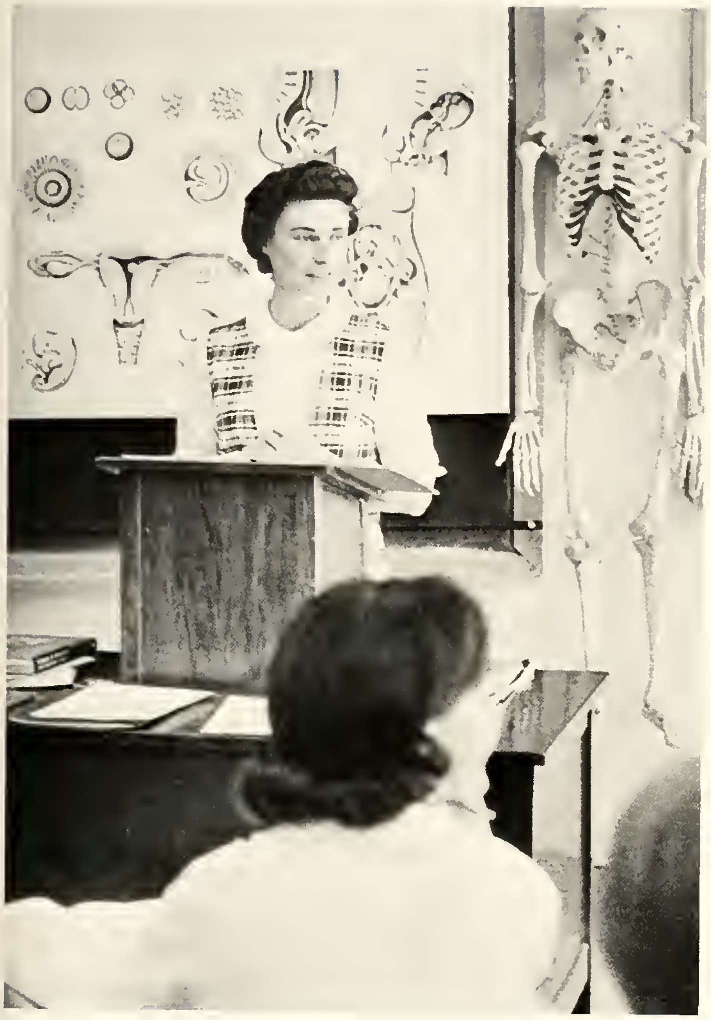
Diet Experimentation Conducted by Home Economics

Eastern's Department of Home Economics, headed by Dr. Marguerite Barra, educates the student for successful personal and family life and for a satisfying career in an ever expanding professional field. Students completing the department's curriculum can qualify for positions in the areas of cooking, clothing, nutrition and teaching. The present facilities will be improved and expanded with the completion of the Burrier Home Economics Building.

Under the direction of Dr. Effie Creamer, the Advanced Nutrition and Nutrition for the Elementary Teacher classes are conducting an experiment on the influence of diet on the growth and well being of rats. This experiment enables the elementary teacher to show a child the effect of a good and poor diet on their own health. The rats are put on a specific deficiency diet until malnutrition symptoms appear. Recovery or adequate diets are administered in order to demonstrate that the rats will recover if they eat a proper diet. The students keep daily records of food intake, weight gain, and weight loss.

Students in Dr. Effie Creamer's nutrition classes observe the daily changes in food intake, weight gain, and weight loss in their rats.

Dr. Tommie Montgomery conducts a discussion on factors which contribute toward developing a well adjusted family.



Above: Mrs. Marion Berge instructs nurses on the functions and processes of the reproductive systems. **Below:** Knowing correct procedures for taking care of patients is stressed by Mrs. Ione Pettingill.

Dr. Major Fanjoy, chairman of the Nursing Department, keeps abreast the changing methods of nursing.

Department of Nursing

Confers First Degrees

In completing its second year at Eastern, the Department of Nursing strives to combine general education into a two-year collegiate environment. Future nurses develop their potential as individuals, citizens in a democratic society, and practicing members of the nursing profession. Students completing this course of instruction are eligible to take the State Board Examination. Those candidates who successfully pass this examination will be certified as registered nurses.

The first class of Eastern's nursing program, directed by Major Bertha Fanjoy, will receive the Associate of Arts Degree in Nursing during the spring commencement exercises. Graduates are prepared to draw upon a background of scientific and humanistic understanding in nursing care.

Mr. Ralph Whalin examines the variety of jointing techniques which can be used on a single project.

Specialized Areas Extended By Industrial Education

Industrial teacher preparation for positions in schools across the nation is the primary goal of the Industrial Education Department. Three other professional programs are available. Specialized areas permit concentrated study in technical fields, while a comprehensive area provides a broad pattern of courses covering various phases of the industrial arts field.

Manual Arts Therapy is a medically prescribed program of vocationally significant activity for sick and disabled patients. Therapists are prepared with a broad background in industrial education with emphasis on the crafts. Latent abilities are discovered and endurance is developed for vocations appropriate to the patient's disability. Rehabilitation goals are established by observing patients' physical and mental reactions and skill potentials.

Extensive equipment and advanced technical knowledge are available to those students interested in industrial education. Present facilities will be enlarged upon the completion of the Burrier Home Economics Building next year.

Mr. Jon Botsford demonstrates the use of a machinist's square in checking the dimensions of an aluminum cube.

Mr. Willard Swinford illustrates how to draw a support bracket for his technical drawing class.

Mr. J. Homer Davis assists his general metalworking students in forming sheetmetal wastepaper baskets.

Before students begin initial projects in woodworking, Mr. Richard Boller explains the parts and uses of a plane.

Dr. William Sexton, chairman of the Industrial Technology Department, studies the lines and dimensions of a student's blueprint.

Preparing himself for the Job Orientation Clinic, Mr. Hugh Gilliland reads up-to-date information concerning basic industrial principles.

Mr. Francis Clark points out the finer details of gaining perspective in technical drawing.

Department of Technology Meets Industrial Needs

Study in the occupational areas of electricity and electronics, drafting and design, and printing advances students in the Department of Industrial Technology to the Bachelor of Science or Associate of Arts degrees. Anticipating future specialization, the department has added industrial illustration to its curriculum.

Further advancements include the development of a job orientation clinic in cooperation with the Appalachia Educational Laboratory in Charleston, West Virginia. This project, conducted by Dr. Daniel Torbett and Mr. Hugh Gilliland of the Industrial Technology Department, seeks to ease the transition from school to employment for rural youths. The development of materials and techniques is of prime concern in job orientation procedures.

Mr. Robert Posey points out various divisions and subdivisions of the police organization with their specified responsibilities and functions.

New techniques and methods of police patrol learned in Mr. Albert Bowman's Patrol Systems class encourage improved law enforcement.

First Development Grant Received by Law Enforcement

Offering the only law enforcement degree program in Kentucky, Eastern's School of Law Enforcement received the first development grant made under the Law Enforcement Assistance Act of 1965. Mr. Robert Posey, director of the School, is in charge of the development project sponsored by a Department of Justice grant from the Office of Law Enforcement Assistance. The funds provide broad support of the law enforcement curriculum including scholarships and acceleration of the program.

The current program provides highly specialized training in law enforcement plus broad general education. Specialization is possible in four fields: general law enforcement, juvenile, corrections, and industrial security.

Mr. Robert Stone, Executive Director of the Peace Officers' Standards and Training Council, served as a Special Agent of the Federal Bureau of Investigation for twenty-four years.

Eastern Advances Quality In Law Enforcement

Beginning as a national first, the Kentucky Peace Officers' Standards and Training Council was established at Eastern in September, 1966, under the Law Enforcement Assistance Act of 1965. Because it was already sponsoring the only School of Law Enforcement in Kentucky, Eastern was selected by Governor Breathitt to sponsor the program. The Council strives to upgrade law enforcement throughout Kentucky. It is part of a three-stage program: setting up an organization to provide minimum standards and training, establishing courses leading to degrees in Police Science, and forming Governors' Planning Commissions for the Administration of Criminal Justice.

This fifteen-member panel, headed by Executive Director Robert Clark Stone, was appointed by the Governor. Members of the Council include Colonel James E. Bassett, Director of the Kentucky State Police, as chairman; Herbert D. Sledd, Lexington attorney, as vice chairman; Robert Matthews, State Attorney General; law enforcement officials, and other prominent Kentuckians.

Institute Created to Encourage Traffic Safety

Eastern's Board of Regents approved the establishment of the Traffic Safety Institute in October, 1966, as a unit of the College of Applied Arts and Technology.

Its main concentration is training personnel for implementation of Kentucky's motor vehicle inspection act and educate its enrollees in methods to decrease the growing number of deaths on the nation's highways. Director of the Institute, Mr. Leslie H. Leach, will coordinate research, public service, and instruction including driver education courses, courses developed in conjunction with occupations related to highway safety, and consultant services to help identify and eliminate traffic problems.

Before his appointment as director of Eastern's Traffic Safety Institute, Mr. Leslie Leach served as superintendent of the Barren County school system.

Inventions happen; they are not made.

Industrious Seniors Start New Year

DONALD DOUGLAS BAKER, Big Laurel
B.S. Industrial Technology. Pershing Rifles; AUSA; Industrial Arts Club; Milestone; Jackson County Club.

JEWELENE BANKS, Whitesburg
B.S. Home Economics. Home Economics Club; Young Republicans; BSU; Messiah.

RICHARD THOMAS BANNISTER, Paris
B.S. Industrial Technology. Track.

STEVEN KENNETH BOTWICK, Monsey, New York
B.S. Industrial Arts. Industrial Arts Club.

ALICE ANN BRADLEY, Perryville
B.S. Home Economics. Home Economics Club; YWCA.

JIMMIE LEE CARTER, Harlan
B.S. Home Economics.

BETTY JO CARUTHERS, Elizabethtown
B.S. Home Economics.

JAMES DAVID CAWOOD, Middlesboro
B.S. Industrial Technology.

JAMES B. CAYWOOD, JR., Paris
B.S. Industrial Arts. Industrial Arts Club.

JANICE LAMARR CORNETT, Skyline
B.S. Home Economics. Home Economics Club; WRA.

MARION ALVIN COX, LaGrange
B.S. Industrial Technology.

MAROW WILSON COX, JR., Corbin
B.S. Industrial Arts. Photo Club; Industrial Arts Club.

JAMES CARLTON CROUCH, Shelbyville
B.S. Industrial Arts. Industrial Arts Club; AUSA; Shelby County Club, Vice President.

JOYCE ELAINE FIELDS, Hazard
B.S. Home Economics. Home Economics Club; SNEA; Young Republicans.

JOSEPH ROBERT FOREMAN, Jeffersontown
B.S. Industrial Arts.

LYNNE HART FUSON, Middlesboro
B.S. Home Economics. Home Economics Club, Treasurer; SNEA; Clay Hall House Council, Secretary.

MELLEAVEE WALTERS GARDNER, Salyersville
B.S. Home Economics. Home Economics Club; Magoffin-Wolfe County Club.

ALICE JEAN GRUNER, Crestwood
B.S. Home Economics. Wesley Foundation, Treasurer, Vice President; Young Republicans, Corresponding Secretary.

WILLIAM E. HALL, Louisville
B.S. Industrial Technology.

LINDA LOU HANSFORD, Somerset
B.S. Home Economics. Pulaski County Club; YWCA; Home Economics Club, President.

WILLIAM RODNEY HEDGES, Hubbard, Ohio
B.S. Industrial Arts. Industrial Arts Club; Sigma Chi Delta, Secretary; Junior Class, Treasurer; Senior Class, President; Men's Inter-Dorm Council.

LARRY DAVID HOBSON, Pekin, Indiana
B.S. Industrial Arts.

ANNA LAURA HORN, Tomahawk
B.S. Home Economics. Home Economics Club; Young Republicans.

WAYNE FRANCIS HYNDMAN, Stratford, New Jersey
B.S. Industrial Arts. Newman Club.

CHARLES RICHARD HOBBS, Beattyville
B.S. Industrial Arts. Industrial Arts Club.

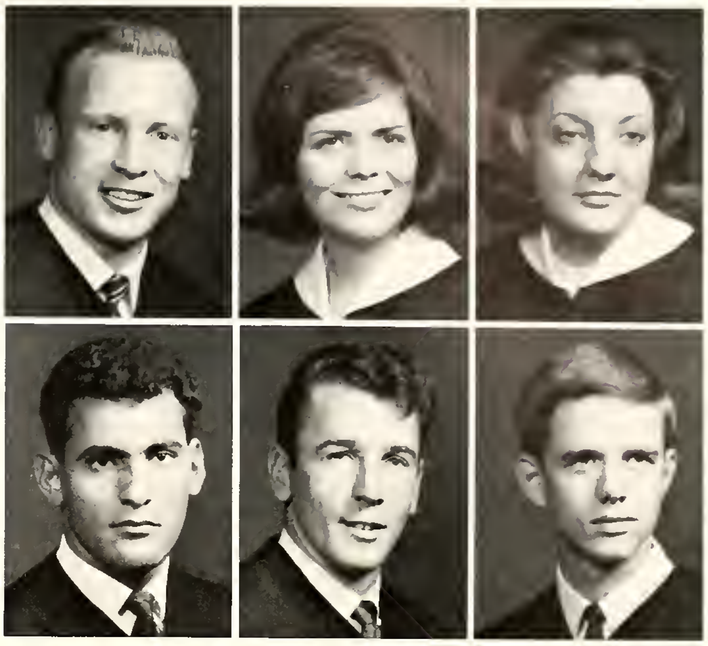
WANDA MAE JOHNSON, Louisville
B.S. Home Economics.

JUDITH ELAINE JORDAN, Mount Vernon
B.S. Home Economics.

BASHIR I. KHALIL, Jerusalem
B.S. Industrial Arts. Industrial Arts Club.

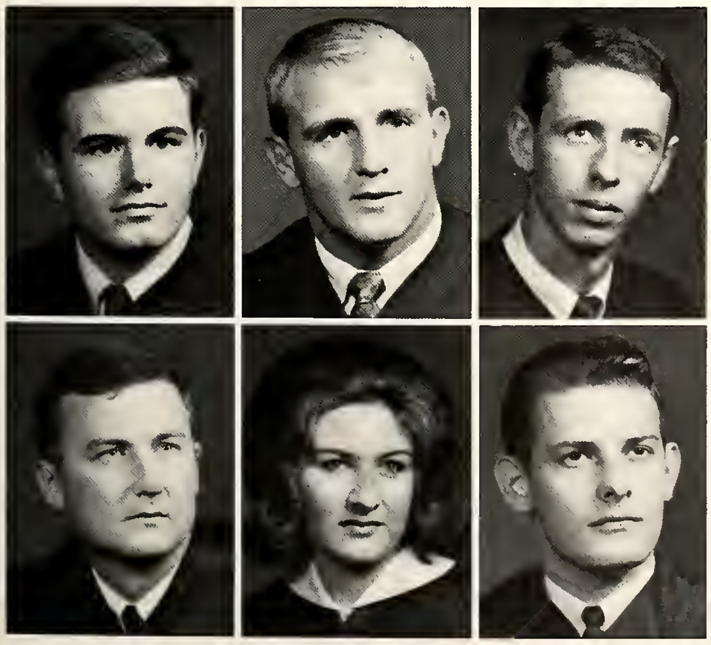
RONDALL KING, Turkey Creek
B.S. Industrial Arts, Polymathologist Club; Industrial Arts Club; SNEA; Young Republicans.

JAMES CONN LESTER, Danville
B.S. Industrial Arts. Industrial Arts Club.



A final touch to a home economic mastery.

Seniors



CHARLES ROLAND LYONS, Fort Thomas
B.S. Industrial Arts.

MICHAEL FRED McCLELLAN, Miami, Florida
B.S. Industrial Arts, Industrial Arts Club; "E" Club.

CHARLES WILLIAM McDOWELL, JR., Middletown, Ohio
B.S. Industrial Technology. Messiah; Westminster Fellowship, Treasurer; OAK; Sigma Chi Delta.

LARRY PAUL McLEOD, Pensacola, Florida
B.S. Industrial Technology. Industrial Arts Club; Alpha Chi Lambda.

JUDY LOU PATRICK, Middlesboro
B.S. Home Economics. Young Republicans.

EUGENE MILTON PENN, Walton
B.S. Industrial Arts. Industrial Arts Club, Treasurer.

LOU PIECZONKA, Cincinnati, Ohio
B.S. Industrial Arts. Young Republicans; PEMM Club; Industrial Arts Club; "E" Club; Baseball.

LINDA VIRGINIA RISLEY, Radcliff
B.S. Home Economics. SNEA.

HAROLD REED RUSSELL, Albany
B.S. Industrial Arts. SNEA; KIE; Industrial Arts Club, President.

JAMES THOMAS SCHANDIG, Winchester
B.S. Industrial Arts. Industrial Arts Club.

JUDY KAY SEARS, Somerset
B.S. Home Economics. Home Economics Club, Secretary; BSU; YWCA; Pulaski County Club.

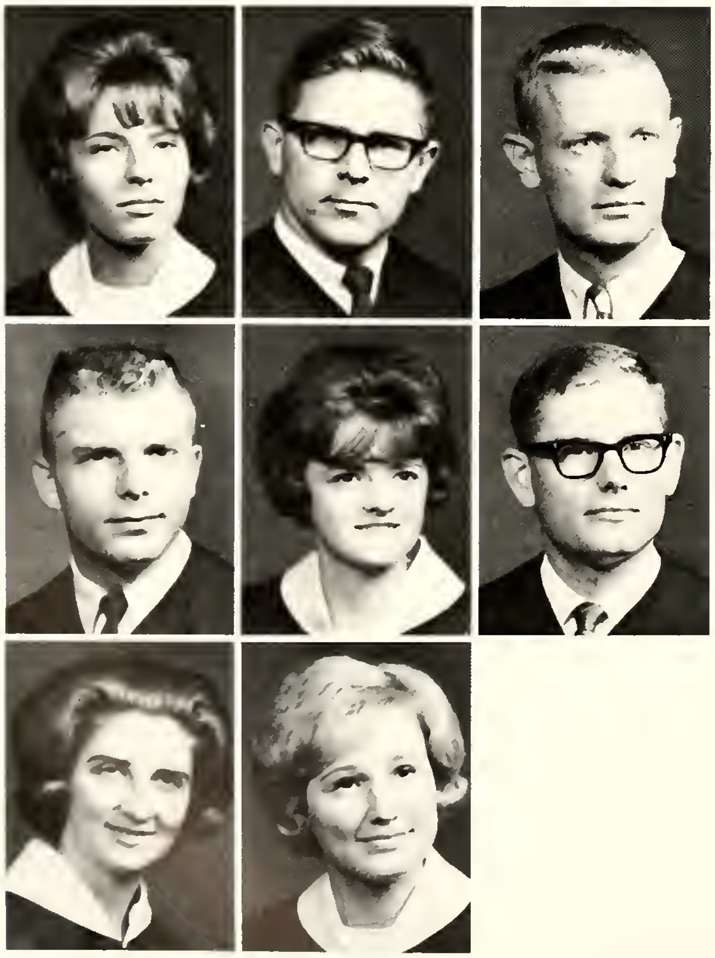
GARY EDWARD SHIREMAN, Brandenburg
B.S. Industrial Technology and Mathematics. Industrial Arts Club.

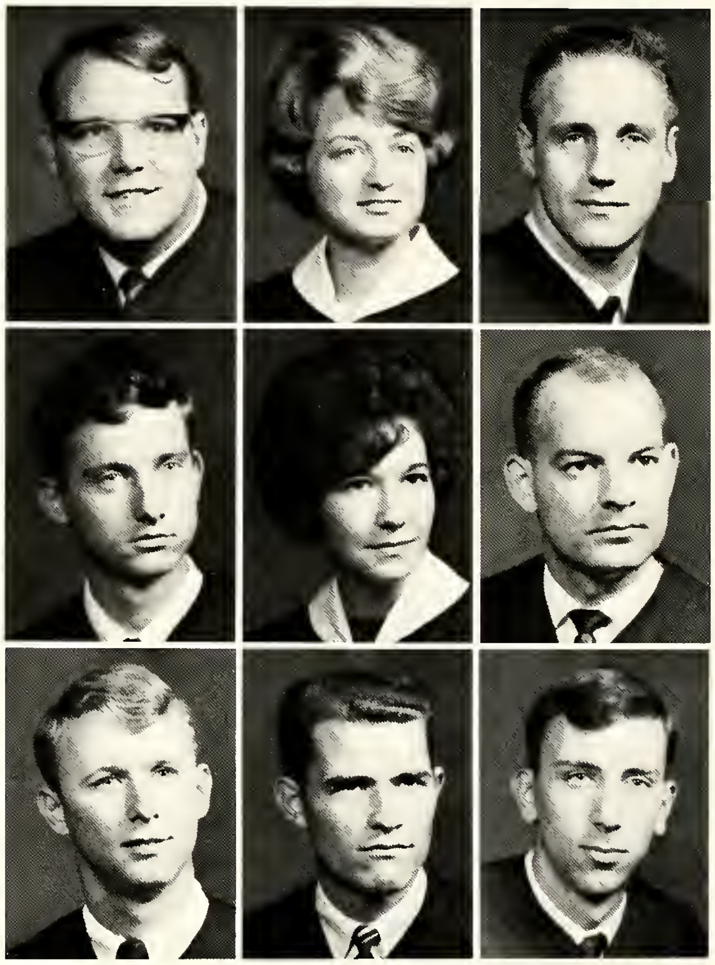
WILLIAM T. SIMPSON, JR., South Fort Mitchell
B.S. Industrial Technology.

DANNY WAYNE SMITH, Carlisle
B.S. Industrial Arts. SNEA, Vice President; Wesley Foundation; Scabbard and Blade; Industrial Arts Club.

JAMES MARION SMITH, Shelbyville
B.S. Industrial Arts. Industrial Arts Club; Shelby County Club, President.

Seniors





LARITA A. SPOONER, Northville, Michigan
B.S. Home Economics. Home Economics Club; Episcopal Canterbury Club.

JAMES RAY STICE, Louisville
B.S. Industrial Technology. Industrial Arts Club.

FRED MORRIS TANKERSLEY, Lexington
B.S. Industrial Arts.

DENNIS LEON TREADWAY, Barbourville
B.S. Industrial Arts. Industrial Arts Club; Counter-Guerrilla Raiders.

ALICE ANN TURLEY, Paris
B.S. Home Economics. SNEA.

DAVID KEITH WAGONER, Carlisle
B.S. Industrial Arts. Wesley Foundation, Treasurer, President; Pi Tau Chi, Treasurer; Industrial Arts Club; SNEA.

DORTHY ANN WALKER, Junction City
B.S. Home Economics. Home Economics Club, President; SNEA; Collegiate Pentacle; Kappa Delta Pi; Newman Club.

PATRICIA DIANE WEBBER, Grayson
B.S. Home Economics. Home Economics Club; SNEA.

Arts
and
Sciences

Dr. Frederic D. Ogden, Dean of the College of Arts and Sciences, received the A.B. degree from Tusculum College and the Ph.D. from Johns Hopkins University.

As chairman of the new Department of Philosophy, Mr. Wade Marlette has introduced basic courses to Eastern students.

Humanities Elevated by College of Arts and Sciences

Eastern students obtain a basic liberal education from the College of Arts and Sciences. Supplying an enriched preparation for their future endeavors in an advanced cultural setting, the college offers opportunities for study to all the students of the various academic colleges.

Last fall work in philosophy was introduced to Eastern at the undergraduate level. Expansion of course offerings will enable a minor to be established in Fall 1967. In addition, the Sociology Department will introduce a sequence of courses in social work which will enable students to major in sociology with an emphasis in social work. This program was created by the need to fill positions with the poverty programs. Increased cultural offerings include introductory courses in Greek which will be made available under the auspices of the Foreign Language Department.

Graduate programs will be initiated next fall in biology and music education to meet the continued growth of the University.

In his first year as department chairman, Dr. Robert Sanders lays future plans for the Anthropology and Sociology departments.

New Dimension Added to Anthropology and Sociology

Students obtain a greater understanding of the dynamic social world in which they live from courses offered in the Department of Anthropology and Sociology. The department, headed by Dr. Robert H. Sanders, has received opportunities from the National Science Foundation, National Foundation on the Arts and the Humanities, and the Office of Economic Opportunity for the purpose of increasing its instructional resources. New equipment and further development of current programs are anticipated.

Beginning in the summer session, a new dimension will be added to the University's curriculum, a program designed to provide undergraduate training in social work. This field of study, which has been evaluated as superior, will become a permanent offering under the auspices of the Department of Anthropology and Sociology.

Mr. Richard Swartzbaugh presents a detailed description to his Introductory Anthropology class.

Illustrative gestures contribute to effective presentations by Mr. Joel Horowitz.

Dr. Daniel Shindelbower, chairman of the Art Department, gives a helping hand to a potential artist in his charcoal drawing class.

Mr. D. Dean Gatwood offers advice in achieving quality in a special ceramics procedure.

Eastern Students Cultivate Art Abilities

In order to keep pace with the rapidly changing society, the Department of Art undergoes continual change on the basis of staff recommendations at the end of each semester. In addition to the traditional fields of painting and drawing, sculpture is being expanded to include a three-phase program of three dimensional design and modeling by the constructive and subtractive processes. The subtractive process includes carving wood and stone while the constructive process now includes welding. For the first time, students will be able to sculpture by casting.

The crafts curriculum is gaining increased recognition in the Art Department. Four of the best pottery wheels in the nation now facilitate ceramics projects. This year courses in crafts such as enameling, metal smithing, and jewelry were made available to students.

The department's art gallery is gaining extensive use. The exhibitions consist of all forms of art produced by Eastern students, faculty and talented artists, and artists from other schools, made possible through an exchange program.

Miss Juanita Todd assists her students in applying the subtractive sculpture process.

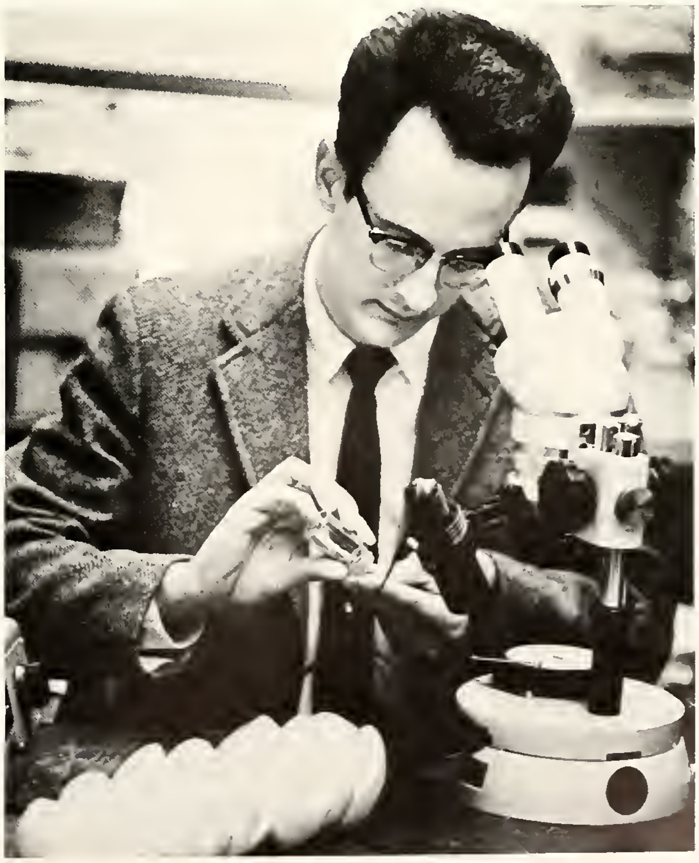
Dr. H. H. LaFuze makes his plant science lectures meaningful by taking advantage of the teaching facilities supplied in the Grise Room.

Biology Department Focuses Interest on Research

Stimulating a greater awareness of existing forms of life, the Biology Department, under the guidance of Dr. H. H. LaFuze, instigated a new technique for relating necessary information to undergraduates. An audio-tutoral lab, the only one of its kind in the state, was introduced in the freshman biology classes. Through its use tapes and lectures, as well as directions for experiments, are conveyed to the student.

Graduate studies have been broadened, especially in the area of research. Experimental laboratories offer study in the fields of physiology, histology, anatomy, morphology, radiation biology, systematics, and ecology. Animal rooms, environmental control areas, isotope storage, a greenhouse, and instrument room are available for experimental purposes.

Left: Using the spectrophotometer, Dr. Sanford Jones determines the quantity of materials in chemical reactions. **Below:** Experimental variation in mice teeth is given intensive study by Dr. James Wallace.



Dr. Branley Branson and Dr. Donald Batch test the temperature of control tanks in connection with their ecological investigation of Kentucky's Red River drainage.

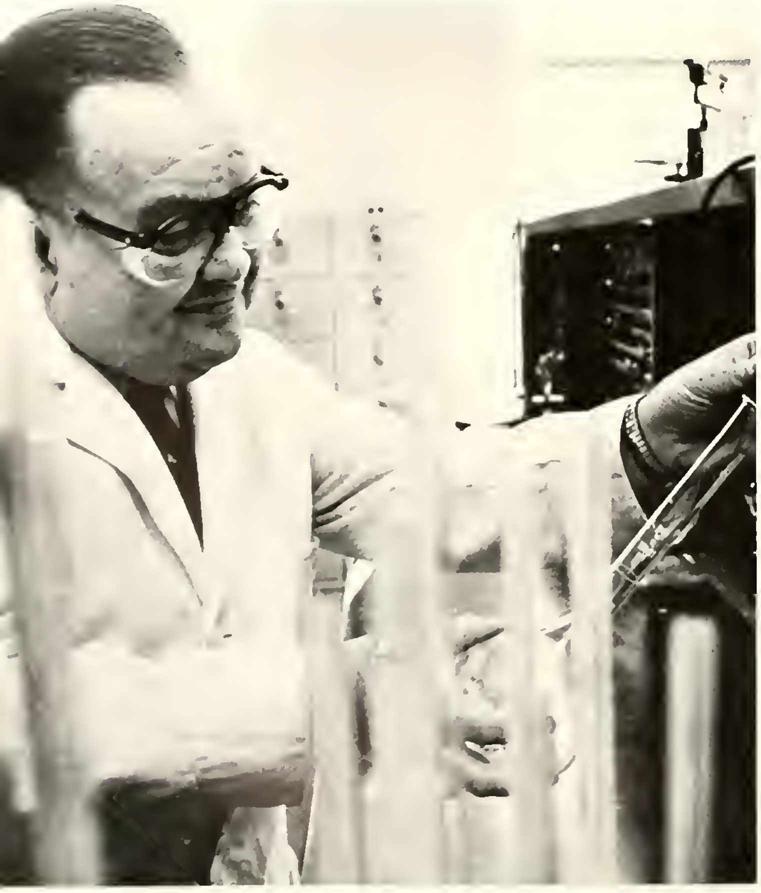
Chemistry Modernizes For Scientific Era

Continuous modernization best characterizes the aims of the Department of Chemistry as it seeks to meet the increasingly specialized demands of a scientifically oriented era.

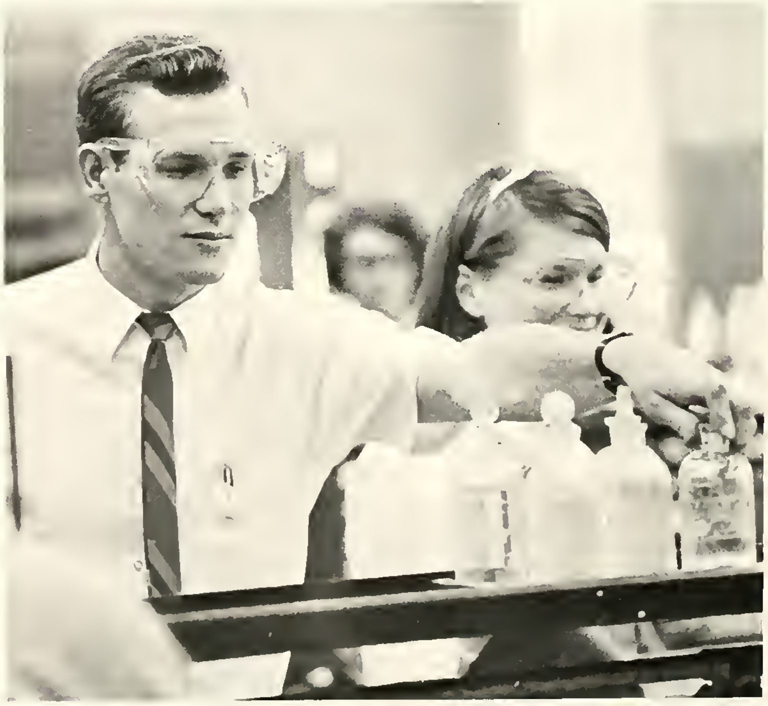
Dr. Ernest Byrn, chairman of the Department of Chemistry, details the up-dating of both the teaching and non-teaching curricula, addition of more specialized course offerings, and division of introductory courses as first in the objectives of the department. Also receiving special emphasis are research techniques, recruitment of faculty, and revamping of facilities and equipment.

A faculty of eleven, including nine Ph. D.'s strived for excellence in teaching as the primary end in the preparation of its more than 160 majors in the five specific fields of chemistry as they embark on both teaching and research careers.

Aiding a student in volumetric analysis, Dr. Jon Davidson makes sure the correct steps are followed.



Dr. Ernest Byrn cleans his Florence flask before beginning an important chemical experiment.



Assisting a coed in an experiment, Mr. Gerald Chaney points out the correct standard acid she should use.

Dr. Robert King explains the value of effective speaking to his class, Communication in Groups.

Discussing all phases of acting, Mr. Adrian Harris instructs his students on the techniques of drama.

Department of Drama and Speech Fosters Communication

Communication is the common element among all programs in the Department of Drama and Speech, headed by Dr. Robert King. The department covers a range of interests extending from the fine art of theater and oral interpretation to the science of speech pathology and audiology. Additional courses are available in public address, argumentation, and broadcasting. Growth is anticipated in the present program of speech improvement for future teachers and speech correction.

Drama facilities will be enlarged by the renovation of the Little Theatre next summer and by the completion of the University's own radio-television station. An audiometer is being purchased by the department for measuring hearing and the intensity of sound.

Excellence within the department was proven by the Little Theatre's selection as the United State's representative at the World Theatre Festival in France last year, the visit by the British debate team, and trophies won by the debate teams.

Miss Jimmie Meece demonstrates that facial expression and gestures are an important aspect of oral communication.

Making important decisions affecting the department's future is among the responsibilities of Dr. H. Edward Richardson.

English Studies Augment Preparation for Varied Fields

Under the guidance of Dr. H. Edward Richardson, the Department of English extends an opportunity for students to gain a thorough and workable knowledge of the English language. In accordance with a forty per cent increase in enrollment over last year, the department advances at both the undergraduate and graduate levels. The background provided by the English Department's curriculum enables its graduates to choose from over ten thousand possible positions.

For those students wishing to obtain a master's degree in English, there are two degrees designed for the college and pre-college teacher and one for the high school teacher. The M.A. in English and the M.A. in Education emphasize both English and education. The English Department works in cooperation with the College of Education in preparing students to meet secondary teaching requirements of twenty hours course work in English combined with ten hours of education.

Deliberate, concentrated thought is given to each of Emerson's works as it is presented by Mr. Robert Higgs.

Friendly, eager advice is a fringe benefit for students in Mrs. Janet Oldham's English classes.

American literature comes alive through Mr. Kelly Thurman's lectures and class discussions.

Mr. Arthur Mangus' literature class is sure to remember points made with forceful emphasis.

Mrs. Aimee Alexander ably aids her freshman English students to gain proficiency in their mother tongue.

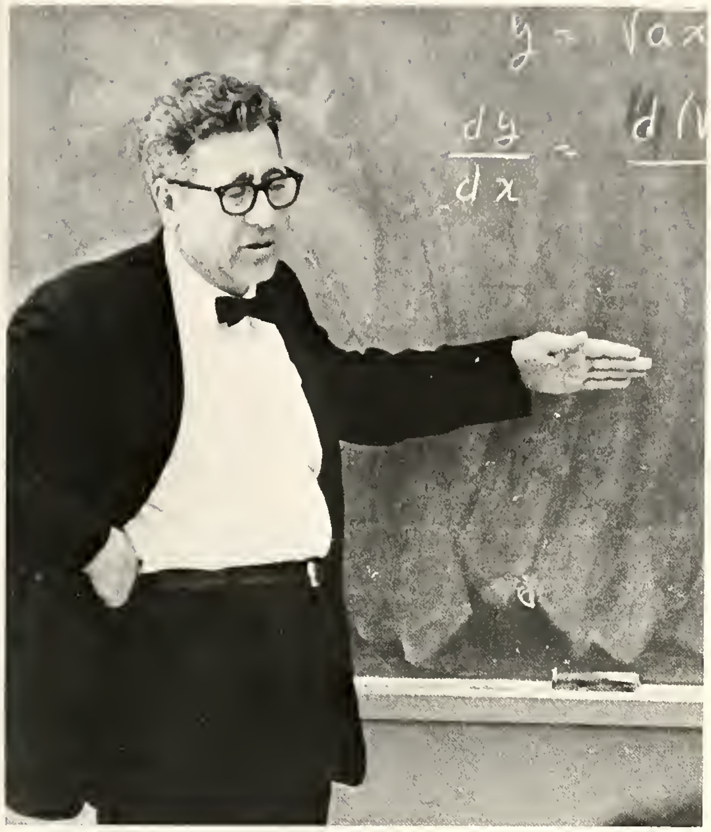
Department of Foreign Language Meets Cultural Growth

Under the direction of Dr. J. Hunter Peak, Eastern Kentucky University's Department of Foreign Language strives to meet the demands of our dynamic society. In fulfilling these demands, the department offers Spanish, French, German, Latin, and Russian. Extensive laboratory facilities assist the student in acquiring out-of-class drill necessary for attaining proficiency in speaking their chosen foreign language.

In today's ever-changing world, foreign languages enhance cultural understanding. Being able to speak another tongue is not only necessary for teachers, interpreters, and diplomats, but for every member of society. Eastern's Foreign Language Department promises to be an asset to every student's endeavors.

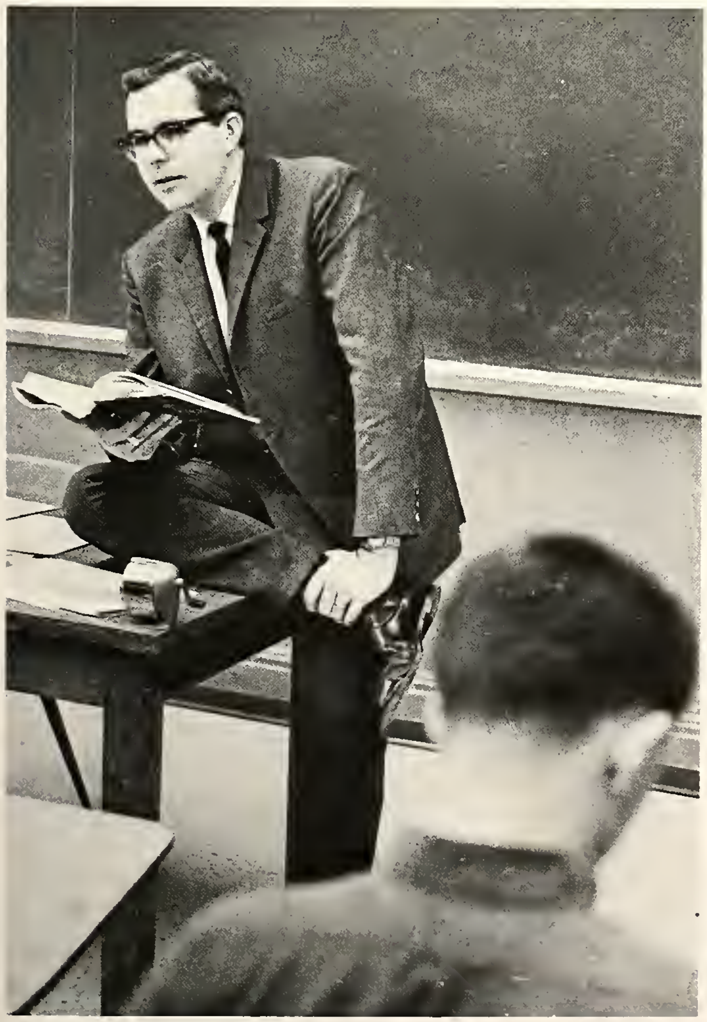
Above: Jacqueline Cross listens attentively during her French class's recitation. **Below:** So that they may be able to speak and understand a foreign language well, students must give their undivided attention when Miss Dorothy Carter conducts class.

Talented Spanish majors may receive further instruction from Dr. J. Hunter Peak through independent work in Spanish.



Explaining step by step procedures of an algebraic equation, Mr. Sydney Stephens facilitates understanding of a difficult problem.

Mrs. Carol Teague finds that the chalkboard is indispensable in explaining math problems.



Department of Mathematics Completes Curriculum Revision

Dr. Bennie Lane, in his first year as chairman of the Department of Mathematics, has directed a complete curriculum revision. The teaching and non-teaching curriculum consists of an integrated program of analytic geometry and calculus. The entire program has experienced continued expansion with the addition of new electives at the upper division level. Next fall a general education course will be taught from a cultural approach.

The Mathematics Department not only trains teachers, but also prepares students for positions in industry. New opportunities were extended to Eastern students by the introduction of data processing equipment into the program. Students gain knowledge in programming the computers to solve complex numerical analysis problems and other mathematical applications.

Dr. Bennie Lane pauses momentarily as his students work complicated problems.

Geography and Geology Expands

Under the direction of Dr. Joseph Schwendeman, the Department of Geography and Geology has revised its curricula to fulfill the demands of university status. Courses have been added and modified in order to develop a comprehensive curricula.

Two Title VI NSF Equipment Grants will enable the department to increase its basic instructional capabilities in geology and initiate a cartography program in the fall. In addition to the current programs in geography, geology, and earth science, aviation meteorology will be offered for the first time. This course will be available to anyone interested in private flying or in receiving a FAA certificate.

The **Directory of College Geography,** published by the department, is the most utilized single publication in geography. The current publication, Volume XVIII, April 1, 1967, reports courses offered, grants, and qualifications of all colleges and universities and faculties throughout the United States.

Next summer the Geography Department will host its second NDEA Institute for Advanced Study in Geography. Designed to improve background knowledge of geography teachers, it will be directed by Mr. Wayne White and Dr. J. R. Schwendeman, Sr.

Dr. Joseph Schwendeman devotes attention to the department's endless correspondence.

Dr. Dale Monsebraten relates the world of economic forces and influences to geography.

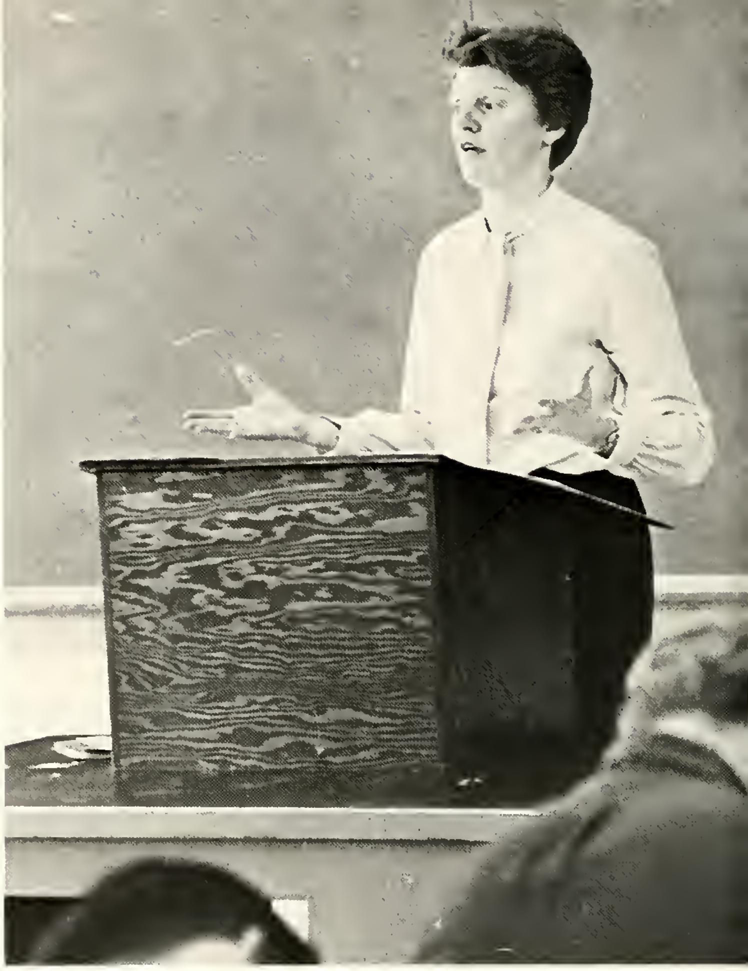
Geology lectures become more meaningful when Mr. Donald Haney gives individual assistance in identifying rock composition.

Mineralogy lecture gains significance when Mr. Denny Bearce employs specific examples.

Mr. Wayne White consults supplementary material in preparation for the NDEA Institute.

Between classes, Mr. Matthew Emerson participates in a discussion on fundamental rock formations.

Mr. Charles T. Hughes inspects the extensive swimming equipment provided for student instruction.



Dr. Ann Uhlir discusses daily the need for a healthy body.

Dancing is made simple by Miss Elaine Summa.

Expansion Characterizes Physical Education Program

Expansion in the Department of Health, Physical Education and Recreation has been achieved through combined efforts of the faculty. Curriculum revisions have accounted for additional professional and activity courses, an aspect of the program enhanced by newly issued equipment and an increased staff. A two-year associate degree and four-year degree in recreation were offered for the first time this year. Programs in correctional and recreational therapy have been developed and will be offered next year.

Non-majors and individuals not affiliated with the campus proper also benefited from the new programs. Various workshops in skill activities and professional areas of concentration were extended to students and other interested persons.

Miss Geraldine Polvino exemplifies correct golfing form for her physical education class.

Mr. Walter Sorochan stresses the different health concepts that build a sound body and mind.

ACADEMIC EDUCATION
· HEALTH ·
PHYSICAL FITNESS

Health classes receive a more meaningful understanding of the possible effect that tar and nicotine content have on the body through an experiment conducted by Dr. Thomas Myers.

Discussing current relativity of historical fact comes easy for Dr. George Robinson, chairman of the Department of History.

Nine Areas of Study Available to History Majors

Linking the past to the present in an attempt to establish depth and understanding to future projections is the purpose of the Department of History.

Successes and failures of mankind and the rise and fall of civilizations were alive in the classroom for more than 250 history majors as they traced the evolution of human society from prehistoric to modern eras.

The scope of the departmental offerings at the undergraduate level include study in English, Russian, French, German, Spanish, Near and Far East, Latin American and American history.

Offered for the first time this year was the Master of Arts Degree in History. Future plans include two M. A. programs, one with the master's thesis, the other without. Also available at the graduate level is the Master of Arts Degree in Education with emphasis in history.

A faculty of eighteen, thirteen of whom hold the Ph.D. degree, taught the discipline which in the words of T. S. Eliot embodies all manner of time: "Time present and time past are both present in the future, and time future contained in time past."

Left: Dr. Barry Fox explains the principal reasons for the fall of the Roman Empire. **Below:** Passing through the University Building, visitors have an opportunity to see Mrs. Nancy Forderhase teaching one of her history classes.

Lectures and note-taking are a way of life for students in Mr. R. E. Forderhase's history class.

Dr. Cedric Yeo finds informal discussions instrumental in understanding philosophical foundations of civilization.

Dr. Donald Lord utilizes examples of students' work in preparing prospective teachers.

Army Officers Trained by Military Science Department

Col. Everett N. Smith directs the Department of Military Science in producing junior officers for all components of the United States Army. Future service to the country is made possible through citizenship training.

At the end of the first semester, approximately one-third of the outstanding freshmen are promoted to Pfc. for special leadership training. As sophomores, they become brigade non-commissioned officers. Special preparation programs are maintained in order to ready juniors for summer camp. These courses consist of orientation instruction presented primarily by senior cadets who attended summer camp last year. Furthermore, map reading is available on a voluntary basis.

While constantly striving for excellence, the Military Science Department is seeking to improve not only course content, but methodology and training aids used in their presentation.

Congratulations from Colonel Everett Smith are in order to a Distinguished Military Student.

Capt. Lewis Dias lectures on the fundamentals of map reading.

Class discussion and visual aids enable Capt. Charles Valliant to impress current military tactics on future army officers.

Outside references enable Mr. Charles Teague to give comprehensive class presentations.

Accurately conducting laboratory experiments on the density of solid objects is facilitated by the thorough explanation of Dr. Ted George, chairman of Physics Department.

Dr. J. G. Black examines magnetic poles as they are cooled in the nuclear magnetic resonance experiment.

Physics Department Anticipates Completion of Science Building

Planned expansion into the Moore Science Building will allow the Department of Physics sufficient space to conduct experiments and lectures more effectively. Electronics, X-ray, solid state, and nuclear physics laboratories are among the planned facilities. Fourteen small cubicles in the optics laboratory will enable separate experiments to be conducted simultaneously. Two of these cubicles can be converted into photographic developing rooms. New equipment, including a one-and-one-half meter grating spectrometer has been acquired to facilitate advanced experimentation.

The physics staff is presently in the process of writing manuals for its laboratory instruction. Equipment is being designed and built by students and faculty in order to meet specific departmental requirements. Dr. Black has developed a new technique for directly measuring the acceleration of unigravity in the elementary physics laboratory producing a student accuracy level of more than 99 percent.

With the completion of the Moore Science Building, the Department of Physics will have sufficient space to conduct experiments and lectures more effectively.

Mr. Robert Riseling counts time for students taking tonal dictation in sight singing and ear training class.

Music Enhances Cultural Life

Designed to prepare students for a variety of careers, the Department of Music, headed by Dr. Andrew Broekema, offers studies in the fields of public school, college and university, private studio, and church music. A new program leading to the Master of Music Education degree will be added to the departmental offerings in Fall 1967.

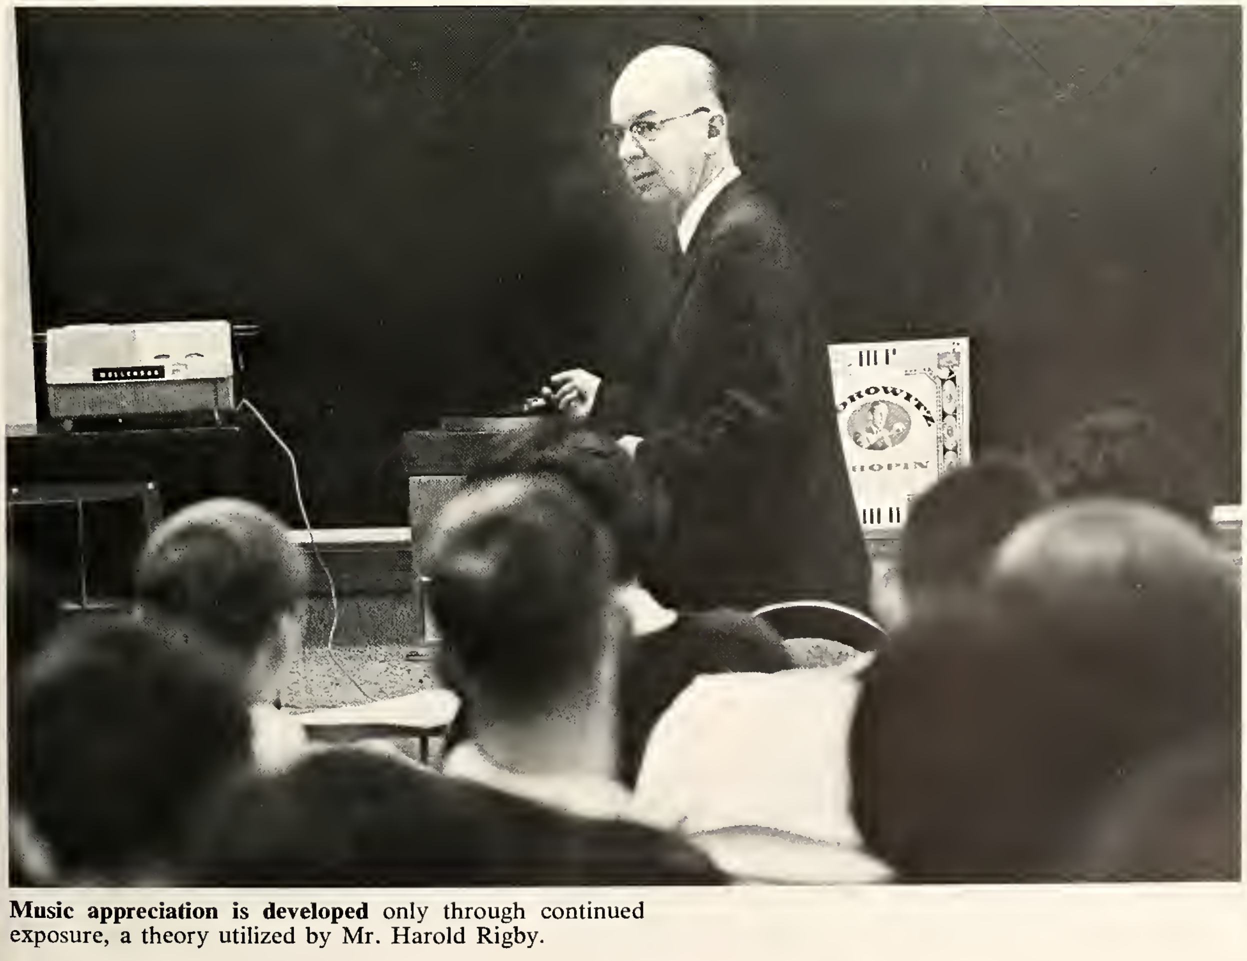
Extensive participation in University activities by students and faculty associated with the department has provided a cultural medium beneficial to the entire campus. Concert and symphonic bands, brass choir, percussion ensemble, orchestra, concert and chamber choirs, and faculty and student artists have appeared widely both on and off campus. An invitation to appear at a regional and national convention in Atlanta and St. Louis were special honors bestowed upon the orchestra and the chamber choir.

The Foster Music Camp welcomed 170 high school students for its 31st season providing four weeks of study and recreation for talented musicians. In addition to individual and group instruction, the teenagers enhanced their skills by presenting concerts and playing under the direction of outstanding guest conductors.

Dr. Andrew Broekema reviews schedules of diverse departmental activities which include a full agenda of concerts and recitals by both students and faculty.

Private lessons enhancing music students' instruction are given by Mr. Alan Staples.

Exact timing for the timpani is ensured under the direction of Mr. Donald Cooper.



Music appreciation is developed only through continued exposure, a theory utilized by Mr. Harold Rigby.

As chairman of the Department of Political Science, Dr. Dwynal Pettingill advises junior and senior political science majors.

Staff Research Heightens Political Science Program

Realizing its strategic role in the undergraduate preparation of liberal arts students, the Department of Political Science, headed by Dr. Dwynal B. Pettingill, continues to expand its curriculum to accommodate an increasing number of enrollees. New courses are being added at both the undergraduate and graduate levels.

Increased emphasis on the utilization of the library, particularly upon its becoming a depository for government documents, is another phase of the department's program. Outlines for freshman level courses are designed to aid the student in learning the techniques of library research.

Individual staff members have been involved in research projects, enhancing the reputation of the department. Dr. Se Jin Kim engaged in an analysis of the changing patterns of political socialization in Korea. Mr. Edmund Moomaw is now preparing a study of the Fourteenth Amendment to the Constitution and the interstate commerce clause.

Dr. Allen Ragen reviews a draft of his forthcoming book on Kentucky government and administration.

Providing a foundation for the study of political science, Mr. William Gerlach lectures on the American governmental system.

1966-67 Class Officers: **Pete Nowak,** Reporter; **Barb Whitaker,** Student Council; **Ron Pinsenschaum,** Treasurer; **Joe Coleman,** Student Council; **Jerri Mitchell,** Secretary, and **Bill Hedges,** President.

Class Elections Yield Active Leaders

CHARLES GERALD ADAMS, Brooksville
A.B. English. OAK; Canterbury Club; Brockton Council; KIE; Newman Club.

IRMA WOODWARD ADAMS, London
A.B. English.

WILLIAM G. ADAMS, JR., Erlanger
B.S. Physical Education. PEMM Club, Vice President; Newman Club; Student Council.

LARRY BORDERS AKERS, Louisa
A.B. Geography and Geology. ROTC Rifle Team; World Affairs Club.

JOHN M. ALFORD, Danville
B.S. Chemistry. Chemistry Club.

ERVINE ALLEN, Jackson
A.B. English.

VIRGINIA L. AMIS, Ricetown
A.B. English. Canterbury Club; Kappa Delta Pi; Collegiate Pentacle.

ART BRENT ARNOLD, Danville
B.S. Health and Physical Education. Cross Country; Track; PEMM Club.

JOE FRANKLIN ARTERBERRY, Richmond
B.S. Chemistry. Pershing Rifles; KIE; OAK; AUSA; Scabbard and Blade; Junior Class, President.

DAVID EVERETT ATKINSON, Cynthiana
B.S. Health and Physical Education.

ELLIS BAILY, Baughman
B.S. Mathematics.

JANET LEE BANKS, Carr Creek
B.S. Health and Physical Education. Drum and Sandal; PEMM Club.

RICHARD KENT BARBER, Wurtland
B.S. Health and Physical Education. PEMM Club.

MILTON KENDALL BARKSDALE, Jr., Richmond
B.S. Mathematics. SNEA; KIE; OAK; Kappa Delta Pi; BSU; Polymathologists Club, Vice President.

JOSEPH VINCENT BAROWICH, Port Vue, Pennsylvania
A.B. Social Science.

DANNY ALLEN BATES, Blackey
B.S. Health and Physical Education.

RONALD FRANK BATES, Monticello
B.S. Biology.

JOHN LOWELL BAXTER, Keavy
B.S. Chemistry.

RITA MARIE BEACH, Covington
B.S. Health and Physical Education. WRA.

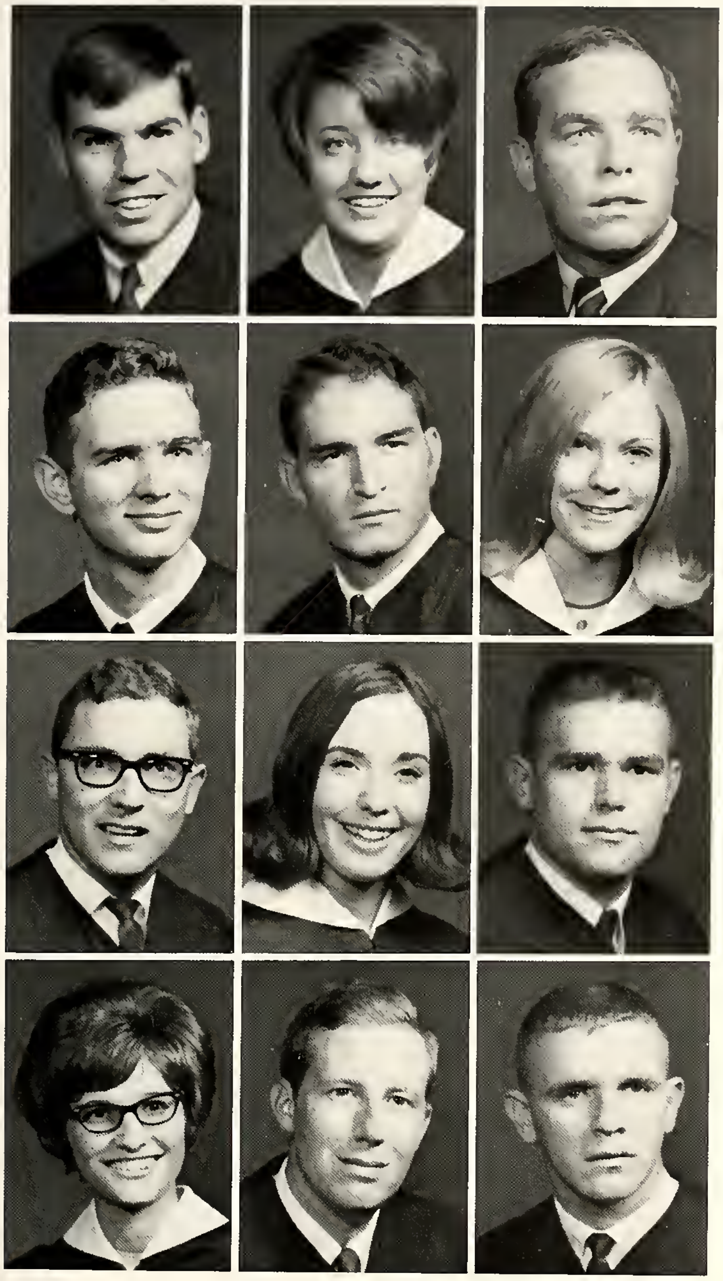
JAMES THOMAS BEASLEY, Jeffersonville, Indiana
B.S. Health and Physical Education. Track; Cross Country; "E" Club.

ANDREA SHANE BELL, Coopersville
A.B. Social Science. SNEA; Kappa Delta Pi; Young Republicans; BSU.

RONALD BENSON, Oakland, California
A.B. History. "E" Club; Track; Cross Country; Messiah.

JEFFREY GEORGE BILGER, Indianapolis, Indiana
A.B. Art. Biology Club; Kappa Pi; World Affairs Club.

PHILLIP CRAIG BILLS, Delaware, Ohio
A.B. Geography and Geology. Circle K, Secretary; Junior Class, Vice President; Westminster Fellowship; Student Council.



JAMES LARRY BLACK, London
A.B. Art. Rifle Team; Kappa Pi.

MAZIE LEE BLANTON, Corbin
A.B. History. Milestone; SNEA; Young Republicans; Kappa Delta Pi.

WILLIAM H. M. BOFFEMMYER, Lexington
B.S. Health and Physical Education.

GARNETT COLEMAN BOGIE, Richmond
B.S. Mathematics. Polymathologists; Young Republicans.

JERRY LEE BOIAN, Lexington
B.S. Biology. Caduceus Club; Biology Club; Men's Interdorm Council; KIE.

MARSHA J. BOLTON, Somerset
A.B. Music. Band; Choir; Orchestra; Pulaski County Club; CWENS.

JOHN HOUSTON BUSSELL, Paris
A.B. Political Science. Young Republicans.

DRUSELLA JEAN BUTLER, Paris
A.B. Art.

GARY DEAN CALL, Richmond
B.S. Physical Education. PEMM Club; World Affairs Club; SNEA; Young Republicans.

BARBARA BATES CALDWELL, Paint Lick
A.B. English. Canterbury Club, Secretary; SNEA.

ORIAN CLYDE CALDWELL, Somerset
B.S. Psychology.

HAROLD R. CAREY, Lexington
B.S. Health and Physical Education. PEMM Club.

Seniors

First it takes a little talent, then some knowledge and concentration to create a work of art.

MICHAEL ELDON BORDERS, South Shore
B.S. Geography.

JEANNE EGAN BOWLING, Bellevue
A.B. Art. Sullivan House Council.

ELZURAH BRASHEAR, Harrodsburg
A.B. Political Science. SNEA; ACE.

KAREN LEE BREWER, Louisville
B.S. Chemistry.

JOHN WILLIAM BRILL, Williamstown
A.B. History. OAK.

CHERYL ANN BROCK, Somerset
A.B. Art. SNEA; Pulaski Country Club, Secretary.

MILLARD FILLMORE BROUGHTON, Jr., Pineville
B.S. Mathematics.

MARJORIE SUE BROWN, Williamsburg
B.S. Biology. Biology Club.

WILLIE EVERETT BROWNING, Tollesboro
B.S. Geography and Geology. World Affairs Club.

STEPHAN LLOYD BURLEY, Sarnia, Ontario, Canada
A.B. Sociology. "E" Club; Tennis.

NORMAN JANES CARNEY, Lawrenceburg
B.S. Biology. Biology Club; Agriculture Club.

MELVYN DOUGLAS CARROLL, Fairborn, Ohio
A.B. Social Science. OAK; Young Republicans.

PHILIP RAY CARTER, Whitley City
B.S. Mathematics. Veterans Club.

ROBERT PAUL CASSITY, Paris
B.S. Chemistry. Chemistry Club, President; Student Council; CCUN; OAK; Polymathologist Club.

JAMES ROGER CASTLE, Paintsville
B.S. Biology and Chemistry. Chemistry Club; Biology Club; Caduceus Club; KIE; Young Democrats; Belles Lettres.

JAMES BECKHAM CATRON, Maysville
A.B. Political Science. CCUN.

JOANN CAUDILL, Martin
A.B. English. Collegiate Pentacle; Canterbury Club; Floyd County Club.

RAYMOND JOHN CHATFIELD, Matawan, New Jersey
B.S. Health and Physical Education. Newman Club; PEMM Club, Treasurer.

PETER J. CHENEY, Elberton, New Jersey
B.S. Health and Physical Education. Newman Club; PEMM Club.

CYNTHIA MOONYEON CHILDRESS, Lexington
A.B. Art. Milestone; Little Theatre.

RANDALL CLARK, Mount Vernon
B.S. Chemistry. Caduceus Club; OAK; KIE.

RICHARD COYLE CLARK, North Baltimore, Ohio
B.S. Health and Physical Education. PEMM Club; "E" Club; Basketball.

DOUGLAS MACARTHUR CLEMMONS, Edmonton
B.S. Health and Physical Education. Basketball.

CINDY DARLING CODELL, Richmond
A.B. English. CWENS; Kappa Delta Pi.

PHILLIP D. COLE, Lexington
B.M.Ed. Music. Band; MENC; Orchestra; Chamber Choir.

KATHRYN ANN COLEBROOK, Cincinnati, Ohio
A.B. Political Science. Collegiate Pentacle; Kappa Kappa Sigma, President; Episcopal Canterbury Club, President; Behavioral Science Symposium; Pi Alpha Theta, President; Pi Tau Chi; Student Council.

CLARENCE RICHARD COLEMAN, Cleves, Ohio
B.S. Health and Physical Education. "E" Club; PEMM Club; Baseball Manager.

LEON COLEMAN, Jamboree
B.S. Chemistry. Pike County Club, Vice President; Biology Club; Chemistry Club.

DAPHENE COLWELL, Miami, Ohio
A.B. History.

VIRGINIA PEERCY CONGLETON, Richmond
B.S. Physics. Polymathologists Club; Physics Club.

Business

Above: Dr. Joseph H. Young, Dean of the College of Business, holds the B.S. from Indiana State, the Ed.M. from Harvard and the Ph.D. from Indiana University. **Below:** Modern business equipment provides each student with the opportunity of developing his potentialities to the fullest.

College of Business Prepares for MBA Degree

This year the College of Business was authorized to offer the Bachelor of Business Administration degree in the fields of finance, management, and marketing. Further instruction in electronic data processing was made available by the introduction of the Honeywell 200 computer on campus.

The curriculum of the College is designed to provide professional education for careers in all fields of business and to develop an intellectual understanding of a citizen's role in a rapidly changing technological society. Success is proven by the eagerness of recruiters for graduates of these programs.

Beginning with the fall semester 1967, the College will offer courses leading to a Master of Business Administration Degree. Graduate assistantships, coinciding with the new degree, will be made available by departments within the College.

Mr. Thomas Pearson ends a long day by preparing an outline for the next day's classes.

Economics Department Unique In Dual Credit Offering

In its second year of operation, the Department of Economics plays a unique role as an organized unit in both the colleges of Business and Arts and Sciences. Pursuit of a degree in either college involves nearly the same curriculum; however, students in Arts and Sciences are not required to take the business core offerings.

Under the guidance of Dr. Donald Shadoan, the department aims at teaching basic economic principles that can be applied throughout life. Economics, as applied to business and cultural problems, can be of chief benefit when related to personal experiences.

New graduate courses are planned for next year in cooperation with the new masters degree program in Business Administration.

Students listen attentively as Mr. Parker Gowing leads an interesting class discussion in determining factors of cost control.

Dr. Donald Shadoan stresses the importance of economic theory in his classes.

Accounting Department Provides Two Preparatory Programs

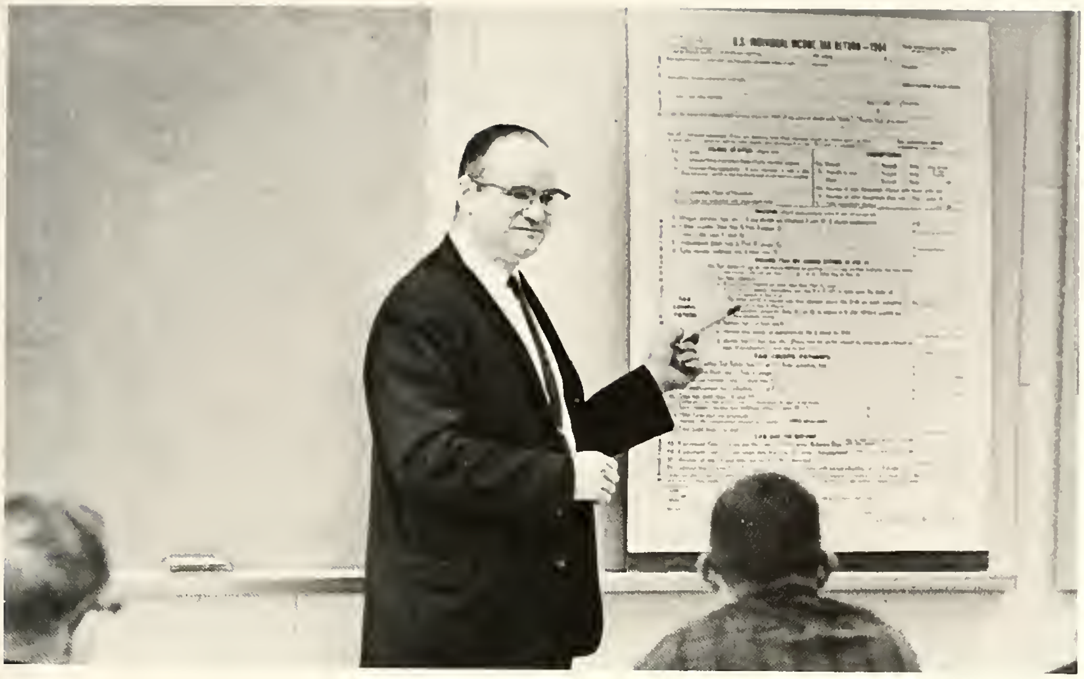
Accounting is becoming an increasingly important field not only for the future accountant but also for the individual who desires to keep accurate personal records. More and more students are taking accounting courses from different fields. Eastern's Accounting Department, headed by Mr. Claude Smith, boasts six CPA's plus professors with practical accounting experience in the business world.

In addition to the principles of accounting offered to all business majors, the Accounting Department has two programs available. The professional program seeks to prepare students for the CPA certificate, while the industrial program prepares students for careers without the CPA designation.

In conjunction with the Master of Business Administration Degree, a concentration in accounting will be available next fall.

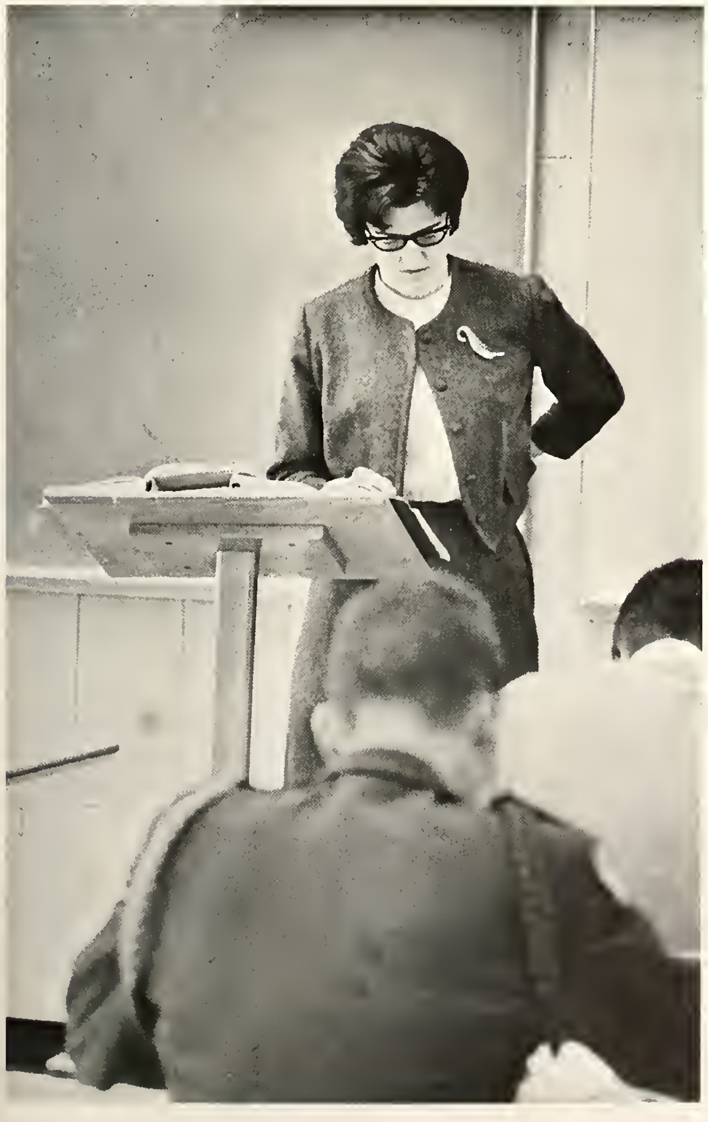
Above: Using the overhead projector to aid instruction, Mrs. Joyce Greeley explains the intricacy of an accounting worksheet. **Below:** Students in cost accounting learn in Mr. Robert Brown's class to departmentalize manufacturing expenses.

Through explanations, Mr. Kenneth Griffith's cost accounting class facilitates comprehension of accounting principles.



Complicated income tax forms are made easy to understand and complete after an extensive explanation by Mr. Claude Smith, department chairman.

Enlightening students in the basic principles of accounting is Miss Jane Offutt's primary objective.



Accountant's legal responsibilities are reviewed by Mr. Jerry Beard's class as he moderates class discussion.

Business Broadens Scope

Bachelor of Business Administration Degrees are now available in the fields of general business, finance, marketing, and management. The Business Department, headed by Dr. George Miller, also added a two-year program in data processing leading to an Associate of Arts Degree.

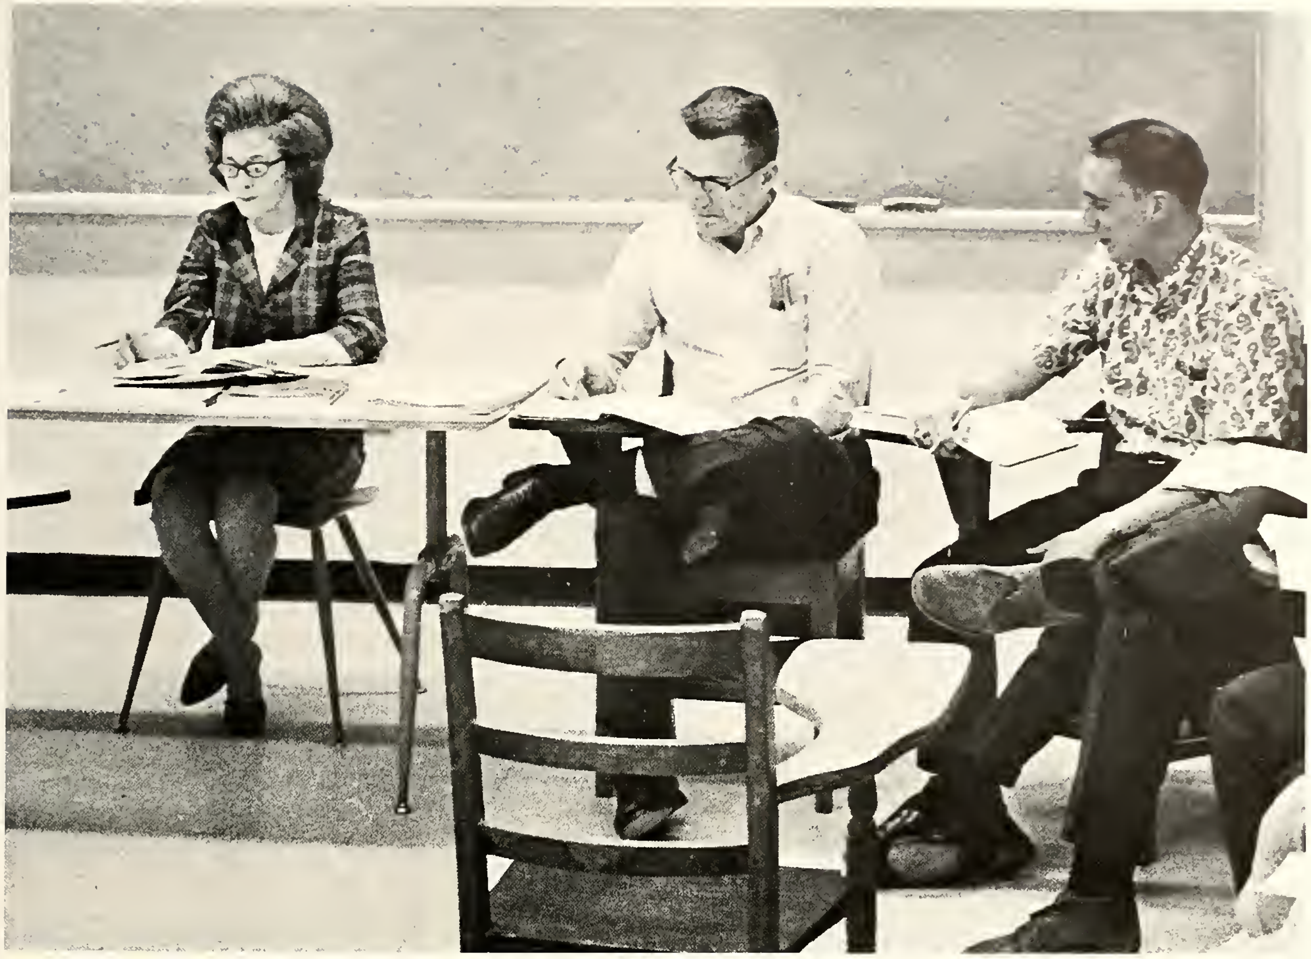
In the future, the general business degree will assume the proportions of the elite approach to graduate studies in that it will expose the student to a broad scope of management science. The management concentration will be divided into two options. One will lead to a specialization in personnel management and industrial relations while the other leads to specialization in production management. Finance has been expanded to include concentrated study in the fields of financial institution and portfolio management. Marketing has been expanded to include distribution management.

All of the new programs have been planned by the department with the anticipation of accreditation by the American Association of College Schools of Business.

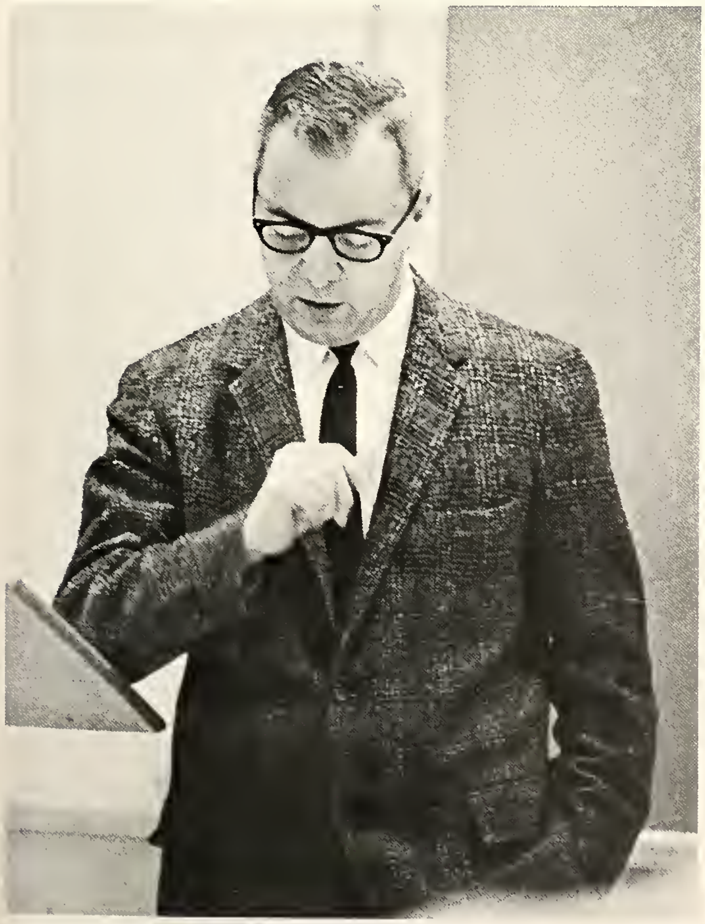
Mr. Kermit Patterson takes attendance and associates names and faces by using the class cards at the beginning of the semester.

Future business executives are prepared for managerial appointments by Dr. George Miller, chairman of the Business Department, in his Human Relations in Business class.

Mr. Howard Zach listens attentively to questions on operating data processing equipment.



Student participation is an important aspect of Dr. Emogene Hogg's management class.



Left: Deep concentration is given to all of Mr. Robert Hungarland's well-planned class discussions. **Below:** Dr. Norvaline Hale glances at her notes before beginning the day's lecture.

In addition to being chairman of the Business Education Department, Dr. Alfred Patrick devotes much time to gathering background information for future lectures.

Acquiring correct typing techniques is facilitated by individual instruction given in Mr. John Dunham's typing class.

Business Education Trains Capable Teachers and Secretaries

Business teacher development is the primary interest of the Business Education Department, headed by Dr. Alfred Patrick. Teachers are trained either to teach all business subjects or to specialize in the fields of general business, accounting, and secretarial practice. In addition, the department trains qualified secretaries in one- and two-year secretarial programs. Recently a four-year non-teacher secretarial program was added to the curriculum. This program is designed to offer professional courses to future secretaries who require skills in filing, typewriting, shorthand, and letter composing. Further training is available in office machine operation and computer programming.

The department is equipped with a shorthand laboratory and has recently acquired a controlled reader which presents typing and shorthand material at a specific rate of speed. An individual research project is being conducted by Dr. Alfred Patrick to ascertain the relationship between shorthand writing accuracy and transcription accuracy. The results will suggest possible improvements in teaching techniques.

Above: Miss Jo Nell Jones demonstrates the unique capabilities of modern business machines. **Below:** Stenographers build their transcription skills as Miss Soporo Gray dictates business letters.

Education

New Division Added to College of Education

Through the College of Education, Eastern continues its long interest in and commitment to the teaching profession. Both in-service and pre-service teachers are given an opportunity to improve their teaching effectiveness by special workshops, conferences, and institutes. Each department within the college is greatly expanding its scope. A new major is to be offered in library science; psychology is developing a master's degree program; an undergraduate research training program is being made available; and pre-student teaching laboratory experiences are being expanded. The departments are developing and cooperating in federal projects relating to education.

The Division of Health, Physical Education, and Recreation has recently been transferred from the College of Arts and Sciences to the College of Education. It is now offering new two- and four-year recreation programs.

Dr. Dixon A. Barr, Dean of the College of Education, received the B.S. from Ball State University and the M.A. and Ed.D. degrees from Teachers College, Columbia University.

Dr. Florence Stratemeyer, Eastern's Distinguished Professor of Education, uses her abundant teaching experiences to enrich the instruction gained by students in Human Growth and Development classes.

Dr. J. Dorland Coates, Associate Dean of the College of Education, lays a solid foundation for future teachers in his methods classes.

Miss Ethel Sams suggests possible teaching techniques to buzz sessions in her elementary methods class.

Mr. T. L. Arterberry relates extensive background material on secondary education to students in his fundamentals class.

Laboratory Experiences Extends Strong Program

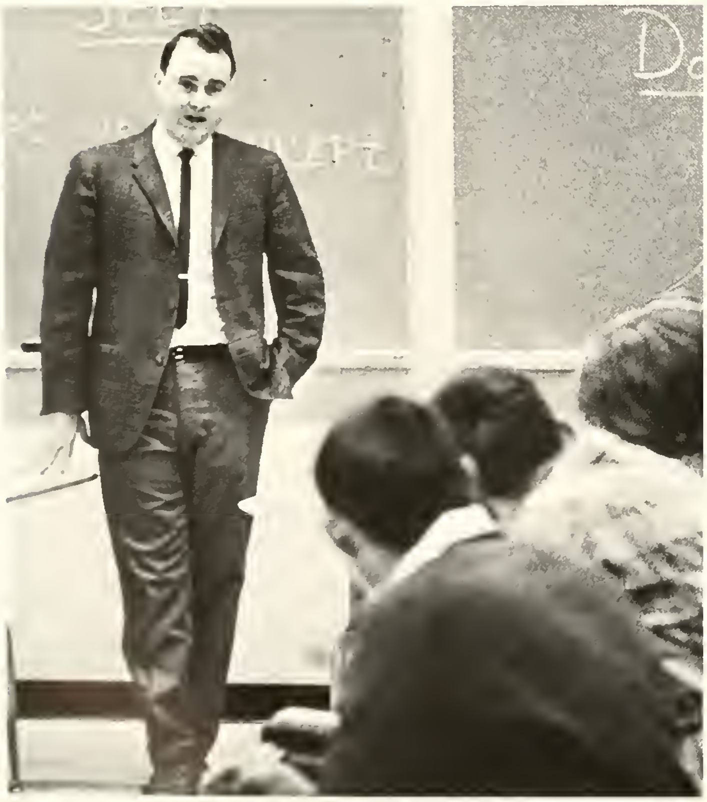
Eastern's Department of Professional Laboratory Experiences assigns more student teachers than any other college or university in Kentucky. However, student teaching is only one facet of this strong teacher preparation program. The department, headed by the Associate Dean of the College of Education, Dr. J. Dorland Coates, provides both pre- and post-student teaching experiences.

Future teachers become acquainted with all phases of the teaching profession. Courses are designed to give a responsible approach to classroom teaching through experience in organizing materials, developing various teaching methods, and constructing curricula. Child behavior and development are observed and discussed in order to give students a richer insight into the teacher-learning situation. Additional courses are offered to meet the needs of experienced elementary and secondary teachers who have taught on a full-time basis.

Through relating her own experiences, Mrs. Cacus Flesher makes the rewards of teaching more significant.

planning for

Dr. W. C. Jones helps his students take their first step in the teaching profession, Education 202.



Mr. Donald Mills conveys the development of self-concept.

Dr. Wheeler relies on personal examples to further enhance class discussion.

Education Enlarges Graduate Studies

Elementary teacher development is the primary responsibility of the Department of Education. In cooperation with the College of Applied Arts and Sciences, College of Arts and Sciences and College of Business, professional coursework is offered to the prospective secondary teacher. At the graduate level, study and certification is available in teaching, guidance, administration, and supervision. The department is continuing to develop broader programs at the graduate level and expand professional education courses at the undergraduate level.

The reading clinic of the Education Department offers extensive service to children and to University students through development of remedial reading programs. The clinic not only provides teachers with a background to help their students with all reading problems, but examines children's reading deficiencies. Non-credit service courses are available to Eastern students who require improvement in reading and study skills.

A new undergraduate research training program in educational measurement, evaluation, and research design will be initiated in the summer. The program is designed to prepare potentially able undergraduates enrolled in teacher education for a profession which would include educational research.

Examination and verification of all curriculum contracts is only one of the many responsibilities of Dr. Eddie Ort, chairman of the Department of Education.

Dr. Robert Byrne, Director of the Reading Clinic, assisted by Mrs. Ann Algier, presents new approaches to reading instruction.

Reaction time to a visual stimulus is measured on the visual choice reaction timer by Dr. Darwin Newton.

Department of Psychology Probes Psychic Phenomenon

Upon completion of its first year as a major program, the Psychology Department, headed by Dr. Darwin Newton, is endeavoring to prepare students with a thorough comprehension of the psychology field. Future employment opportunities center around teaching, counseling, and social work.

As the psychology department experiences extensive advancement, several new apparatus have been acquired for demonstration in general psychology classes and for applying basic fundamental principles in psychology laboratories.

Faculty members are conducting individual research projects. Dr. Darrell Dobbs is studying the nature of feeling and personality characteristics relating to college success and to the ideal teacher. Decision making in probabilistic situations is being researched by Dr. Frank Murry in order to determine how people make decisions.

Mr. Frank Murry explains the significance of the area lying under the normal curve between the indicated scale values.

Expressive attention is given by Dr. Darrell Dobbs when his students pose pertinent questions.

Above: Young People's Literature, taught by Miss Juanita Phillips, includes instruction on the selection of books for the adolescent. **Below:** Miss Betty Hatfield provides information for satisfactory use of library resources in her reference class.

Library Science Will Become Major Program

This year the Department of Library Science moved into its quarters in the newly renovated John Grant Crabbe Library. In order to produce more qualified librarians, the Department of Education will initiate a major program in September 1967. Students who complete eighteen hours can be certified by the State Department of Education as librarians. At the graduate level, students will be able to get a Master of Arts in Education Degree with a major or an emphasis in library science.

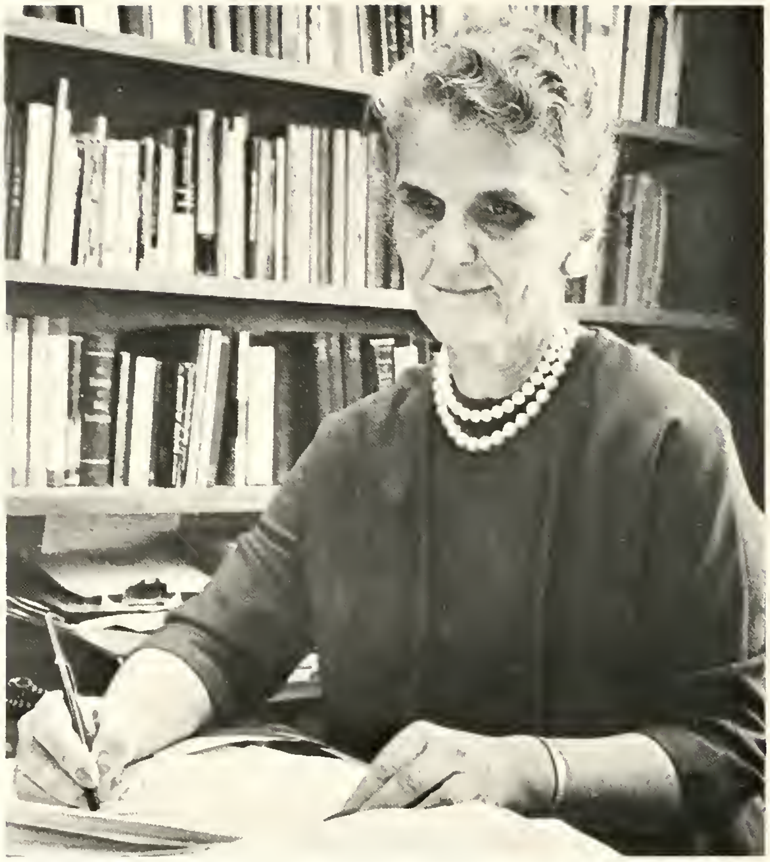
The majority of graduates go into school library work. Certification in all twelve grades is possible by taking education courses in reading and curriculum problems at the elementary and secondary level. Practical experience is gained from library practice during the student teachers' laboratory experience.

As Director of Libraries, Mr. Ernest Weyhrauch is responsible for overseeing the multiple facilities of the expanded John Grant Crabbe Library.

Model Expands Science Lab, Library and Music Facilities

Dr. Helen Reed. Professor of Education, assumed the role of acting director of Model Laboratory School this year. Model's thirty-three full-time instructors provide a high quality program to its 654 pupils and serves as a center for prospective and in-service teachers. Closed-circuit television connects the laboratory school with the professional education classes in the Bert Combs Building.

Since 1961 Model Laboratory School has been housed in the Donavan Building. It is comprised of a nursery, kindergarten, special education classes, two sections of grades one through nine, and one section of grades ten through nine, and one section of grades ten through twelve. Included in the present expansion program will be doubled library space, a junior high school science laboratory, a new chorus room, and a playground for nursery and kindergarten children.



Dr. Helen Reed assumes the challenging task of directing faculty and students at Model.

Above: Mr. Carl Hurley meets the challenging mind of his students as he explains the operation of a plane. **Right:** A friendly assist by Mrs. Susie Hayes always awaits her students.

Helping students prepare for their reports is all in a day's work for Miss Ruth Rankin.

Graduate School

Dr. Byno Rhodes makes The Age of Dryden, Pope and Johnson live in his graduate seminar class.

Dr. James Stull explains one of the concepts necessary to understand educational sociology.

Mr. John Gaskins frequently emphasizes techniques necessary to gain student cooperation in guidance and counseling.

Graduate School Exemplifies University's Growth

In cooperation with the four academic colleges, the Graduate School provides course offerings leading to the Master of Arts in Education degree, to Rank I certification for elementary and secondary teachers, and to the Master of Arts and Master of Science degrees in academic disciplines. Studies are designed for elementary and secondary teachers, supervisors, guidance counselors, public school librarians, reading specialists, college-level instruction, and foundation for doctoral degrees.

This year graduate study was offered in history, English, chemistry and guidance for non-school personnel for the first time. Next fall the Master of Science in Biology, Master of Music Education and Master of Business Administration will be initiated.

Graduate and research assistantships are available to resident graduate students who are in residence through the academic year.

Dr. LaRue Cocanougher, Acting Dean of Graduate School, is completing his first year as Dean for Continuing Education. His responsibilities encompass administering all correspondence work and off-campus courses as defined by the Council on Instruction and approved by the Administration.

Dr. LaRue Cocanougher, acting Dean of the Graduate School, received the M.A. and Ed.D. from George Peabody College.

Dr. Sarah Francis relates knowledge to interested graduate students about appropriate procedures for the teaching of developmental reading in the elementary school.

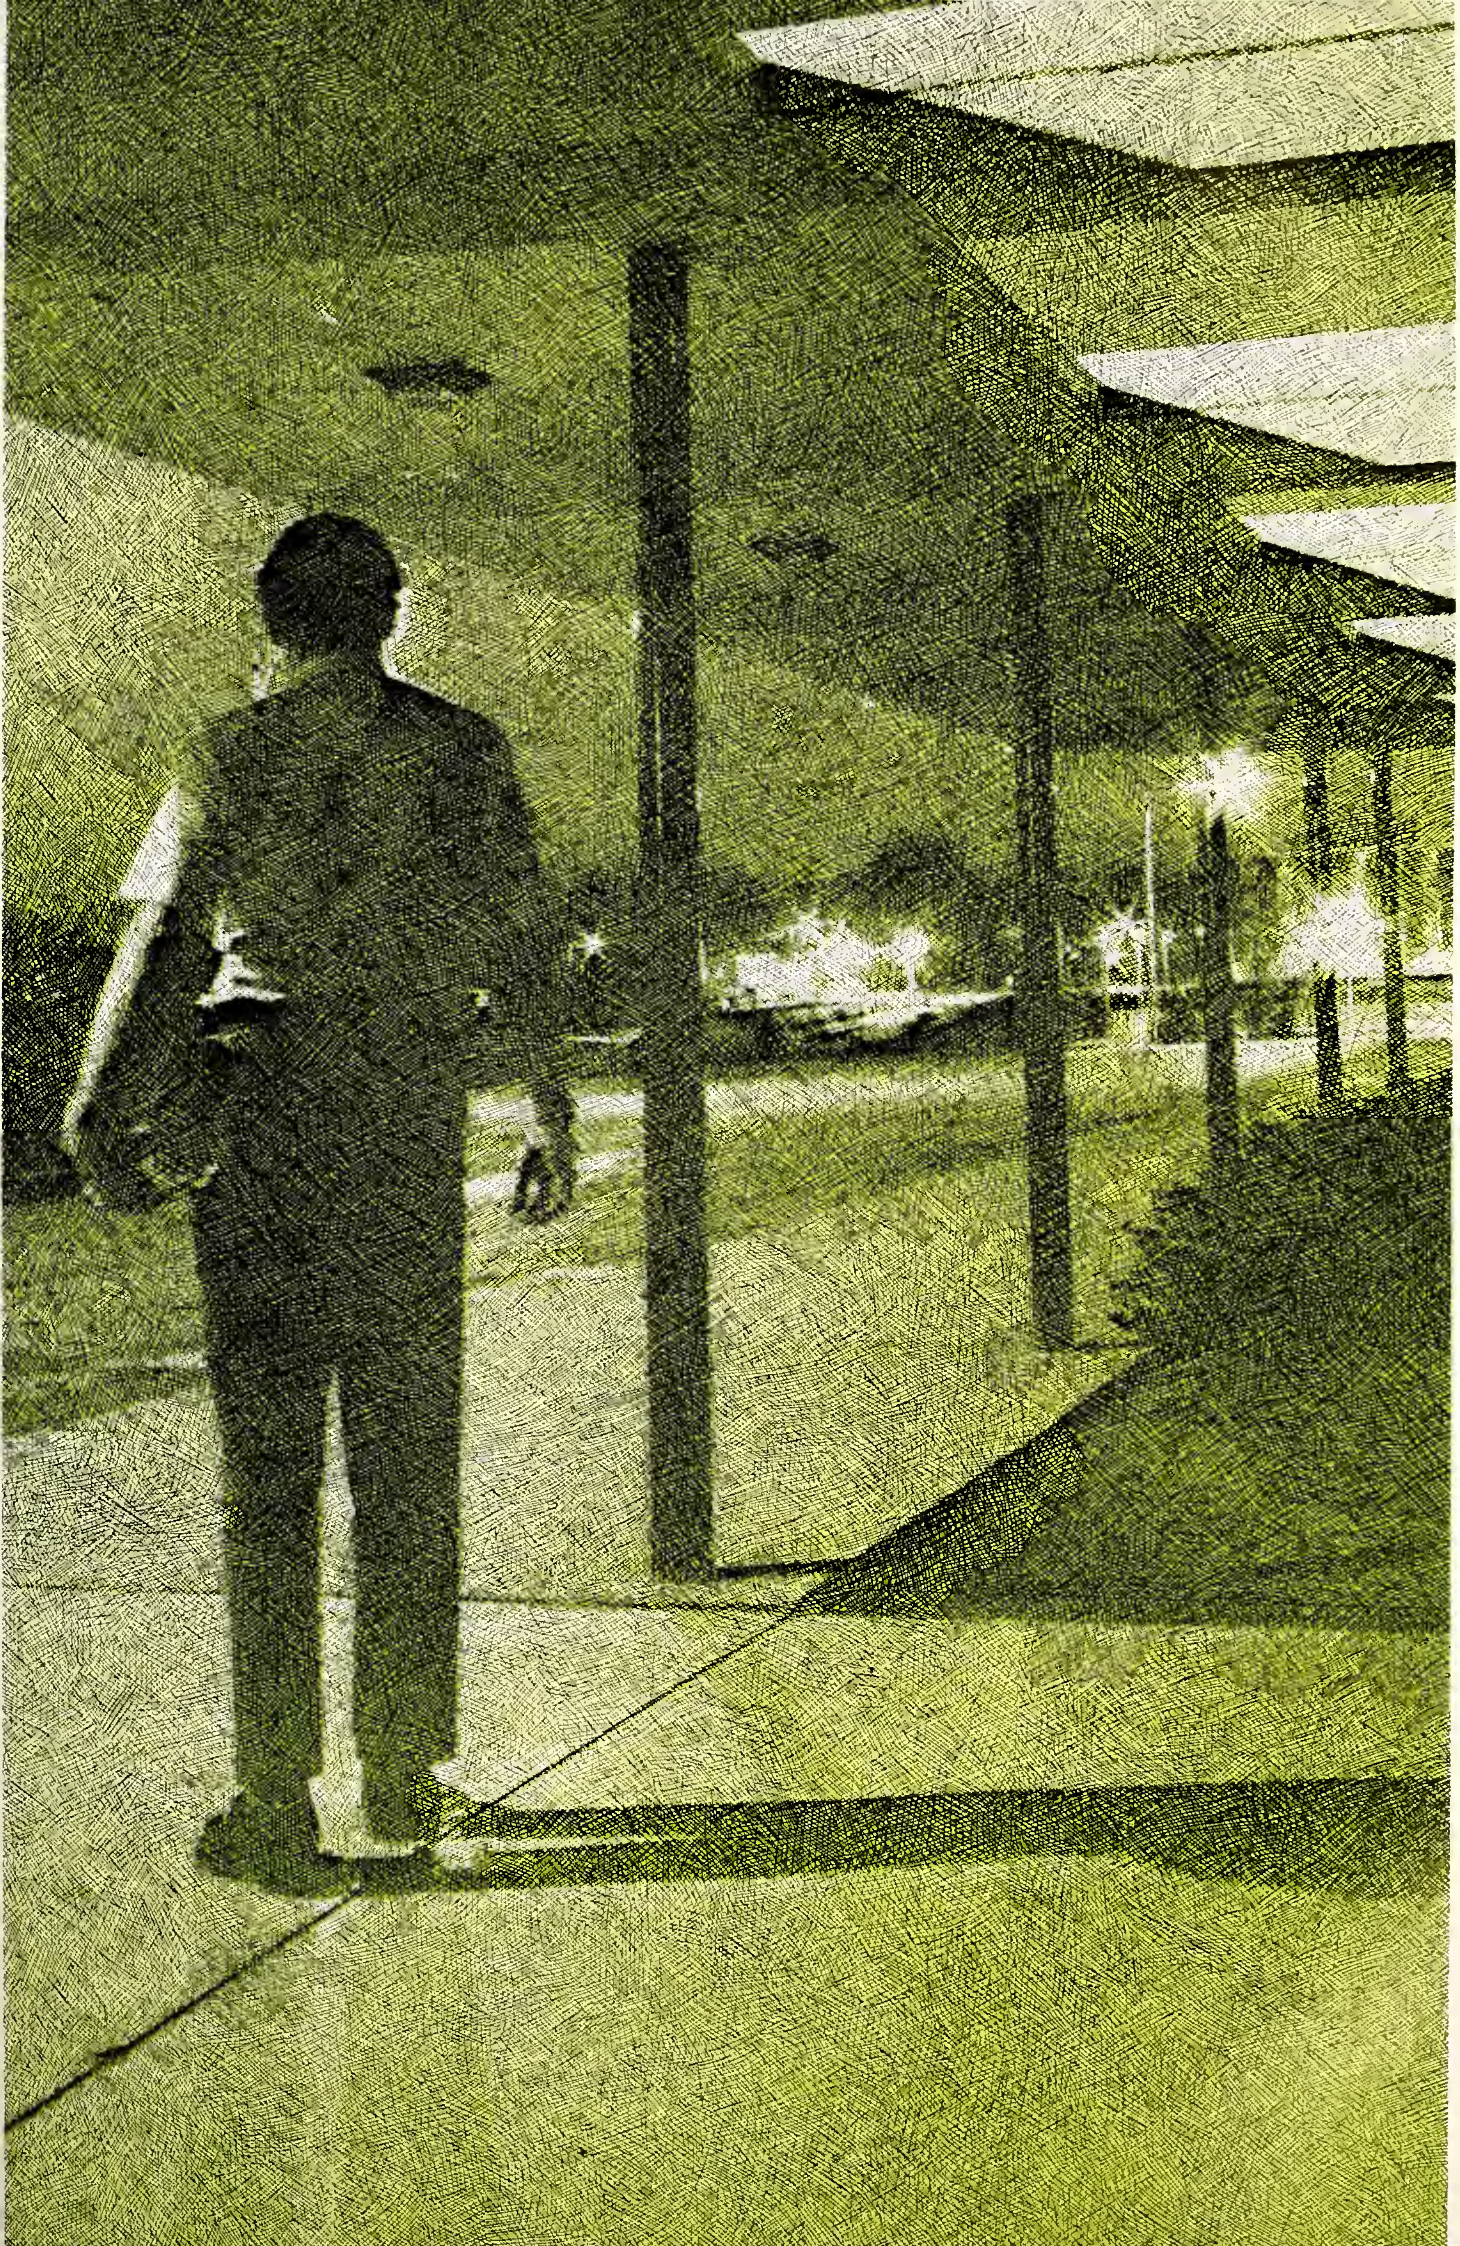
HONORS

Sandra Tilford
Section Editor



1967 Hall of Fame

Based on scholarship, leadership, and overall contribution to campus life, membership in the Hall of Fame is the highest distinction a graduating senior can receive. Nominations for this award are made by the senior honor societies and the Student Council. The final choice is determined by a secret faculty committee. This year the **1967 Milestone** presents this honor to Mr. William R. Raker of Carrollton, Kentucky.

Bill, an honor graduate of Carroll County High School, was the recipient of the first Alumni Scholarship, given in 1963. In his four years at Eastern he has distinguished himself as a leader. He is a member of Who's Who, Omicron Alpha Kappa, Kappa Delta Pi and this year served as Editor-in-Chief of **The Eastern Progress.**

As well as taking part in extracurricular activities, Bill, a math major, has achieved a superior academic standing, and overall 3.85 for three years work. His plans now are for a teaching career, but he may go into the journalism profession following graduate studies.

1967 Milestone Senior Citations

Now three years old, **Milestone** Senior Citations awards are fast becoming a tradition at Eastern.

Students selected for this award have shown outstanding leadership and ability in their areas of campus activity. They are graduating seniors or terminating juniors and have maintained an above-average point standing.

Candidates for this award were nominated from the various areas of student participation. A secret committee of administrative and student personnel made the final selections.

Trena Tatum, as a result of her honor of being the foremost student in the field of music last year, received a scholarship in voice study.

Jane Munson and Bill McDowell have served in various capacities at local and state levels of Westminster Fellowship. David Wagoner, president of Wesley Foundation, is honored for establishing the Interfaith Council on campus. Serving as president of the Baptist Student Union, James Porter is recognized for his contributions to that organization.

Music and Religion—**Trena Tatum, Bill McDowell, Jane Munson, David Wagoner,** (not pictured) **James Porter.**

Cited for their leadership in student government are Jim Clark and Mike Stokes. Jim was president of Sigma Chi Delta, and a member of the 1965 Homecoming Committee. Active in SNEA and the Polity Society, Mike is recognized for his achievements as Chief Justice of the Student Court.

Four exceptional cadets have been selected as the representatives of the Military Science Department. All have been designated Distinguished Military Students along with having received numerous other military awards.

Cadet Colonel Daniel Webster, a member of Pershing Rifles and the Honorary Society of Scabbard and Blade, served as Brigade Commander for the first semester. Cadet Lt.Col. Joe Arterberry, Second Battalion Commander, is also a member of Pershing Rifles and Scabbard and Blade. Cadet Lt.Col. Donald Rector and Cadet Lt.Col. Daryl Wesley, first recipients of the ROTC scholarship, were Commanders of the First and Fourth Battalions, respectively. Cadet Lt.Col. Rector served as Commander of the counter-guerrilla raider company last year. Cadet Lt.Col. Wesley was Commander of Pershing Rifles and a member of Scabbard and Blade.

Student Government—**Mike Stokes** and **Jim Clark.**

Military—**Donald Rector, Joe Arterberry, Daniel Webster, Daryl Wesley.**

Student Publications—Bottom Row: **Nancy Prinzel, Bill Raker, Mazie Blanton.** Second Row: **Pam Smith, Ann Scott, Nancy Smith, Richard Eads.**

In the past four years Eastern's student publications have established a tradition of high journalistic attainment. These past successes have been due to the exceptional contributions rendered by the editors. Ann Scott, who has served three years on the **Milestone** staff, is honored for her dedication as Editor of the '67 yearbook. Versatile Bill Raker is cited for his service as Editor-in-Chief of **The Eastern Progress.**

Pam Smith, working four years with the **Progress,** attained the position of Associate Editor. Managing Editor of the **Milestone,** Richard Eads, is honored for three years service to the yearbook. Having served two years on the **Progress** staff as Women's Editor, Nancy Prinzel is cited for her assistance to the newspaper. Recipients of the **Milestone** Achievement Award, Mazie Blanton and Nancy Smith are recognized for work on the academic section of the **1966** and **1967 Milestone.**

Chosen from the various phases of athletics, five athletes are representative of the fine sports tradition at Eastern. Doug Clemmons is recognized for his skill on the basketball floor. Little All-America Buddy Pfaadt, who holds Eastern's record for intercepted passes, was a unanimous selection to the All-OVC football team. Stephen Burley is honored for his accomplishments in tennis, while Ron Pinsenschaum is cited for his drive and determination on the baseball diamond. Carey Guess, OVC triple-jump champion, is recognized for his versatile talents in track events.

Athletics—**Buddy Pfaadt, Stephen Burley, Carey Guess,** (not pictured) **Doug Clemmons, Ron Pinsenchaum.**

Speech and Debate—**Charles Greenwell** and **Eugene Gray.**

1967 Milestone Senior Citations

In the field of speech and debate Charles Greenwell and Eugene Gray have received acknowledgement for their outstanding performances. Charles Greenwell, a varsity debator, was president of Alpha Zeta Kappa and defense attorney of the Student Court. Eugene Gray was president of Delta Sigma Rho-Tau Kappa Alpha and prosecuting attorney of the Student Court.

Jerry Smith has been cited for his superior work in Eastern's Theater. Being a member of Alpha Psi Omega and Eastern Little Theatre, Jerry has had the lead roles in several plays, and has also acted as stage manager and assistant director. During the past three years, he has participated in every production rendered by Eastern Little Theatre.

Who's Who Among Students in American Universities and Colleges

Thirty-seven outstanding Eastern seniors, representing the four academic colleges, were awarded membership in Who's Who Among Students in American Universities and Colleges. Eligibility for Who's Who, the most coveted honor among seniors in institutions of higher learning across the nation, is based on scholarship, leadership, extra-curricular participation, citizenship, and future potential.

Recommendations for membership were made by a faculty committee and were given final approval by the national organization. Each person selected received a certificate of membership and will have his name and activities listed in Who's Who, an annual publication.

Omicron Alpha Kappa

Established as a senior men's honorary, Omicron Alpha Kappa was designed to honor those men who have distinguished themselves by demonstrating outstanding scholarship, leadership, and participation in campus activities. Since its beginning in 1956, the organization has expanded to include junior and senior men in its membership.

Aiding freshmen during Orientation Week and co-directing the spring honors program were among the services rendered by the group. A picnic in the spring promoted fellowship among all members.

Collegiate Pentacle

Included in the membership of Collegiate Pentacle are senior women who have excelled in the areas of scholarship, leadership, and service. Recommendations from the faculty and administration are reviewed by active Collegiate Pentacle members who make the final selection of new members. Those women selected must have a 3.0 standing and a minimum of ninety hours.

Serving the University and the community, this year Collegiate Pentacle co-sponsored a coke party for transfer students, gave a tea for the Dean of Women, and held a Christmas party for underpriviledged children. Collegiate Pentacle also annually awards the Emma Y. Case Scholarship to a scholastically outstanding sophomore woman.

Kappa Iota Epsilon

Kappa Iota Epsilon, the sophomore men's honorary, includes in its membership those men who have attained a 3.0 standing, who have been recommended and approved by the faculty, and who possess the qualities of citizenship. This organization exists to encourage high standards of academic achivement and to serve the University by aiding at various functions.

This year's KIE service activities included sponsoring a freshmen men's banquet, participating as guides during Orientation Week, and establishing an advisory committee to help freshmen solve their academic problems.

Cwens

Striving to uphold its tradition of service to Eastern, Cwens is a national honor society for sophomore women. Members are sought according to leadership, scholarship, and participation in extracurricular activities.

Activities of Cwens include a tea in honor of the Dean of Women, guide service during Orientation Week, the annual Freshmen Women's Dinner, distributing Christmas and Thanksgiving baskets, and the presentation of the Mary Ann Hammond Scholarship to an outstanding freshman woman on campus.

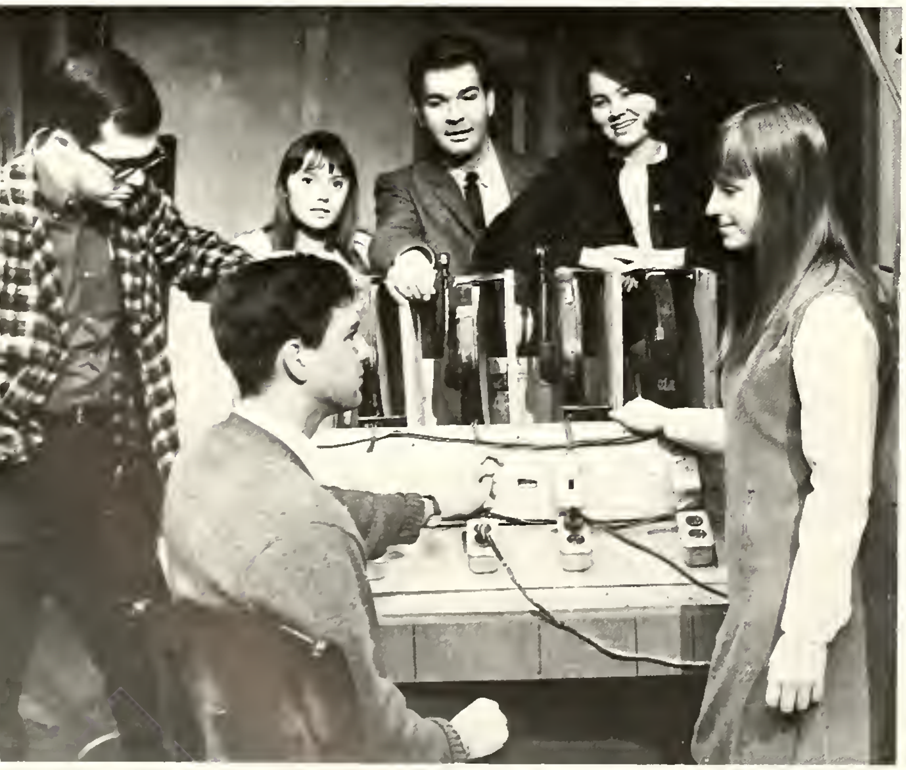
Energetic Cwens prepare to deliver Thanksgiving baskets of food and clothing to the underprivileged.

A final check is made before the baskets are presented to deserving families in the community.

Bottom Row: Fonda McAlister. **Second Row:** Suzanne Ankrum, Christina Taulbee, Vicki Byrum. **Third Row:** Jerry Smith, Joe M. Johnson.

Alpha Psi Omega



Alpha Psi Omega members learn the technical aspects of the theater.

Active on campus for twenty-six years, Alpha Psi Omega honors with membership those students who have made exceptional contributions to the theater. Membership is based on a system which awards points according to the type of role, length of play, degree of difficulty, and hours spent on technical production. As a local chapter of the national dramatic honorary fraternity, Alpha Psi Omega works jointly with the Eastern Little Theatre to present outstanding dramatic productions.

Delta Sigma Rho – Tau Kappa Alpha

Honoring excellence in debate, oratory, and extemporaneous speaking, Delta Sigma Rho-Tau Kappa Alpha fosters campus leadership in responsible speech. Membership is offered to those students who have shown superior ability in the areas of speech and scholastic attainment.

As the local chapter of the national honorary forensic society, DSR-TKA encourages various campus speech activities. This year DSR-TKA aided in invitational debate tournaments, the annual high school speech events, the Keene Women's Oratorical Contest, and the Weaver Men's Oratorical Contest here.

Bottom Row: Gene Gray, Ann Barker, Amie Alexander, Jimmie Meese. **Second Row:** Dennis Burrows, Dr. Robert King, Charles D. Greenwell, Randal Nolty.

Kappa Pi

Kappa Pi, the national art fraternity, serves the campus by promoting an interest in and an understanding of the visual arts. The local chapter, Alpha Alpha Psi, honors with membership those students who have shown outstanding ability in creative work.

During the year Kappa Pi sponsors various tours of art museums to further study in this field. In the spring the organization displays the artwork of its members and sponsors an annual sidewalk art show exhibiting and offering for sale works of all art students.

Bottom Row: Sharon K. Golden, Susan L. Arthur. **Second Row:** Michael R. Murphy, Barbara J. Spicer, Regina D. Monstrola. **Third Row:** Dean Gatwood, Ashley M. Sexton, James L. Black, Rodger E. True.

Kappa Delta Pi

Organized to encourage high professional, intellectual, and personal standards, Delta Alpha Chapter of Kappa Delta Pi has been active on campus since 1935. Members of this highly selective education honor society must be pursuing a professional education curriculum, be in the upper fifth of his class academically, and be an active participant in campus activities.

Kappa Delta Pi annually aids a one-room school in Clay County and gives two scholarships to the highest ranking sophomores planning to enter the teaching field. At organization meetings, members participate in panel discussions of interest to students in practice teaching.

One of the activities of Kappa Delta Pi is to maintain the bulletin board in the Education Department.

Bottom Row: Joyce E. Keene, Jane E. Munson, H. Marlene Wesley, Nancy A. Johnson, Marilyn Hanna, Geneve Otten, Bonnie LeMaster, Elata Y. Rupe. **Second Row:** Virginia L. Amis, Frankie H. Sachleben, A. Shane Bell, Nancy Ringwalt, Billie Jo Cormney, Mazie L. Blanton, Hildreth C. Kidd, Brenda C. Craycraft, Jill A. Cooke, Ron Pinsenschaum. **Third Row:** Kathy A. Cox, Nida A. Smoot, Sherryn L. Witten, Mary L. Wigginton, Kay Wilson, Donabeth Doyle, Janice Racke, Karen Krumm, Margaret E. Purdom, Linda Brown, Mabel W. Jennings. **Fourth Row:** Nancy J. Smith, G. Elaine Taylor, Judy A. McClain, Pat A. Mulvanity, Judy K. Caswell, Milton K. Barksdale, Bill Raker, Jean D. McClanahan, Anthony D. Scarfone, Robert E. Lewis.

Bottom Row: Joseph F. Wobbekind, Kathryn A. Colebrook, Winston L. Kelly. **Second Row:** D. B. Pettengill, A. E. Ragan, Rich Griffith. **Third Row:** Ben A. Cook, W. E. Moomaw, William E. Wobbekind, Michael Stokes.

Polity Society

Striving to obtain national affiliation, the Polity Society honors those students who have achieved excellence in the field of political science. To be eligible for membership one must have completed twelve hours of political science, maintaining a 3.0 average.

Seeking to stimulate interest in civic affairs and in government service, the Society invited guests to speak on timely subjects. Members engaged in a panel discussion on the proposed Kentucky Constitution and Kathy Colebrook and Mike Stokes related their experiences working with a Murray Seasongood Internship in their hometowns during the summer.

Pi Tau Chi

Nominated by the various religious denominations, the members of Pi Tau Chi represent outstanding Christian leadership on campus. Each denomination may submit a minimum of four nominations for membership. The new members are initiated at the spring banquet at which the officers for the coming year are installed. By supporting student programs of the religious organizations, and by preparing prospective students for Christian service, the Zeta Chapter of Pi Tau Chi enriches the religious side of campus life at Eastern.

Bottom Row: Joyce Greeley, Mary J. Thornton, Peggy Stuhlreyer, Kathy Schwettman, Sharon Leasor. **Second Row:** Nancy L. Freeman, Ann Scott, Louise B. Lyons, Lena Garvey. **Third Row:** Dale Poling, David Wagoner, Elizabeth Law, Kathryn Colebrook. **Fourth Row:** Willis Parkhurst, Eugene Barnes, Dwight Lyons, James Porter.

Pi Omega Pi

Bottom Row: Billie Joe Cormney, Jennie Maupin, Bobbie Rodgers, James A. Potts, H. Marlene Wesley, Evelyn Capito, Barbara Bogie. **Second Row:** Margaret H. Moberly, Joann Brill, Sarah Campbell, Judi Deatherage, Mildred H. Quinn, Clara R. Craycraft. **Third Row:** Jean D. McClanahan, Erma L. Roark, Joanne Wallace, Nancy J. Smith, Judy K. Caswell.

Pi Omega Pi exists to promote scholarship in business education, aid in civic betterment in colleges and universities, and encourage high ethical standards in business and professional life. The first honor organization established at Eastern recognizes outstanding students who have completed fifteen hours in business and education and who are interested in a teaching career in business.

Sending a delegate to the national Pi Omega Pi convention, giving a luncheon for Central Kentucky Education Association business teachers, and holding a dance after Eastern's game with Marshall were the activities sponsored by Pi Omega Pi this year.

New members are officially received into Pi Omega Pi when they are given their pins at initiation ceremonies.

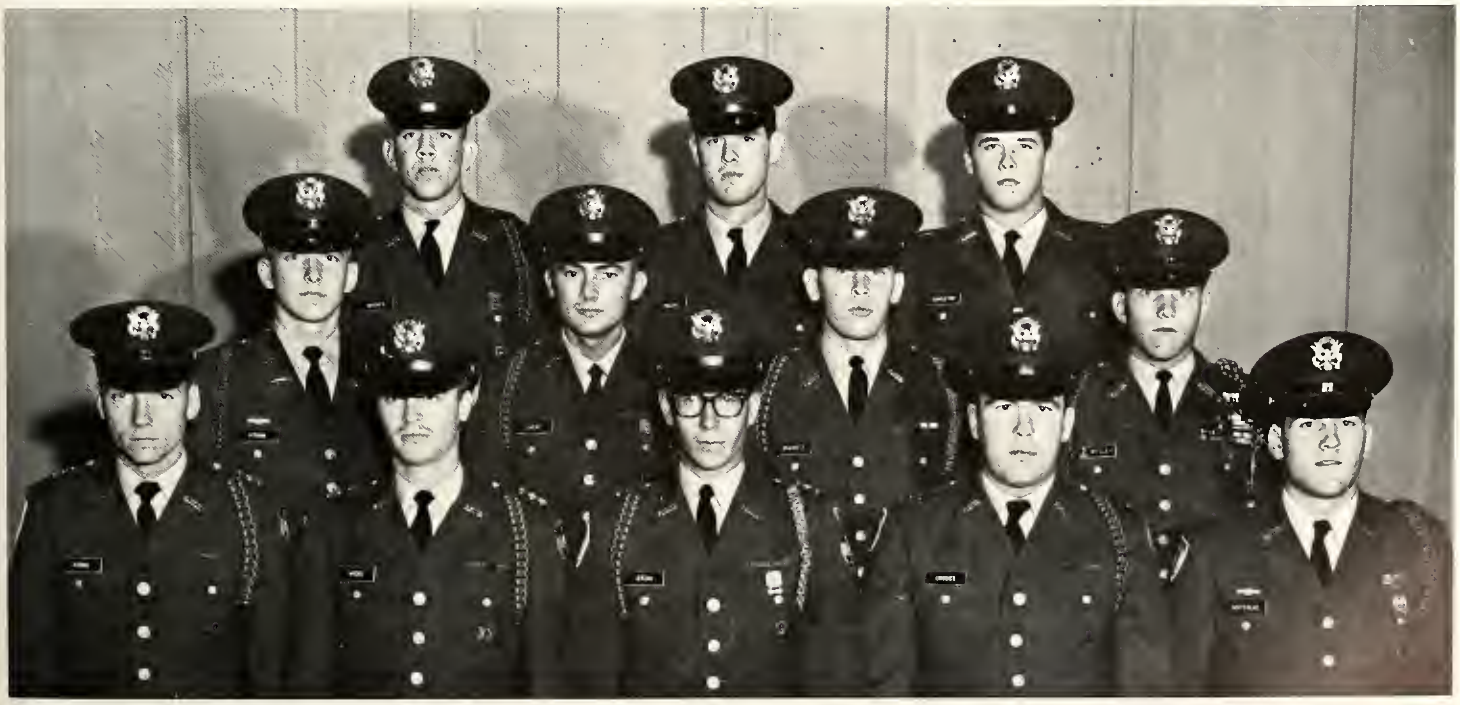
Highlighting Scabbard and Blade Pledge period is the selection and decoration of their outstanding pledge.

Founded in 1904 at the University of Wisconsin, the National Society of Scabbard and Blade strives to uphold the standards of military education in American colleges and universities. The qualities of leadership, patriotism, efficiency, loyalty, courage, honor, and good fellowship are developed in the cadets. New members are selected by the actives with merit as a sole basis for membership.

This year Scabbard and Blade undertook the task of collecting the addresses of Eastern ROTC graduates since 1955, compiling a list of those officers still in the service. In keeping with the annual tradition they form the saber arch at Homecoming ceremonies and at the Military Ball.

Scabbard and Blade

Bottom Row: Thomas I. Atkins, Lawrence R. Myers, Charles J. Jerzak, Lewis J. Crosier, Erwin E. Whitehead. **Second Row:** James M. Pitman, Ben Owens, Jr., James G. Brackett, Daryl V. Wesley. **Third Row:** David M. Wagner, Charles G. Phillips, Conley C. Congleton.



ORGANIZATIONS

Joyce Harville
Section Editor

Student Council members labored long hours counting votes in order to announce the newly elected class officers.

Student Council Representative of Student Body

As well as being a forum for the expression of student opinion, the Student Council of Eastern Kentucky University provides an opportunity for the practice of democratic principles. Through the Student Council, students have a voice in the formulation of regulations and policies affecting their life at Eastern.

The eighty-member body is composed of the four officers, president, vice president, secretary, and treasurer, and representatives elected from each recognized campus organization and the four classes. Representatives serve to inform the student body of council activities and to present needs and problems of the students to the council.

Council committees dealing with campus affairs include Student Code, Election, Food, Social, Student Advisory and Investigation, Constitution Revision, and the Experiment in International Living. These help to solve student problems, thus providing a better Eastern for all.

The combined efforts of student donors and student volunteer workers produced a successful campus blood drive which was sponsored by the Student Council.

A large part of Student Council work is done through organized committees.

Bill McConnell, president of Student Council, conducts weekly student government meetings.

Bottom Row: H. Marlene Wesley, Peggy M. Stuhlreyer, Kathy Schwettman, Karla P. Smith, Judy K. Adington, M. Coleen May, Toni K. Kutchback, Deborah A. Hughes, Jeanne Chiseck, Marilyn K. Student Court Reviews Student Appeals

Acting as the judiciary body of Eastern's student government, the Student Court is a liaison between the students and the administration. The Chief Justice, Assistant Chief Justice, Recorder, Secretary, and two Justices from each class are appointed to the Court by the Student Council.

Set up by the University Administration and the Student Council, the Court exercises both original and appellate jurisdiction. Once every week the Court meets to rule on cases involving traffic violations and Student Council constitution violations. A quorum of seven justices must be present before a case may be heard and a judgment rendered.

The Student Court interrogates one of the many people who have appealed to them.

Circle K members perform an annual service to the campus with the painting of the crosswalk.

Circle K Paints Crosswalks

Established in 1963 as a men's service organization, Circle K International has grown in its capacity to serve the University. A branch of the Kiwanis, the organization requires its members to display good character and to maintain high scholastic standing.

The members saw an active year with such services as a donation to the United Fund, helping the Freshmen during Orientation Week, and acting as warehouse marshals while the various organizations built their Homecoming floats. The two major projects of the year were the printing of call cards of campus telephone numbers and the traditional painting of campus crosswalks. By painting horizontal stripes on the crosswalks, Circle K made them more visible to the driver and safe for the pedestrians. With the accomplishment of these endeavors, the members obtained a feeling of pride and satisfaction in their service to the University community.

Bottom Row: Terry L. Mynk, Loy T. Widener, Joe E. Brown, Mark W. Adams, Steve Hoehler, Terry Spenlau, William S. Smith, Ray Combs. **Second Row:** Ronald K. Maloney, Phillip C. Bills, William D. Kappa Delta Tau Highlights Orientation Week

Kappa Delta Tau is a service sorority, providing an opportunity for girls to form a sistership in helping to develop and improve Eastern. It was founded in 1963 as a means for girls to promote friendship among students on campus and serve Eastern in numerous ways.

The girls served at various banquets throughout the year; acted as guides at Band Day and Senior Day; worked with freshmen to make them feel more at home; assisted in fund-raising drives and campus and community projects; and provided baskets for needy families at Thanksgiving and Christmas. All is not work, through; Kappa Delta Tau members find fun and fellowship through parties, banquets, working on a homecoming float, football games, dances and camping trips.

Each spring, girls pledge Kappa Delta Tau for the first semester the following year. The girls taken into the organization are those who work hard, show an interest in the club, and possess good character and leadership ability. They must have at least a 2.3 academic average, not be on social probation, and be at least a sophomore.

Although the thoughts of being awakened at 4:00 A.M. was repulsive, Madonna Noble was exuberant as she was tapped by her Big Sister.

KYMA Promotes School Spirit

Demonstrating active support at athletic events, the KYMA Club promotes school spirit and lends moral support to campus athletes. As the largest representative organization on campus, KYMA clubbers aid the University by assisting with Band Day activities and welcoming Freshmen each year. KYMA helps to instill class spirit through selling "EKU" beanies and supplying entertainment during Orientation Week.

In addition to pep rallies, KYMA sponsored several social events throughout the year, such as the November Sadie Hawkins dance.

The Sadie Hawkins fling permits kicking up your heels with or without shoes.

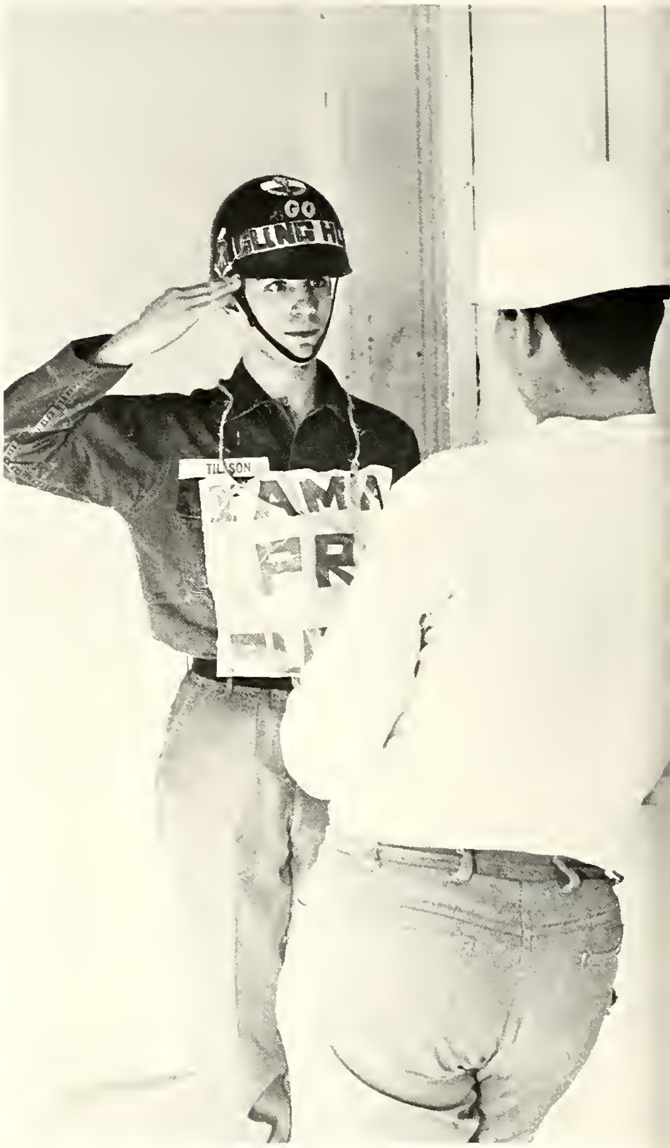
Pershing Riflemen Attend National Drill Meet

National Honorary Society of Pershing Rifles was founded at the University of Nebraska in 1894 by General of the Armies, John J. Pershing, to help develop the highest ideals of a ROTC cadet with emphasis on superior military scholarship and superb drillmanship.

Company R-1, under the command of Daryl V. Wesley, this year attended the Xavier Invitational Drill Meet, the Second Battalion Drill Meet, the Regimental Drill Meet, and a major trip to the John J. Pershing National Drill Meet at University of Maryland, College Park. Company R-1 scored the highest score in the Battalion in a troop and headquarters inspection as well as finishing first in the Battalion Rifle Match. Their drillmanship, competitive spirit, devotion, and assistance to the University enables them to maintain high rank among the organizations on campus.



P.R. pledge, Tim Tillson, found it a "must" to salute to a door before entering his active's room during pledge week.

Men's Inter-Dorm Council Governs Dorm Life

Men's Inter-Dorm Council serves as a governing body for the men's dormitories. They advocate improving living conditions and supporting the highest standards of conduct among all campus men.

Even though it is not a social organization, the Inter-Dorm Council assists the University in certain activities such as providing guides for Freshman Week, aiding in the annual Eastern Fall Style Show, assisting in the planning and execution of individual dormitory decorations for Homecoming and Christmas, and supplying group leaders for Band Day.

Young Men's Christian Association Serves Eastern

Young Men's Christian Association has served the campus in various degrees throughout the years. The club emphasizes the religious aspects along with the social affairs in the lives of Eastern students.

The club has proven essential to the University in the roles of ushers at various campus activities. The major activities of the club were combined preparation with the YWCA in the annual Hanging of the Greens at the Christmas Holiday and the Easter Sunrise Service.

YWCA Participates in Campus Yuletide Festivities

Any girl who is interested in and willing to actively participate in various service projects may become a member of Young Women's Christian Association. The organization endeavors to encourage its members to develop a deeper religious quality in their service to the University campus and the surrounding community.

The club was organized as a service organization with the purpose of presenting two traditional programs, Hanging of the Greens and the Easter Sunrise Service, in conjunction with the YMCA. The club also proves useful to the community by working at the Telford Community Center and other homes for the underpriviledged and the aged.

YWCA members present the traditional Hanging of the Greens in Walnut Hall.

Alpha Pi Kappa Sorority Accepts Fifteen Pledges

Alpha Pi Kappa, one of Eastern's first sororities, became a recognized campus organization in the fall of 1966 when the administration accepted its constitution and goals as beneficial and meaningful. It presently consists of twenty-two members who joined together to broaden the scope of their social, cultural, and intellectual experiences; and to promote friendship among Eastern students. Requirements for membership are that one must be a full-time student at Eastern, have a 2.0 academic standing, and not be on academic or social probation.

Rush Week activities included a fashion show and western skit performed by the members. Rush Week concluded with fifteen girls being taken in as pledges.

Alpha Pi Kappa rushees place a penny in the fountain in hopes that their wishes will come true.

Delta Theta Pi Carols For Food During Yuletide

Striving for sisterhood, scholarship, leadership, and school spirit, the members of Delta Theta Pi enjoyed many activities throughout the year. One of the first sororities on campus, Delta's sponsored a Homecoming dinner dance and a candidate in the Homecoming competition, Sue Ann Owens, who was the second runner-up to the queen. During the Christmas season they caroled for canned food to help needy families in the Richmond area.

With a membership of twenty-three, the sorority had its first "rush" in February, taking in twenty pledges. To become a member one must have a 2.0 point standing, one semester's residence, and an enthusiastic interest in the activities of the organization.

"Happiness Is" Party Given by Lambda Phi Omega

Lambda Phi Omega is an unaffiliated local sorority, promoting sisterhood through social and service activities and encouraging academic excellence, moral character, and pride in Eastern.

Activities of this formative year have been numerous. Parties and dances held throughout the year provided a time of fellowship for the Lambda sisters. Meaningful traditions such as the Christmas Holly Feast were initiated. During Rush Week, at which time the sorority invited twenty-three girls to be pledges, rushees were treated to a "Happiness Is" party and a "Crazy Critters" skit.

Service projects, including giving a Thanksgiving basket to a needy family and helping in the multiple sclerosis drive, have been an important part of the sorority's activities, as well as drawing each sister closer to a lasting bond.

Pi Alpha Theta Serves Community Through Work at Telford Center

Promoting leadership, scholarship, and friendship, Pi Alpha Theta has experienced an active first year as a recognized campus organization.

During Rush Week, Theta's presented a cowboy skit and a fashion show which demonstrated the right and wrong way to dress. At the end of the week, twenty-eight girls became Theta pledges.

Many activities designed to carry out the goals of the organization were engaged in this year. These included working with mentally retarded children at Telford Community Center, presenting an Easter Service at the Center, canvassing the women's dormitories for the Easter Seal Drive, and pumping gasoline at a local station to raise money.

Alpha Chi Iota Pledges Carry Coeds' Books

Gaining and securing the basic form of brotherhood on campus, making academic progress, and initiating school spirit were the leading factors in the organization of Alpha Chi Iota. Alpha Chi Iota means scholarship, community and college service, and brotherhood.

Social activities for the year included a smoker during Rush Week at the Holiday Inn, and a jam session to raise money for the Pattie A. Clay Infirmary. After the pledges of Alpha Chi Iota carried books for girls on St. Patrick's Day, the actives challenged them to another book-carrying session. Raising funds through donations provided further incentive for individual competition between actives and pledges. Through these activities Alpha Chi Iota has endeavored to enhance the social spirit at Eastern.

Alpha Chi Lambda Holds Dance In Honor of Sweetheart

Under the supervision of Dr. William Sprague, Alpha Chi Lambda became recognized as a fraternity November 21. Students were asked to become members of Alpha Chi Lambda on the basis of maturity and responsibility.

Being a social fraternity, Alpha Chi Lambda seeks to foster manly character, gentlemanly behavior, lasting friendship, good citizenship, and scholastic excellence. Providing training in decision-making, the fraternity encourages its members to participate and contribute to the life work of the University community.

Social functions included the Sweetheart Dance in honor of Jill Smith, the Pledge Dance, and the presentation of a Christmas basket to a family in the Richmond community.

Alpha Chi Lambda gives rousing support to Colonels at basketball game.

Alpha Kappa Pi Sponsors Campus Heart Fund Drive

A prize winning float in the Homecoming parade was the first of several successful Alpha Kappa Pi endeavors. Soliciting for the Heart Fund proved to be a rewarding service to the campus and the community. In March Marilyn Barnhart was chosen to reign as the fraternity sweetheart.

Participating in an active year of Greek life on campus, Alpha Kappa Pi fraternity initiated twenty pledges into its brotherhood. Through worthwhile service and social activities, the fraternity strives to uphold high academic and moral standards.

Beta Omicron Chi Active in Rush; Eleven Men Pledge Organization

Formed on the premise that brotherhood substantiates growth and development, Beta Omicron Chi has grown from a small group of Eastern men to a fraternal order with purpose and direction. The activities of the group, both social and service, are designed to channel the interests of students with common goals and ideals.

Social events sponsored by BOX included an all campus dance and a dance after a basketball game. Rush Week activities resulted in eleven men being asked to pledge the organization. A pledge banquet and spring banquet finished the fraternity's year.

BOX's mascot provides an interesting sidelight at the Findlay game.

Gamma Delta Tau Brings "Magnificent 7" to Campus

Organized in September, Gamma Delta Tau, after having written a constitution and by-laws, was formally accepted as a campus organization November 17, 1966. The group, composed of eighteen members, also selected a motto, "Gentlemen dedicated—together"; colors, gold, red, and black; and a flower, the rose.

Striving to enhance campus and community life with meaningful and enjoyable activities, the Gamma Delta Tau brothers collected baskets of food for needy Richmond families and held a campus-wide dance featuring the "Magnificient 7." Rush Week activities, which began with a smoker, culminated with the group's inviting twelve Eastern men to be pledges.

Kappa Tau Epsilon Becomes Integral Part of Greek Life

Consisting of young men who considered fraternity life an important and integral part of college life, the social fraternity of Kappa Tau Epsilon was organized and established on the campus. An organization of brotherhood, the members strive for a strong spirit in cooperative achievement to improve college life.

Through various social activities members experience the feeling of fraternity meetings, fraternity-sorority dinners, private parties such as their Christmas party, sponsoring informal dances, sitting together with the fraternity flag at athletic events, and informal get-togethers. Members received great enjoyment with the fraternity mascot, Coco, the goat.

Sigma Chi Delta Functions as Service and Social Fraternity

Founded as a service facility, Sigma Chi Delta, became one of the first social fraternities on campus in the fall. The organization proposes to be a systematic outlet for student endeavors to contribute to the growth, improvement, and sustenance of the campus community and to promote better relationships with surrounding communities.

In an effort to fulfill this purpose, the club functions in the two fields of service and social. Members of the organization served as sponsors for the freshman Powder Puff football game and guides for the high school Senior Day and Band Day; assisted Student Council in student election procedures; and ushered for Little Theatre performances. The club produced a Homecoming float, which tied for first in originality. Second semester activities for the fraternity included Rush Week and later pledge orientation for rushees. Sigma Chi Delta ended an active year with a spring formal.

Accounting Club Tours Business Firms

Fostering a feeling of unity, mutual interest, and good fellowship, the Accounting Club provided opportunities for the discussion of topics relating to the accounting field.

Insight into their future duties and obligations were revealed by experts in the field of accounting who spoke at monthly dinner meetings. Speakers were chosen to acquaint the members with information not offered in the classroom. Touring business firms showed the principles of accounting in operation.

The end of manual bookkeeping is fast giving way to electronic data processing devices.

Agriculture Club members enjoyed an afternoon of baseball at their spring picnic.

Agriculture Club Activities Include Spring Picnic

Promoting interest in agriculture on Eastern's campus, the Agriculture Club strives to relate the importance of a sound, productive program to the nation's economy. The club's programs supplement the Agriculture Department in providing a foundation of agricultural principles in the phases of livestock, soils, mechanics, and horticulture.

Activities designed to carry out these objectives included promoting a four-year agriculture program at Eastern, having as guest speakers men who have been successful in agricultural enterprises, and sponsoring field trips to agriculture industries.

Alpha Zeta Kappa Exercises Freedom of Speech

Eastern's outstanding debate team, Alpha Zeta Kappa, endeavors to promote an interest in, and to award suitable recognition for, excellence in forensics and critical speaking. Members of the club foster respect and appreciation for freedom of speech as a vital element in democracy. Members preserve this freedom by exercising it frequently and responsibility in various debates.

Alpha Zeta Kappa fulfills its goal by participating in intercollegiate competition in forensics and by sponsoring public debates with visiting debators from Great Britain in the fall and spring. The organization also sponsors the Pioneer Tournament which is held in March.

ACE Sponsors "Activity Night"

Association of Childhood Education, although relatively a new organization, has become very beneficial to the campus community and surrounding area. Organized in 1964 to advance the knowledge and understanding of children in its members, the club has fulfilled its goal by working with school age youngsters.

Activities of the organization included weekly visits to Telford Community Center, reading hours held with children, and a Christmas party.

Helping children at Telford House provides opportunities for ACE members to gain valuable teaching experience.

AUSA Sponsors Military Ball

The Lt. John "Nick" Combs Memorial Company of the Association of the United States Army, a national organization, is open to all ROTC students. The Company serves as an incentive to cadets to further their military skills. Members attend meetings which increases their general army background. AUSA cadets associate with fellow cadets and military personnel who consider patriotism an important attribute of one's character. Programs consist of guest speakers or movies which offer information about the role of the Army in the defense of the nation that can be passed on to other students and citizens.

Each spring the AUSA sponsors one of the most important formal occasions of the year, the Military Ball. The highlight of the soiree is the crowning of Queen Athena, one of the highest honors for which a girl can be chosen.

The Military Ball, sponsored by AUSA, provided enjoyment for ROTC cadets and their dates.

Behavioral Science Symposium Discusses Timely Problems

Providing an opportunity for the expansion of knowledge in the behavioral sciences is the purpose of the Behavioral Science Symposium. The organization began as an independent organization which had a common interest in the behavioral sciences. The club remained unaffiliated until this past year when it became associated with the Anthropology and Sociology departments. Programs for meetings alternate between discussions on topics chosen the previous month with speakers on thought-provoking subjects. Through these discussion groups, the members develop their mental prowess and broaden their knowledge. Topics range from school-centered interests to world problems. The club culminated its year's activities with a picnic.

Bottom Row: Marilyn K. Wesley, Pat Bailey, Claudia J. Williams, Linda L. Ross. **Second Row:** Nancy L. Freeman, Roger Sims, Mead A. Brodrick, Raymond Clay, Gayle Anderson. **Third Row:** Kathy Colebrook, Charles W. Tapp, Bill Maggard, Jr., Cherry Yelton.

CCUN Conducts Drive for Needy

Collegiate Council for the United Nations is a national student organization open to all students through which they can express their support of and belief in the United Nations. The organization is organized on a nation-wide basis of individual affiliates with regional and state divisions. CCUN affiliate of Eastern promotes the causes of the United Nations providing a forum where individual voices can be heard pertaining to issues dealing with world peace and related subjects.

The organization carries on correspondence with similar groups all over the world in an effort to bring about universal understanding of common problems. Club meetings were highlighted by visits from experts in various fields pertaining to the United Nations. Members engaged in the annual UNICEF Christmas Card drive which helps bring food, clothing, and comfort to needy children the world over. Representatives of Eastern attended national and regional sessions in North Carolina and Indiana University.

Bottom Row: Diane S. Hein, Robert K. Jackson, Joseph F. Wobbekind, Peggy, J. Castle. **Second Row:** Woody S. Wilborn, Matt Paydarfar, Daniel H. Owings. **Third Row:** Gene Gray, Ben A. Cook, William E. Wobbekind, Joe M. Pickett.

Biology Club Publicizes Audubon Lectures

Organized to encourage an interest in biology, the Biology Club gives new members a comprehensive knowledge of the biological world and promotes an exchange of ideas among its members.

Club activities are designed to carryout its purposes. Each spring the club conducts a weekend retreat. During the fall they take several one day trips to such areas as Berea Forest and Natural Bridge State Park. At Christmas a party for all biology teachers and club members is held at the home of one of the faculty members. The organization also has guest speakers at various meetings.

The major concern of the club is publicizing the Audubon Society Lectures. Members sell season tickets to cover the cost of films presented at the lectures.

Bottom Row: Sally A. Adams, Nancy E. Coffey, Sandi L. Hardin, Venita D. Bright. **Second Row:** Alyce J. Napier, Vivien D. McAninch, Ann D. Finzer, Barbara A. Burchett, Cheryl M. Craft. **Third Row:** Andrew R. Hamon, Patricia A. Hughes, Gustina J. Hogue, Donald R. Van Meter.

Alford, James M. Larson. **Third Row:** Leon Coleman, Dennis L. Williams, Daniel H. Steeves, William G. Rhodus, Doug Oliver, James A. Mills, Dr. Darnell Salyer.

Chemistry Club Tours Chemical Plant

Under the supervision of Dr. Darnell Salyer, the Chemistry Club, an American Chemical Society affiliate, has been active on Eastern's campus since 1963. The club functions to present a realistic view of the various fields of chemistry so that its members will better understand career requirements and demands. Programs highlighted by special films and guest speakers fulfill this purpose. In addition, trips to places of particular interest such as local chemical plants broaden the member's applicable knowledge in his field.

Bottom Row: Sanford L. Jones, William S. Smith, Sally A. Adams, James A. Mills, Randall Clark, Nancy E. Coffey, Dr. John L. Meisenheimer. **Second Row:** Lois Sparks, Dan Dewald, Robert W. Morgan, Jr., Kenneth Woodworth, Jerry Case, Richard M. Taylor, Cheryl M. Craft, Virginia Garner. **Third Row:** Darvin K. Edwards, Stephen P. Wright, Phyllis J. Marcum, Steven W. Okeson, Jeffrey P. Okeson, Jay E. Moscoe, Andrew R. Hamon.

Caduceus Club Tours Medical Institution

Caduceus Club exists to stimulate a greater interest in medicine and its allied fields. The membership of the organization includes those students from the pre-profess fields of medicine, dentistry, pharmacy, veterinary medicine, medical technology, and nursing.

The club co-sponsored the bloodmobile with the goal of equaling last year's drive, which netted more blood at one time than had ever been taken in Kentucky. Additional activities throughout the year included being sponsors of the mobile X-ray unit, an informal dance, and assisting the first aid station on Band Day. An enlightening activity of the organization is the annual tour of medical research institutions in Cincinnati. This year the spring trip was to a medical school. The club concludes the year with a traditional banquet.

Bottom Left: Dr. Jones demonstrates an experiment to Caduceus Club members, Jim Mills and Steve Wright. **Bottom Right:** Student nurses and Caduceus Club aided in a successful blood drive.

Chocolate Hour Introduces Freshman English Majors to Canterbury

Canterbury Club endeavors to promote high academic standards among English majors and minors; to broaden interests and knowledge among the members in the area of writing, literature, and communications; to publish an annual literary magazine for the benefit of all students through the publication of student writings; and to develop relations with other clubs and departments in the field of English on the University campus. Annually the club is the promoter of a Chocolate Hours at which freshmen English majors and minors are introduced to the club. All members of the English faculty are invited to the Chocolate Hour and given the opportunity to become acquainted with students in their field.

A banquet held at the latter part of the year honors the student maintaining the highest academic standing in English. Awards are presented to those students who have won the poetry and prose awards in **Belles Lettres.**

Canterbury Club's Chocolate Hour is a time of fellowship for members, prospective members, and the English Department faculty.

Bottom Row: Linda L. Ross, Peggy T. Chandler, Jessica Crenshaw, Edwina A. Doyle, Julia J. Harrison, Regina Miller, Martha Garland, Nancy Martin, Jennifer K. Arnold, Virginia L. Amis, Teresa Hall, Jane A. Dean, Maureen K. Wade, Ellen Schuler. **Second Row:** Nancy Prinzel, Brenda Churchill, Phyllis A. Duff, Shirley L. Hayse, Ruth Ingram, Brenda Holt, Gayle A. Daubenmeyer, Burdetta J. Warren, Portia K. Williamson, Carol J. Myers, Paula Begley, Carolyn S. Gabbard, Verna M. Rowland, Twyla Corder, Brenda K. Morgan. **Third Row:** Barbara P. Harris, Linda R. Belles Lettres Promotes Student Writings

Belles Lettres, a literary publication on campus, promotes student writings and recognizes young writers. The editor selects works from submissions of poetry, prose, short stories, and articles for publication. After the staff has rendered the necessary edition, the works are ready for the press and eventual distribution among its public, the students.

In the spring, awards are presented for the winning compositions in each field. The presentations take place at the Canterbury Club Awards Banquet.

Members of Counter-guerrilla Raiders helped to provide an impressive Honor Guard for the arrival of Governor Breathitt on campus.

Counter-guerrilla Raiders

Stress Physical Fitness

Counter-guerrilla Raider Company endeavors to develop a superb cadet with above average confidence and endurance. The cadets of Raider Company receive training in the basic combat skills and apply these skills during field training exercises.

The goal of each member is to become an officer in the United States Army. This organization instills in its cadets the responsibility, discipline, unselfishness, and the devotion to duty essential to a successful military career.

Every spring the Guerrillas travel to Fort Campbell, the home of the 101st airborne division, where they learn repelling, parachute jumping, and the operation of small combat arms, such as the M16 rifle.

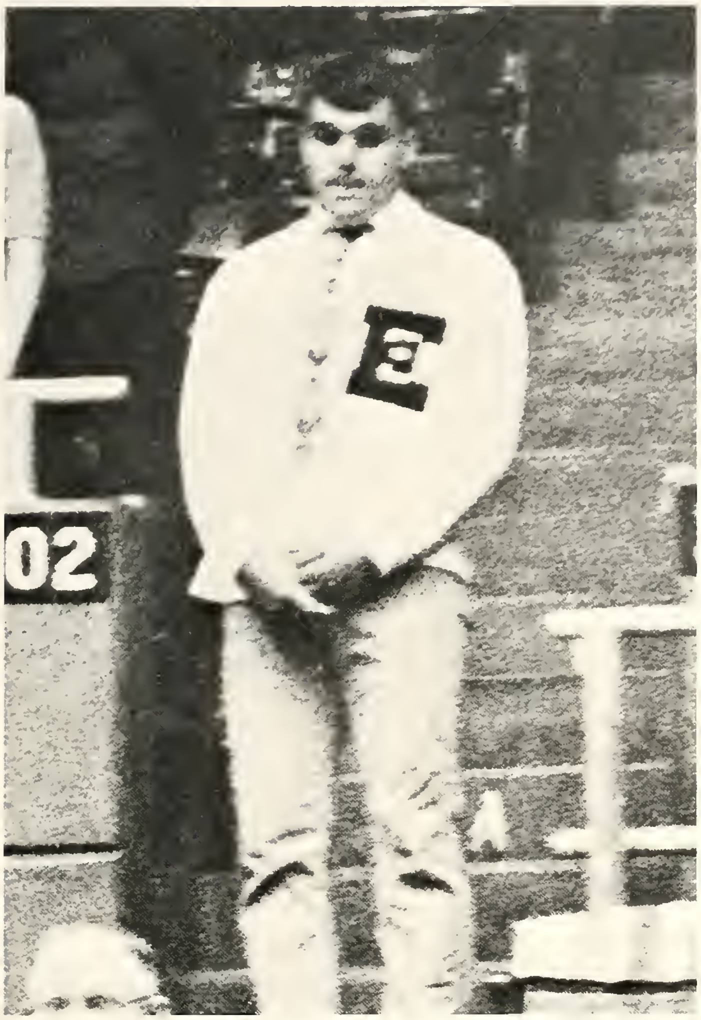
Drum and Sandal Stimulates Interest In Modern Dance

Drum and Sandal, a contemporary modern dance group, seeks to stimulate an interest in dance as an art form by offering its members an opportunity for creative dance study, composition, and performance. The club promotes an interest in artistic and creative dance and fosters standards of performance, appreciation, and understanding of dance as an art in the campus community.

Each year the club works long hours in order to present its annual Christmas show to the student body. The members made their costumes and scenery, as well as doing choreography for the numbers performed. In addition to the Christmas program, the club performed at basketball games and during Orientation Week and sponsored an informal dance.

Drum and Sandal members displayed their ability of modern dance to Freshmen during the traditional "This Is Eastern Show" of Orientation Week.



"E" Club Sponsors Traditional Dad's Day

Composed of athletes who have lettered at least one season in a varsity sport, the Varsity "E" Club serves the campus in several capacities. The club sponsored its traditional Dad's Day which included both a luncheon and a half-time ceremony in recognition of the fathers of the football team. "E" club members served as ushers at all home football and basketball games. Those active members who have earned three or more letters in intercollegiate sports were awarded "E" rings. This ring entitles the wearer to free admission to all college sporting events.

Providing ushers for athletic events is only a small part of "E" Club contributions to Eastern.

Vicky Barbour and Greg Struve display their ability on the trampoline during half-time activity.

Gymnastics Club members practice a difficult stunt of leaping over a human pyramid.

Gymnastics Club Holds Audience Spell-bound

Maintaining constructively and artistically an interest in gymnastics, the Gymnastics Club hopes to cultivate an appreciation for good sportsmanship and beauty of line, form, and movement. The organization endeavors to instill a fraternal spirit among its members to further the development of gymnastics.

The organization is composed of students interested in developing gymnastics programs throughout the state. Although the club is relatively small, its members have served the university campus greatly. Demonstrations were given on Senior Day, during the half-time of basketball games, and on trips to surrounding high schools to encourage gymnastic activity. Members also enjoyed planned recreational activities, such as picnics and parties.

Schumacher, Frances A. Martin, Erica L. Stanton, Jane A. Pace, Sharon S. Burchett, Dorothy A. Walker, Ruth Risner.

Home Economics Club Contributes to Scholarship Fund

Home Economics Club was organized in 1927. Since that time its purpose has been to acquaint future home economics teachers with the history and organization of the American Home Economics Association. Goals held by the club are to help the members learn more about the many different careers in home economics and to make senior girls aware of advanced study through scholarships and assistantships.

Activities throughout the year included an annual contribution to the AHEA International Scholarship Fund, and participation in Homecoming activities. One of the fashionable affairs sponsored by the club was a style show. A spring picnic ended a busy year for the Home Economics Club.

Home Economics members held a tea welcoming new members into the organization.

Industrial Education Club Sponsors Open House

Formerly named the Industrial Arts Club, the Industrial Education Club is composed of majors or minors in Industrial Education and Technology. It strives to promote professional interest and to encourage leadership, responsibility, cooperation, and good fellowship among its members.

Throughout the year the club has sponsored various activities which included a Homecoming float, an annual picnic, distinguished educators and industrial leaders as speakers at meetings, and attendance at the annual Kentucky Industrial Education Association in Louisville. Tours of industrial plants in the surrounding area are designed to give the student a first-hand view of problems and practices of industrial firms. At the close of each semester, the club sponsors an Open House of the College of Applied Arts and Technology to exhibit individual projects.

THE MACHINE
EKU
COVER 'EM

Long hours of hard work proved successful for the Industrial Arts and Home Economics Club when their float tied for first place for originality in Homecoming competition.

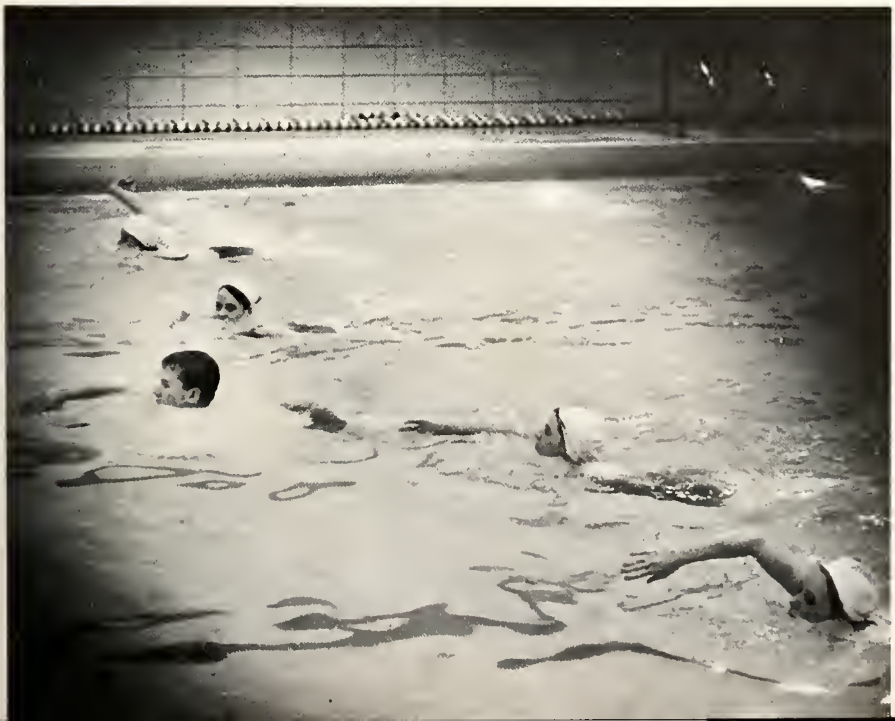
Kappa Kappa Sigma Presents "On The Town" Water Show

Providing the opportunity for creative development in aquatics, Kappa Kappa Sigma is Eastern's synchronized swim club for women. The elite organization, having only sixteen members, produced an excellent water show for which they choreographed numbers and prepared scenery and costumes, as well as performing numbers requiring skill and much practice. This year's production, which was entitled "KKS On The Town," brought alive the shops seen on any Main Street.

Profits from the water show are used to provide scholarships for girls interested in doing further work in aquatics, such as the Red Cross Aquatic School and Eastern's Summer Workshop in Synchronized Swimming.

Before presenting their annual water show, members of KKS put many long hours of hard work into scenery construction and practice for numbers.



Little Theatre Celebrates Fiftieth Year of Presenting Fine Drama

Eastern Little Theatre celebrated its fiftieth year of promoting the interest and appreciation of good showmanship and of providing practice in the study of drama this year. In contrast to previous years when the club was the producing agent of plays on campus, it now serves as a means for students to discuss all phases of drama. Although performance and active contribution on stage are welcomed in program meetings, students interested in technical and backstage responsibilities are encouraged to participate in club functions.

During the fall semester the Little Theatre sponsored a dance to finance theater excursions to Cincinnati and Louisville to view productions.

Clark Witt talked to Suzanne Ankrum "Like the Rain" and let her listen.

MENC Sponsors Party For Freshmen

MENC, a student chapter of the Music Educators National Conference, provides the music student with opportunities to participate in regular activities. These advantages helped the student develop in his chosen profession by participating in state, division, and national meetings, thereby acquainting students with leaders in the profession.

Including monthly programs and meetings, the year began with a party in September for the incoming freshmen enrolled in the music field. A program of music from the **Stephen Foster Story** was presented at the freshman assembly. Other activities of the organization included a Christmas party, followed by a dance; various money-making projects to support members at the state convention and the Southern Division convention in Atlanta.

Students enjoy dancing to the band sponsored by MENC.

PEMM Club creates an impressive float for the Homecoming parade.

PEMM Club Aids in Cerebral Palsy Drive

To further the individual welfare of physical education majors and minors the PEMM Club is designed to foster scientific research in the field of physical education. Other major objectives included promotion of sound community understanding and raising of professional standards and ethics.

Throughout the year PEMM Club engages in several projects to further the development of physical fitness. Their major undertaking of the year is the faculty fitness night held in Alumni Coliseum where the faculty participated in swimming, badminton, basketball, and volleyball. A project which displayed their school spirit was building a float for the Homecoming parade. Along with participating in the leadership convention at Western, taking an active part in the cerebral palsy fund drive, and sponsoring intramural teams, the PEMM club held its annual picnic at Boonesboro State Park.

Bottom Row: Linda M. Trautman, Barbara E. Raleigh, Deborah A. Hughes, Linda C. Susong, Donna V. Babinski, Norma E. Jones, D. Ruth Pickrell, Sharon C. Jones, Debbie Newsome, Ann Wester. **Second Row:** Karen A. Kornhoff, Elizabeth A. Stultz, Adrian R. Nix, Susie A. Donoghue, Judy L. Bowles, Sandra S. Wojciechowski, Richard Vereker, Sherry A. Faculty Discusses Pertinent Topics With Physics Club

Designed to stimulate an informal exchange between faculty and students having a mutual interest in physical science, the Physics Club seeks to obtain this goal by having members of the Physics faculty talk on the various aspects of the field that they are personally acquainted with. The organization also seeks to provide well known leaders and interesting films for the students.

The organization operates a demonstration section in the hallways of the Science building. These are simple demonstrations of basic principles of physics. In addition, several other demonstrations are prepared during Science Day on the campus. Included in the activities members return to their respective high schools giving talks on physics and seeking prospective students for the University.

Polymathologists Square Dance

Although the Polymathologists Club is a relatively small organization, it has proven to be active in its own way. During the course of the year the club inducted several new members who had taken three hours of mathematics and who have declared a major or minor in math.

The organization has decided to create more interest by not only inviting various faculty members to speak on the subject of math, but also requesting that each member of the club report upon some aspect of mathematics that he or she has found intriguing. Not all is work, for the club sponsored an annual square dance, called by Dr. Smith Park. They also conducted a spring picnic.

As stated in the preamble to their constitution, the Polymathologist's function is to "increase interest in the subject, to create a spirit conductive to original study and research in the field, to interpret to others the importance of and the benefits to be derived from the study of mathematics, ..."

Bottom Row: Cathy A. Brickler, Joyce A. Dyer. **Second Row:** Paula C. Wesh, Matt Paydarfar, Billy W. Caudill. **Third Row:** Milton K. Barksdale, Robert E. Lewis, Garnett Bougie, Linda Lawson.

Miller, Sandra K. Bryon, David K. Gooslin, Peggy A. Chambers, James B. McKinney, Elizabeth Skaggs, Sylvia L. Holcomb, Judy A. Schoulthies, Wilma E. Asbury, Susan Taylor, Debby Hughes.

SNEA Gives Christmas Party for Underprivileged Children

Students engaged in some capacity of the educational program, receiving either preparation at the undergraduate or graduate level for initial teaching, may become a member of the Student National Education Association. Chartered as a chapter of both the SNEA and the Kentucky Student Education Association, the club is entitled to all rights and privileges conferred on a student chapter.

The organization endeavors to develop among prospective teachers an understanding of the teaching profession through participation in the work of local, state, and national education associations. The club encourages its members to make education their career.

Guest speakers were invited to give lectures on various topics, and workshops were held throughout the year. Serving the campus and community area with service projects, members gained a worthwhile experience with the Christmas party for the underprivileged children of Richmond.

Dr. James C. Stull explains some of the achievements of our school system to the Nigerian representatives.

Sigma Tau Pi
Initiates New Members

Sigma Tau Pi, a business club is open for anyone in the business field working on, or who has obtained 12 hours of business. It was established to promote an understanding of business conditions taking place continually and to gain knowledge of one's chosen career.

A highlighting event of the fall semester is the initiation of new members into Sigma Tau Pi, where new pledges wear ridiculous clothes on the campus and in the grill. Among the other activities planned are the sponsoring of dances, trips to business concerns in Kentucky, including one to the Federal Reserve Bank in Cincinnati, having a Homecoming float, and a spring banquet.

Sigma Tau Pi sponsored several dances throughout the year, providing entertainment for students.

Veterans Club members took an active part in the hospital fund drive by selling "bricks."

Veterans Club Aid in Hospital Fund Drive

Eastern Kentucky University Veterans Club was re-established in 1966 after having been terminated for the past four years. As a social organization the club assists the individual veteran as he adjusts himself to civilian life. The club believes that maintaining a high academic standing is an important aspect of becoming a better citizen.

This year the Veterans Club took an active part in the Pattie A. Clay Infirmary fund drive, and has sponsored numerous dances, and parties for the Veterans of tomorrow, the student body.

The cage ball aids the WRA coeds in developing arm strength, which will be helpful later in playing volleyball.

This skilled coed out-jumps her guards for the rebound.

Women's Recreation Association Produces Prize-winning Float

Encouraging organized physical activity and prompting fellowship among participants, the Women's Recreation Association offers a variety of leisure time endeavors to the sports-minded coed. Membership is open to all women currently enrolled at the University. Under the direction of Miss Pat Johnson, the Women's Recreation Association has completed a year that has been beneficial to its membership as well as the campus in general.

A first place Homecoming float, a cook-out, high school play day, and an overnight campout provided opportunities for member participation. On April first WRA sponsored a golf clinic which offered instruction to all University students.

John Y. Brown Speaks At Freshman Assembly

Young Democrats Club strives to encourage student participation on the local, state and national election levels. The club supports the two party system, and gives the student a better understanding of the political scheme of parties, platforms and candidates.

The organization's main activities of the year were promoting the party's candidates by raising money for their campaign, and providing absentee ballots for interested students. Highlighting the year's activities was the bringing of John Young Brown to the campus. Brown promoted the club and the party by speaking at the Freshman assembly.

Young Democrats Club promoted party spirit by presenting John Y. Brown at the Freshman assembly.

Young Republican Conduct Mock Election

Striving to create the image of the Republican Party in the minds of its members, the Eastern Young Republican Club continued to build their membership to 746, becoming the largest club on campus. This increase gave the organization the largest membership in the state. The group hopes to further educate college students in a political manner.

The club was very active throughout the year, campaigning diligently in the senatorial race and helping with a mock election on campus. Members of the club attended the State Convention in February and the March Third Region National Convention in Washington, D.C. The club also sponsored its own publication entitled the "YR Messenger" available to all students. The year's activities were climaxed with the annual Young Republican banquet.

John Sherman Cooper, Republician Senator from Kentucky, visited Eastern during his campaign for re-election last fall.

Bottom Row: Vicki S. Walters, Eva J. Reeder, Linda M. Sundell, B. Yvonne Mays, Sandy C. Wilt, Susie A. Luttrell, Carolyn S. Welch, Marilyn G. Barnhart, Judith A. Brunker, Marilyn K. Wesley, Vicki R. Students enjoy the lively atmosphere of "The Ark," BSU's coffee house.

Baptist Student Union Hosts Coffee House

Providing a ministry to the entire University community, the Baptist Student Union serves as a tie between students and local churches. Located at the center is a full-time minister whom students feel free to visit for spiritual help.

Weekly activities of the group include vespers, YWA's, choir, theological roundtable, discussion groups, and various projects at local hospitals and nursing homes. The attraction drawing many students to the center is the weekly "Ark," a coffee house open on Friday and Saturday nights.

Other activities of BSU included being host last spring to a statewide Leadership Conference, at which time local students annually raise one thousand dollars for summer mission projects. A touring choir presented fifteen concerts of sacred music throughout the year. The University's International students are guests each year of the BSU for a weekend retreat at Gatlinburg, Tennessee, in the fall.

Sunday Dinner Meeting Provides Fellowship for DSF

Providing worship and fellowship activities to stimulate Christian thinking and living is the Disciples of Student Fellowship.

Sunday evening dinner meetings provide guest speakers and group discussions on the role of Christianity in the current times. Other activities during the year included picnics, student-faculty dinner, Christmas banquet, retreats, caroling, and visitation to homes for the aged.

Many campus organizations, including DSF, constructed floats which were beautiful additions to the Homecoming parade.

Students spend an enjoyable evening dancing and crowning a new queen at the Mardi Gras.

Newman Club's Mardi Gras Provides Entertainment

Newman Club motivates the Catholic students at Eastern to make Christ relevant to their lives. Students develop spiritual understanding through the various retreats, communion breakfasts, and days of recollection sponsored by this organization. The club affords numerous educational opportunities in the form of theology lectures, guest speakers and discussion on current problems.

Social events for the year included the homecoming queen candidate and float, several picnics, a chili supper, and the yearly Mardi Gras Dance.

Wesley Foundation Presents Live Nativity Scene

Wesley Foundation, earnestly seeking to be the Methodist Church on campus, holds as its primary purpose the striving to promote Christianity in a way that is in keeping with the campus mind. This goal is accomplished in several areas. The most important single aspect of the overall program is to provide opportunities for the worship of God. This is done by the traditional Sunday and Wednesday worship services.

The Foundation places great stress on education and service. Study groups are held regularly dealing with the scriptures in seeking to find their present day meaning. Other topics dealt with include morality, theology, church history, current events and Christianity. The organization presented a live nativity scene in front of the center which was the major activity of the year.

Wesley Foundation members presented an impressive live nativity scene for the public's enjoyment in front of the student center.

Westminster Fellowship Presents Challenge to Academic Community

Actively affiliated with the First Presbyterian Church, the Westminster Fellowship aims to provide opportunities for the moral, spiritual, intellectual, and social growth of students of all denominations. The Fellowship meets every week on Sunday and Wednesday evenings for supper, business meetings, and programs. Annual activities include outings, parties, and picnics, fall and spring retreats, Homecoming float, Thanksgiving and Christmas banquets, Christmas banquets, Christmas caroling, a children's party at the Telford Community Center, spring convocation, and a year-end banquet honoring seniors. Through its programs and activities, the Fellowship seeks to challenge its members to unite in Christian fellowship and to seriously consider the implications of the Christian faith for the academic community and for every area and relationship of life.

Westminster Fellowship members found a beautiful float requires much labor before the finished product.

Concert and Marching Bands Perform On and Off Campus

Directed by Nicholas J. Koenigstein and assisted by Gerald Grose, the Marching Maroons and the Concert Band performed at three campus concerts, toured high schools throughout the state, and performed at ballgames.

Wearing their sparkling new uniforms, the Marching Maroons performed at half-time during football season. They also provided the pep band for basketball games. Presenting three concerts during the year, the Concert Band provided entertainment for the campus and community.

Eastern's Wind Ensemble, also known as the Symphonic Band, contains the highest calibre band music and highest qualifications in performance and in instrumental. It is a sixty-member group which toured with the Concert Band this year, as well as holding campus concerts.

Eastern's Marching Maroons performed in beautiful new uniforms this year.

Mr. Nicholas J. Koengstein directs Eastern's marching band at the Eastern-Western football game.

Mary Jo Holl, Eastern's feature twirler, exhibits a baton movement which demonstrates her talent and skill.

Each individual band member is an integral part of the Marching Maroons.

Marching Maroons Stimulates Spirit

The trombone section of the Marching Maroons blares forth with a peppy tune.

Dr. Robert Oppelt conducts the Symphony Orchestra at the annual presentation of the "Messiah."

Symphony Orchestra Performs Annual "Messiah"

Dating back to 1930, the 1966-67 Symphony Orchestra was the largest and finest in the history of its organization. Sixty-five players comprise this orchestra.

Major works of instrumentation were performed this year. The orchestra performed five concerts including the annual presentation of the "Messiah," a joint orchestra-choral program, and concerto program with several student soloists on campus and on tour.

Climaxing the past ten years of development of the Eastern Symphony. They received an invitation to appear in Atlanta, Georgia, in April at the Southern Division meeting of the Music Educators National Council. They also performed a program at the Marriot Motor Hotel before 2,000 music educators.

Symphony Orchestra. Chamber and Concert Choir Engages in Statewide Tours

Performing choral music written especially for the Chamber ensemble is the main activity of the Chamber Choir. In the fall of 1966, the Chamber Choir became a credit course for which interested students qualify through an audition. They meet for rehearsal three times a week.

Throughout the year the choir performed various concerts in the surrounding areas and a full concert on campus in the spring.

Concert Choir is a credit course offered the music majors and non-majors who wish to audition. They strive to perform standard choral literature in concerts that are given not only on campus, but also on statewide tours to churches and high schools.

Chamber Choir: Bottom Row: Mary K. Asher, Carolyn M. Murphy, Judith C. Cable, June C. Bonny, Susan E. Lovell, Monna G. Breland, Patricia A. Gilbert, Norma J. Ruble, Barbara J. Shearer, Roberta J. Photographers Strive For Excellence

Eastern's photographic staff, in a conscientious effort to achieve excellence in pictorial production, spent many hours of work which resulted in quality photographs appearing in all University publications.

Responsible not only for the pictures appearing in the **Progress** and **Milestone,** Eastern's photographers display their efforts in all official University brochures, bulletins and news releases.

Michael Coers, University Photographer, concludes five years of student and professional contribution to the artistry of the **Milestone.** Rob Kumler utilizes part-time professional experience in the staging as well as the technical production of pictures.

Board of Student Publications Reviews Editorial Appointments

In its sixth year of operation, the Board of Student Publications, serves primarily to review and approve editorial appointments for the **Progress** and **Milestone.**

The Board, composed of four administrative and academic officials of the University and five students, meets twice yearly, but is subject to called meetings at anytime for advisory purposes. Members of the governing body of student publications are: Executive Dean, Vice President for Student Affairs, and the Dean of Public Affairs. Student members of the board include those holding the top two editorial positions of both the **Progress** and the **Milestone,** and the president of the Student Council.

Other responsibilities of the board include establishment of the criteria of training, academic standing, and qualities of leadership to further insure highest standards of excellence.

Progress Adds Nationally Renowned Columnist

The Eastern Progress, presently in its forty-fourth year of publication, is the official student newspaper of the University. Published weekly throughout the school year by a voluntary organization of students, the **Progress** is dedicated to serving the campus and the University community.

Self-supported by its advertisement, the paper has taken upon itself the duty of reporting and interpreting the events and issues occurring within the campus community and the academic world.

A newspaper that has grown in stature and in contributions along with the expanding institution which it serves, the **Progress** this year added the nationally syndicated columnist, Ralph McGill, and the brilliantly satirical and analytical cartoons of Hugh Haynie to its "op ed" page.

Year after year, the excellence of the **Progress** has been recognized by top ratings and awards from the Associated Collegiate Press, the Columbia Scholastic Press Association, and the National Newspaper Service.

Pacesetting Milestone Ranks Among Best in Nation

After receiving the "mythical" Triple Crown from three top critique services, the editors of the **1967 Milestone** devoted themselves to produce a yearbook of which everyone at Eastern can be proud.

Dedication from the initial stages was required of each section editor and staff member. Long hours of planning, requisitioning and cropping pictures, drawing layouts, and writing copy was only a foundation on which the yearbook developed. As deadlines drew nigh, sacrificies had to be made. Hours became longer as the amount of work increased. But as the days passed, deadlines were met, and the **Milestone '67** took its present form.

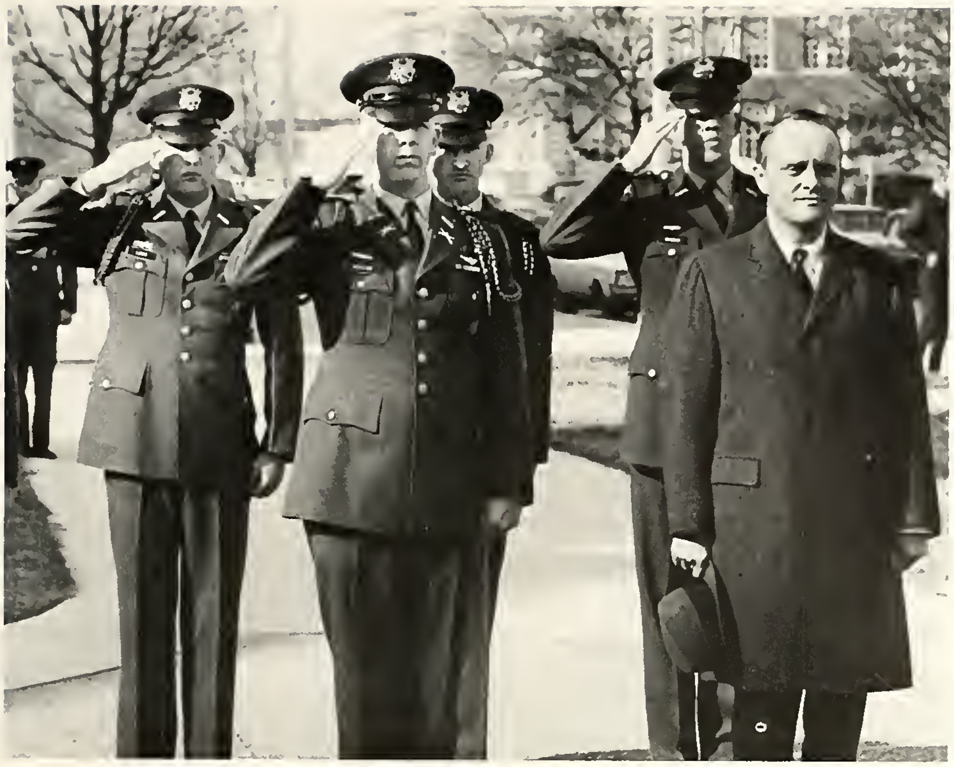
Military Science Department Trains Future Officers

Under the direction of Colonel Everett N. Smith, the Military Science Department continues to produce leaders of strong moral character, whose minds are creative, critical, and resourceful. In his continuing attempt to develop able leaders and instill in every cadet the ideals of democracy upon which our country was founded, Colonel Smith maintains a program of high academic standards and physical fitness. The academic curriculum and military training encourage a readiness to accept responsibility and implement decisions without hesitation or reservation, not only as military leaders, but as leaders in any of life's ventures. As graduates of the ROTC program, the cadets are prepared to serve their country in the best way possible, as officers in the Army.

Colonel Everett N. Smith
Professor of Military Science

Weekly staff meetings provide an opportunity for members of the cadre to plan the coming week's agenda.

Colonel Smith congratulates recipents of the ROTC Scholarship, Don Smith, Alan Baldwin, and Bruce Williamson.



Among the duties of the Brigade staff is planning and discharging details such as the honor guard welcoming Governor Beathitt. Accompanying the Governor are Cadet COL Daniel Webster, Brigade Commander, and his staff, LTC Robert Long, MAJ William Bryant, MAJ David Wagner.

Corps Period Provides Leadership Laboratory

Leadership is a priceless asset in any profession and is the most essential quality possessed by any Army officer. Corps period provides potential leaders a chance to develop the necessary attributes and abilities through training, practice, and practical application of leadership principles. This year the cadet corps has expanded to four battalions in order to accommodate a large cadet brigade. Corps period is a necessary facet of the ROTC program to permit the application of the essentials of coordinated teamwork. A step toward this end is the employment of the basic principles of drill and ceremonies taught to each freshman cadet. It also provides both cadets and cadet officers a chance to exhibit their qualities of military bearing and the ability to lead as well as to follow orders from others. To those who take advantage of these opportunities belongs the future.

Corps period provides an incentive as well as a responsibility for cadet leaders.

First Battalion Staff: CPT Clark Fuller, MAJ William Hensley, CPT Charles Greenwell, SMJ Larry Gupton, CPT George Quisenberry, and LTC Donald Rector.

Second Battalion Staff: CPT Cameron Hays, LTC Joseph Arteberry, CPT Ronnie Jackson, and CPT Danny Smith.

Brigade Expanded to Four Battalions

Unable to fight the bitter cold, a basic corps cadet breaks the position of attention to warm his ears.

Third Battalion Staff: CPT William Pollitt, CPT James Frazier, MAJ Randy Wells, CPT Larry Myers, LTC Gordon Brackett.

Fourth Battalion Staff: MAJ Steve Gibson, MAJ William Ashley, CPT James Oswald, LTC Daryl Wesley, CPT Gerrit DeJager, SMJ William Scott.

Bottom Row: Willena Eaton, Rita Smith, Pam Loesch, Anita Suro, Kathy Nelson, Sandra Howse, Sharon Diltz, Holly Biedenharn. **Second Row:** Patsy Palmer, Carolyn Thomas, Martha Ross, Nancy Lewis, Betty Hawn, Sharon Collins, Joyce Mason, Judy Green. **Third Row:** Susie Donoghue, Ruth Reibling, Connie Tuttle, Janet Howard, Joyce McKenzie, Cherry Yelton, Pat Taulbee, Linda Locknane.

Sponsors Add Beauty to Brigade Functions

In September the Advanced Corps cadets choose a lovely coed to represent each headquarters and company. They wear a distinctive uniform and the honorary rank of the corresponding unit commander. The qualifications which must be met before becoming a sponsor make the position a coveted honor. Shortly before Christmas vacation the sponsors journeyed to Ireland Army Hospital at Fort Knox to extend Christmas greetings to wounded soldiers. Another major function was drilling at the East Tennessee basketball game. Under the command of Miss Susie Donoghue, the Brigade sponsor holding the rank of honorary Cadet Colonel and the title of Queen Athena, the sponsors add beauty to Brigade formations and ceremonies.

Above: Brigade sponsor, Honorary Colonel Susie Donoghue, expresses concern as she distributes a gift to a wounded soldier at Fort Knox. **Right:** Honorary Captains Linda Locknane and Cherry Yelton present sponsor-made Christmas greetings to a wounded Viet Nam veteran at Ireland Army Hospital, Fort Knox, Kentucky.

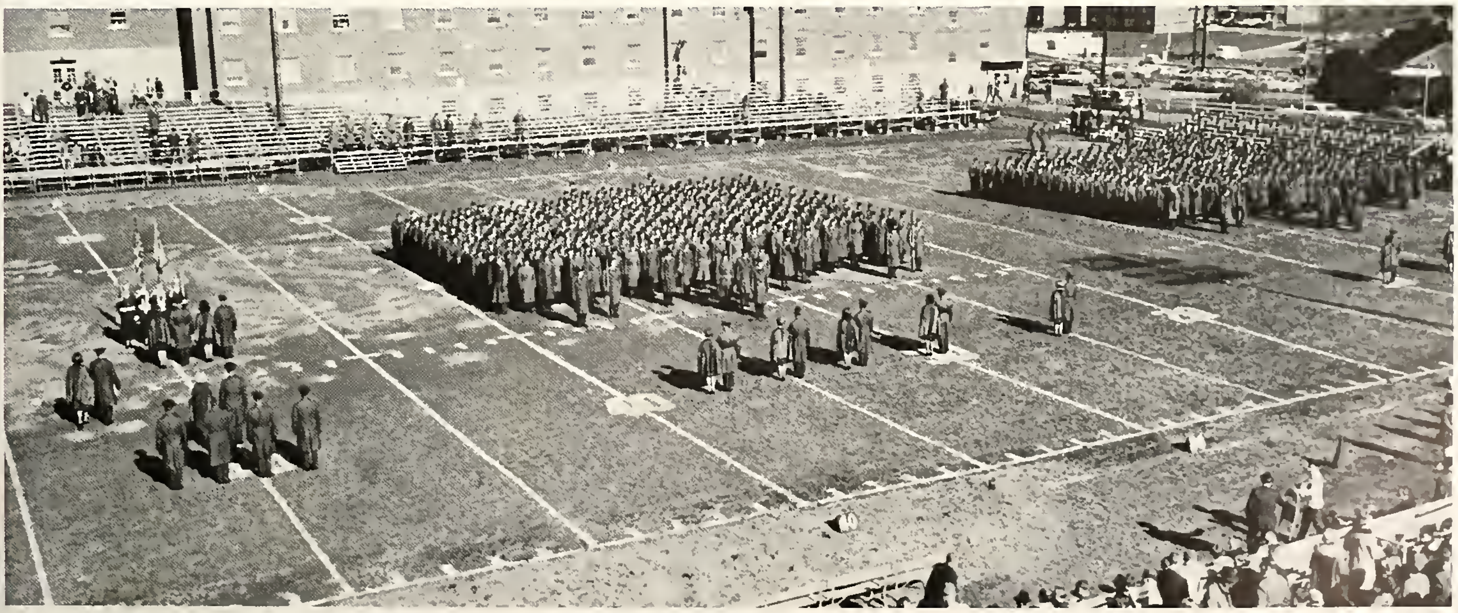
The ROTC color guard displays proper respect for the national and school colors at football and basketball games, parades, and honor guards.

Military Day Includes Parade and Pre-game Cheer

E Company 1SG Hal Johnson shows cheerleaders how it's done.

On November 12 Eastern's ROTC Brigade, commanded by Cadet COL Daniel B. Webster, engaged in the annual Military Day activities. The brigade of 2,500 cadets participated in a parade through downtown Richmond, passing a reviewing stand manned by President Robert R. Martin, COL Everett N. Smith, and other dignitaries. In the pregame ceremonies, the brigade, consisting of sixteen companies, was led into Hangar Stadium for a mass formation. After introduction of the Brigade staff, the Battalion staffs, and the sponsors, and the playing of the national anthem, the cadets were assembled in the bleachers for an afternoon of football.

Pre-game ceremonies for Military Day included a Brigade formation on the football field.



The IDR Squad of Company R-1 competes for top awards at the University of Xavier Drill Meet.

Company R-1 Cops Eighteen Additional Drill Trophies

Company R-1, in its twelfth year of existence, continued in its path as a pacesetter among the organizations on Eastern's campus and the Pershing Rifle units in the First Regiment. Under the leadership of CPT Daryl V. Wesley, R-1 began the year with traditional service to the University as road guards and registration workers.

The annual pledge smoker drew 155 prospective pledges. After a demanding semester, highlighted by active-pledge ballgames, daily drill, pledge hikes, exhibitions in parades and basketball games, and pledge week, Company R-1 brought thirty-four of the best men in Eastern's ROTC Brigade into the ranks of the Pershing Rifles.

R-1 added eighteen trophies to its collection in the spring drill season of 1966. R-1's famed "Suicide Squad", commanded by 1LT George Quisenberry, took six first place trophies and moved into the 1967 season undefeated. Eastern's Pershing Rifle unit placed top in Battalion and Regimental Inspections. Teams competed against were Pennsylvania Military College, Gannon College, Xavier, Western, and Kentucky.

Pershing Rifle pledge Tom Thurman endures the rigors of pledge week in hopes of becoming an active.

With respect and dignity a formal retreat ceremony brings a solemn close to a school day.

The Exhibition Platoon displays precision drill at its finest as they compete for Battalion recognition.

An integral part of field communications is efficient radio operation at the command post.

A belt of ammunition exemplifies fire power.

The Counter-guerrilla Company shows proper respect for Governor Breathitt as he visits the campus.

Proper camouflage is a necessary part of combat survival.

Raiders Instill Confidence and Endurance

In its fifth year at Eastern, the Counter-guerrilla Raider Company has as its purpose, the training of interested cadets in the essentials of a combat soldier. Braving the elements of every season, the Counter-guerrillas fulfill their training requirements with dedication. Training phases include hand-to-hand combat, field communications, combat proficiency, and physical fitness.

This is the second year that membership in Raider Company has been available to first semester freshman cadets. Interested cadets were invited to attend a smoker which familiarized them with the organization, its functions, and the active members.

Numerous obstacles make infiltration nearly impossible.

Under the direction of Drum Major SFC Dennis Wheeler, the ROTC Band Company provides music as the Brigade passes in review during Military Day Parade.

Band Accompaniment Enhances ROTC Parades and Reviews

Band Company is composed of talented freshman and sophomore cadets who volunteer from field platoons to play an instrument in the ROTC Band.

The band followed the Brigade staff in both the Veteran's Day and Military Day parades, providing music as each company passed the reviewing stand. In addition the band supplied music at the East Tennessee basketball game. A major function of the band each spring is to play at the President's Review and Dean's Review when the Military Science Department honors outstanding cadets in the Brigade.

Under the command of 1LT James M. Drake, Band Company utilizes its corps period practicing on the drill field or inside during inclement weather. Band Company is advised by CPT Louis Apuzio.

Band Company Commander 1LT James Drake, Company Sponsor Cherry Yelton, and 1SG Dan Cooksey stand at attention as the detachment plays the "U.S. Field Artillery Song" at Military Day pregame ceremonies.

Rifle Team: George Risher, Mike Carroll, Danny Dillman, Tony Gruelle, Dale Jackson, James Black, David Spratt, Paul Roy, Robert Leux.

Rifle Team Excels in Marksmanship

Any student enrolled in ROTC is eligible to try out for the Varsity Rifle Team. The team engages in competitive markmanship shooting against schools in the Kentucky League and OVC, including Kentucky, Louisville, Xavier, Murray, and Cincinnati. The group's quality markmanship was responsible for their winning the Kentucky Stage Championship and placing third in Ohio-Kentucky League competition. Dale Jackson, who compiled a high score of 276 in the Ohio-Kentucky League Championship, was the recipient of the ROTC Individual Award.

Rifle team coaches CPT Marvin Goff and SSG William Mullins confer with rifle team captain, Dale Jackson, on the scoring of his targets.

Pershing Rifles Rifle Team: Tony Gruelle, Mike Carroll, Danny Dillman, Dale Jackson, David Spratt.

Cadet Robert Morrison analyzes a combat situation on a field problems testing course.

Captain Louis Apuzio delivers basic instruction on field problem leadership.

Field Training Exercises Provide Leadership Training

Field Training Exercises are a basic part of the leadership training of every advanced corps cadet. Under the supervision of the Military Science cadre, future officers develop combat proficiency skills and confidence in small unit leadership traits. Problems facing the cadets include field situations, land navigation, camouflage, and celestial navigation. Every activity is designed to contribute to the student's preparation for summer camp, as well as providing a basis for life in the Army after receiving his commission.

Spare moments in the field provide time for the smoking lamp to be lit.

Cadet Joseph Arterberry takes notes as an inspecting officer checks barracks equipment.

Summer Camp Leads To A Commission

Summer Camp gives cadets an opportunity to apply the leadership and tactical training concepts they have learned during three years of Military Science instruction at Eastern. Throughout an intensive six weeks, the future Army Officers assume leadership positions in all facets of military operations. Enduring the rigid competition at Indiantown Gap Military Reservation, Eastern placed third behind Pennsylvania Military College and Murray in overall competition in 1966.

After four years of practical and academic training, the cadets reach the summit of their ROTC instruction and receive their commissions in the Reserve Army. For Distinguished Military Graduates, a commission in the Regular Army awaits them.

Receiving the gold bars which designate him a second lieutenant is a proud moment in the life of Daniel B. Webster.

While discussing his shot pattern, Cadet Gordon Camuel discovers flaws in sight picture.

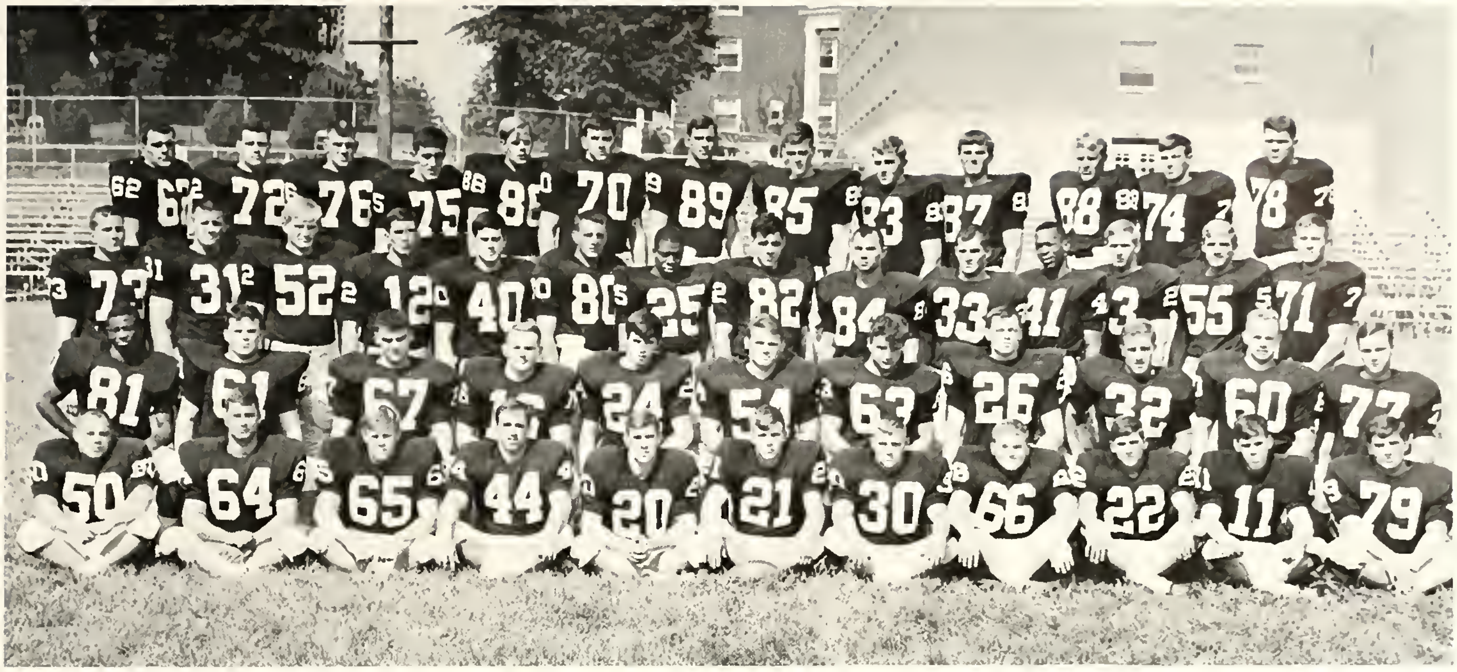
Mud-smeared players were a common scene as the Colonels braved the rain, cold, and mud enroute to a 7-3 record.

Records, Opponents Fall As Colonels Finish With 7-3 Record

Coach Roy Kidd's 1966 Colonels broke twenty-three school records and tied five more as Eastern enjoyed its most successful football season in over a decade. Quarterback Jim Guice led the assault on the record books, setting eight new marks. He was followed closely by Aaron Marsh who set five.

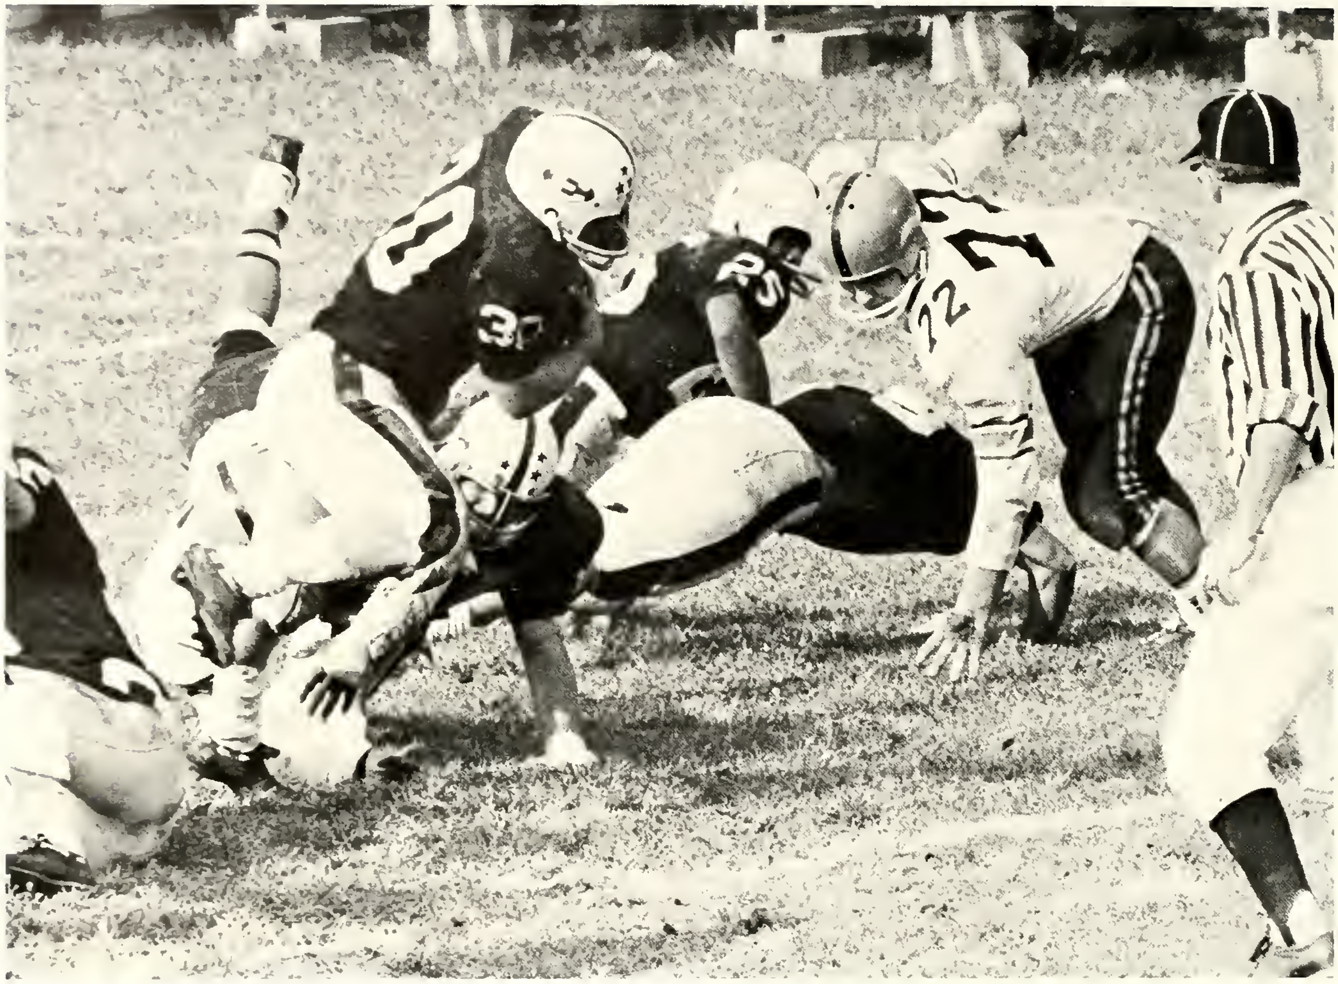
Leading the Colonels to a laudable 7-3 record and a third place finish in the Ohio Valley Conference were Guice, Marsh, Mike Smith, and OVC "Defensive Player of the Year," Buddy Pfaadt.

In the opener against Austin Peay, the Colonels exploded in the third quarter as Guice filled the air with footballs and connected with split-end Marsh for three touchdowns. The Colonels went on to defeat the Governors 33-15.



1966 EASTERN COLONELS—Bottom Row: Mike Lawson, Steve Utley, Jimmy Moberly, Mike Smith, Harry Lenz, Butch Green, Bob Beck, Walter Murphy, Ted Green, Tim Speaks, Ron House. **Second Row:** Aaron Marsh, Rich Sivulich, Don Wigginton, Tom Inparato, Don Moore, Joe Slatter, Ron DeVingo, George Wolski, Foster Harris, Lowell Flanary, Bill Zwick. **Third Row:** John Conner, Don Seifert, Dick Dunkle, Jim Guice, Ted Holcomb, Buddy Pfaadt, Herman Carter, Mike Riggs, Joe Maher, Rich Dryden, John Tazel, Lynn Ray, Ronald Reed, Tom Swartz. **Fourth Row:** Fred Troike, Ralph Mertx, Bob Tarvin, Bill Brewer, Roger Prall, Jim Demler, Charlie Metzger, Tom Shetler, Ozzie Stivers, Ed Kuehne, Chuck Siemon, Miller Arritt, Phil Knauer.

Left: Coach Roy Kidd ponders tactics to counter Morehead's offense in the Colonels' 21-19 loss to the Eagles. **Below:** All-American Buddy Pfaadt demonstrates his speciality, pass interception, as he diagnoses a pass pattern of an intended receiver during a practice session.



Bob Beck plunges through a hole in the Oiler's defense to score.

Colonel halfback Herman Carter swings around end, . . .

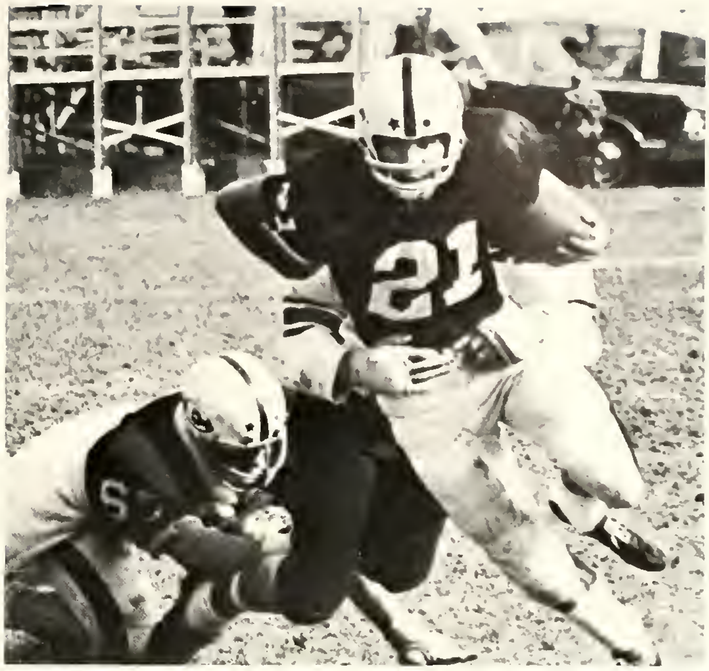
. . . **eludes** a Findlay tackler, . . .

Middle Tennessee Ends Colonels' Three-Game Winning Streak

After rolling over Marshall 26-6 and Murray 27-6, the mighty Colonels were stung in the last minute of play as the Raiders of Middle Tennessee nipped Eastern 22-20.

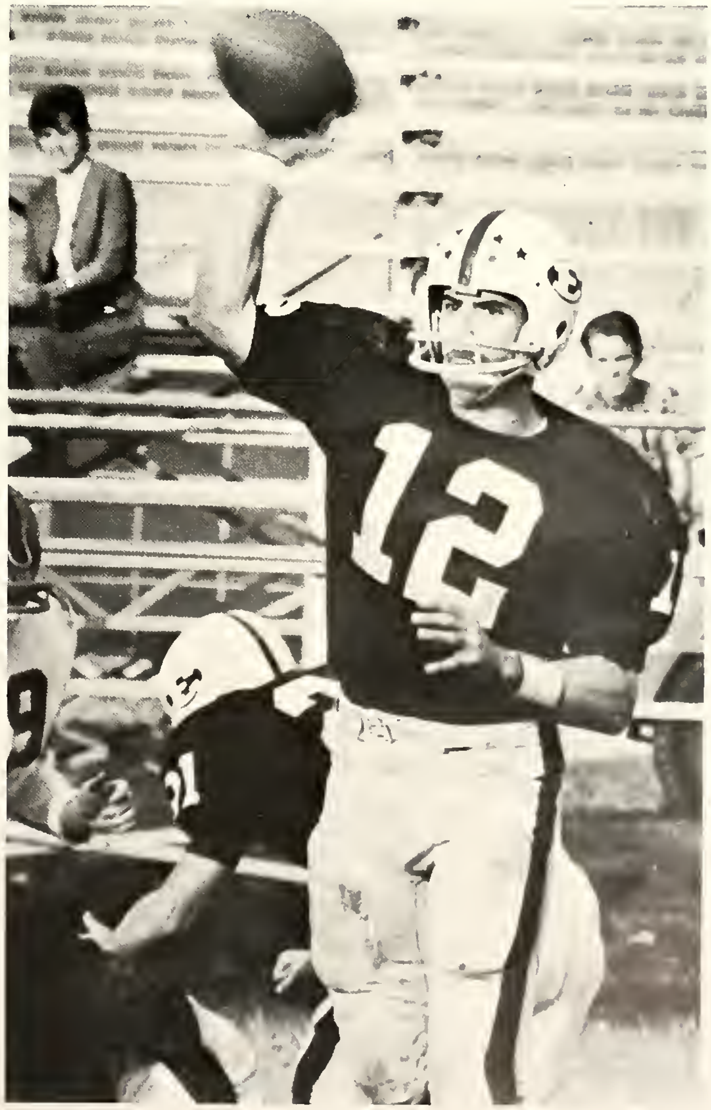
Middle Tennessee scored first after they recovered a fumble on the Colonels' one yard line. However, quarterback Jim Guice completed three passes to John Tazel, putting Eastern on the Raider's seven yard line. Two plays later Bob Beck plunged over from the one yard line to tie the score at 7-7. Eastern scored again before the end of the first half on a Guice to Marsh aerial to lead 14-7.

It was all Middle Tennessee in the third quarter as the hosts knotted the score. After having their ground attack stopped, Eastern took to the air. Aaron Marsh received a Guice pass on the Raider's thirty-five yard line and galloped in for the score, giving Eastern a 20-14 lead. With 1:37 left in the game, an intentional safety and a penalty, coupled with some Raider trickery, found Eastern trailing 22-20 with one minute to go.



Tailback Butch Green is brought down by a Findlay tackler after a long gain in Eastern's 35-6 romp over the Oilers.

All-Conference quarterback Jim Guice remains poised as he fires toward an Eastern receiver.



. . . **and fights** his way for a touchdown.

Linebacker Ron Reed, who was the Colonels' leading tackler during the 1966 season, finds himself in a reverse situation as he is downed by two Western tacklers after intercepting a Hilltopper aerial.

Colonels Roll Over East Tennessee, Findlay, and Arch-Rival Western

After coming from behind to down East Tennessee 21-7 in a muddy, sloppy Hanger Stadium, the Colonels unleashed their powerful offense and soundly trounced Findlay 35-6, avenging last year's humiliating 34-3 loss to the Oilers.

Eastern survived a shaky third quarter to defeat the Western Hilltoppers 24-12. The Colonels rolled to a 17-0 halftime lead, but found the Hilltoppers tougher competition in the second half.

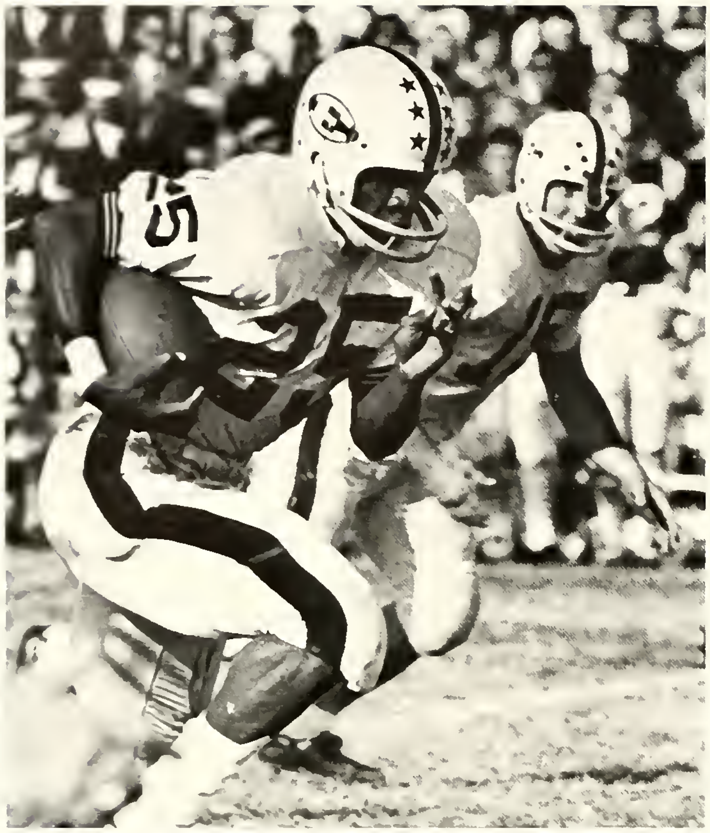
At the end of the third quarter Eastern led by only seven. The Colonels struck back early in the fourth period when Jim Guice tossed a touchdown pass to Bill Brewer on a tackle eligible play.

With Eastern leading 24-10 Western drove to Eastern's seven yard line, but the Colonel defense rose to the occasion, stopping Western's last threat of the game. An intentional safety later in the game produced Western's other two points.

Butch Green is tackled after picking up valuable yardage against the Tampa Spartans.

Herman Carter seems to be on the lookout for an Eagle defender after receiving a Guice aerial.

Defensive back Harry Lenz studies the action during the Morehead game.



Herman Carter displays the speed which made him the Colonels' leading rusher.

1966 FOOTBALL SCOREBOARD

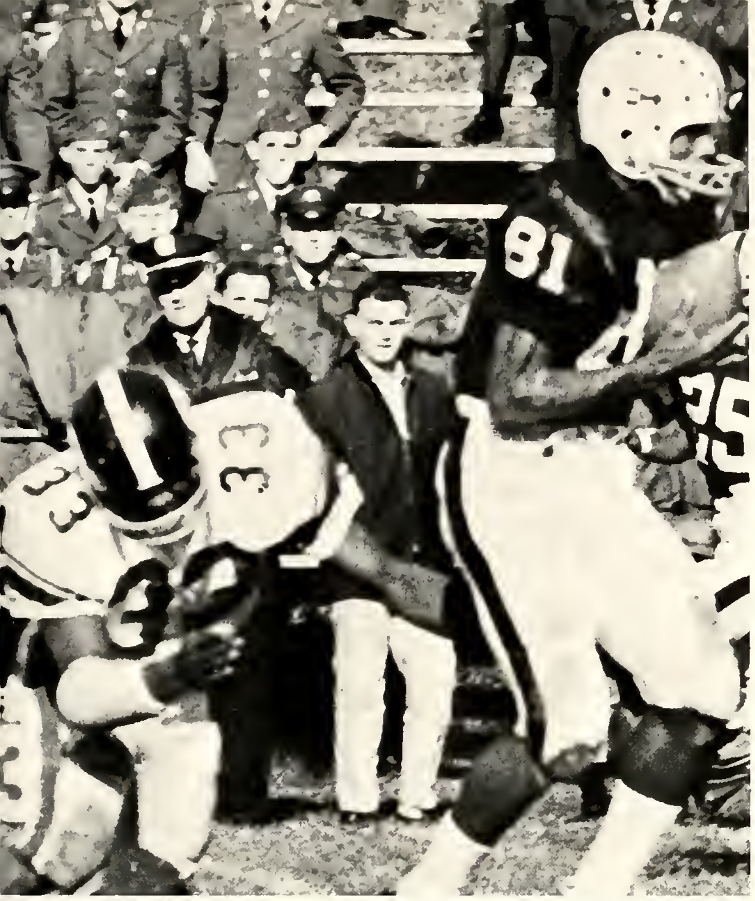
19	Morehead	21
14	Tampa	6

An unidentified Morehead player and Eastern's Aaron Marsh watch a pass fall harmlessly to the turf.



Split-end Aaron Marsh grabs a Jim Guice pass just before being tackled by a Morehead defender.

Colonels Lose Two Straight; Drop From Conference Lead

Eastern's hopes for a conference championship were stifled as the powerful Colonel offense bogged down in Hanger Stadium's sea of mud. Tennessee Tech spoiled Eastern's Homecoming by defeating the Colonels 7-3. Eastern scored early when Mike Riggs booted a thirty-seven yard field goal. Tech found the Colonel defense napping early in the second quarter and scored the lone touchdown of the game on a thirty-eight yard pass. Both teams floundered helplessly in the mud the second half.

In the last game, Morehead rallied in the second half and handed the Colonels their second straight loss. Morehead scored first as fleet Tommy Gray scored his first touchdown of the game on an end sweep. Eastern came roaring back to score three touchdowns in eight minutes as Jim Guice fired to his favorite target, Aaron Marsh, for the scores.

With Eastern leading 19-14 and fifteen seconds left in the game, Morehead's Gray scored his third touchdown of the afternoon, giving Morehead a 21-19 victory over the Colonels.

The Colonels closed their season upsetting the highly regarded Tampa Spartans 14-6 in the Florida city. Trailing by 6-0 at the half, the Colonels hit paydirt early in the third quarter when tailback Herman Carter went 81 yards for a touchdown giving Eastern a 7-6 lead. Late in the final quarter Bob Plotts boomed a punt 78 yards to the Tampa two yard line. Buddy Pfaadt closed the scoring with a 24 yard interception return of a Tampa pass.

Eastern's punter Bob Plotts gets the punt off just in time as a Tampa player rushes him.

Jim Guice eludes two Findlay tacklers enroute to a thirteen yard gain during action at Hanger Stadium.

Mentor, critic, and concerned friend are the roles which characterize Colonel Coach Jim Baechtold.

Eastern sophomore guard Joe Prats drives by two Tennessee Tech players for an easy layup.

Inexperienced Colonels Encounter Difficulties During Season

Lack of experience and height plagued the Colonels of Coach Jim Baechtold throughout a disastrous season. With only one starter over 6′3″, the speedy, hustling Colonels were overcome by taller opponents eighteen times while emerging victorious only five.

Engineering the Colonel attack was flashy Bobby Washington voted the Ohio Valley Conference outstanding Sophomore-of-the-Year, with his radar passes and 17.5 scoring average. Lending ample support was Garfield Smith, a 6-7 junior, who led the team in scoring and rebounding with respective averages of 17.8 and 13.4. Providing a steady influence for the young Colonels were seniors Dick Clark and Doug Clemmons. Clark finished his senior year with a 17.4 scoring average and hauled down eight rebounds a game. Clemmons, a defensive stalwart, recovered from an early-season ankle injury to average 10.4 points per contest.

Eastern began their season by rolling Transylvania 113-89. Although Transy came within five points with a little over ten minutes remaining, the Colonels pulled away after back-to-back field goals by Garfield Smith and sophomore guard Joe Prats.

During an action packed game with rival Western, Garfield Smith battles Western's Dwight Smith for a rebound.

Eastern Places Third In Tech Invitational

Eastern's Colonels saw a first half lead turn to a 99-88 defeat at the hand of the Thundering Herd from Marshall. Their inability to hit with consistency and personal foul trouble to key individuals proved to be the Colonels' downfall.

Paced by Glynder Torain and All-America Don May, the Flyers of Dayton charged to a 31-9 lead as the Colonels dropped their second game of the young season. Although downed 22 points in the early going, the gallant Colonels refused to give up without doing battle. With Garfield Smith controlling the backboards and Bobby Washington providing the offensive spark, Eastern cut the Dayton lead to eleven points at 55-44.

But the Colonels could not keep pace against taller, more experienced Flyers and fell 104-82.

After losing the opener, 99-77, to the Gobblers of Virginia Tech, Eastern bounced back to capture third place in the fourth annual Tech Invitational Tourney by downing Florida State 81-59. Eastern's Garfield Smith set a tournament record by hauling down forty-one rebounds in the two games.

Sophomore sensation Bobby Washington wriggles by a Marshall player for an easy layup. Washington often awed Colonel fans by his deceptive moves and radar passes.

1966-67 Basketball Squad-Bottom Row: Donnie Harville, manager; Joe Prats, Tom Crotty, John Bleidt, Paul Bryant, Herb Jurick, manager; **Second Row:** Bill Walton, graduate assistant; Bobby Washington, Doug Clemmons, Garfield Smith, Clenantt Arnold, Dave Huffstetler, trainer. **Third Row:** Coach Jim Baechtold, Jerry Godbey, Gary Paul, Boyd Lynch, Jerry Jones, Dick Clark, Jack Adams, assistant coach.

Senior guard Doug Clemmons fires a 15-footer during Eastern's 90-74 loss to Tennessee.

Above: Height proves to be the deciding factor as Garfield Smith scores with a tip-in against Morehead. **Right:** Substitute Gary Paul shoots to add a possible two points for the Colonels' cause.

Eastern's Troubles Begin With OVC Holiday Tournament

East Tennessee held Eastern's pivot man, Garfield Smith, to only nine points as the Colonels were ousted in the first round of the OVC Tourney 87-78. The lone bright spot for Colonel fans was the outstanding performance turned in by playmaker Bobby Washington as he collected 28 points in a losing cause.

Failure to connect at the charity line haunted the luckless Colonel five as they outscored both Murray and Austin Peay from the field while losing to the two conference foes, 86-76 and 71-62.

Western hit a blistering 52.1 per cent of their shots from the field as they handed Eastern their fifth consecutive loss. Eastern obtained its only lead, 4-3, after senior forward Dick Clark scored twice on two driving layups. The Hilltoppers then charged out to a 26-11 lead in the next six minutes and rolled on to a 116-71 victory.

Utilizing his height advantage, 6-7 center Garfield Smith shoots over the outstretched hands of an Austin Peay defender.

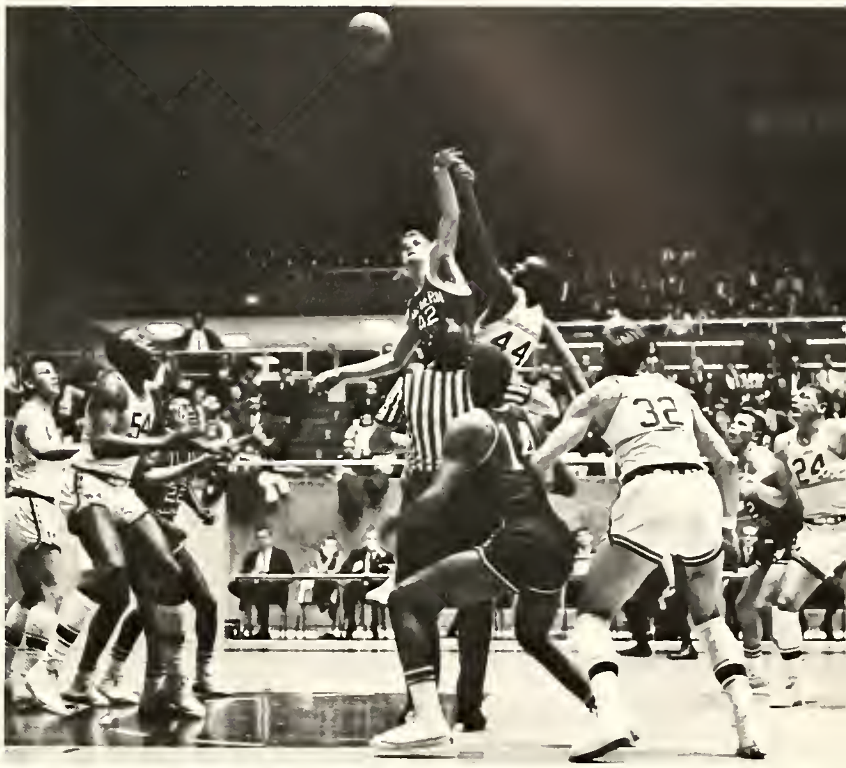
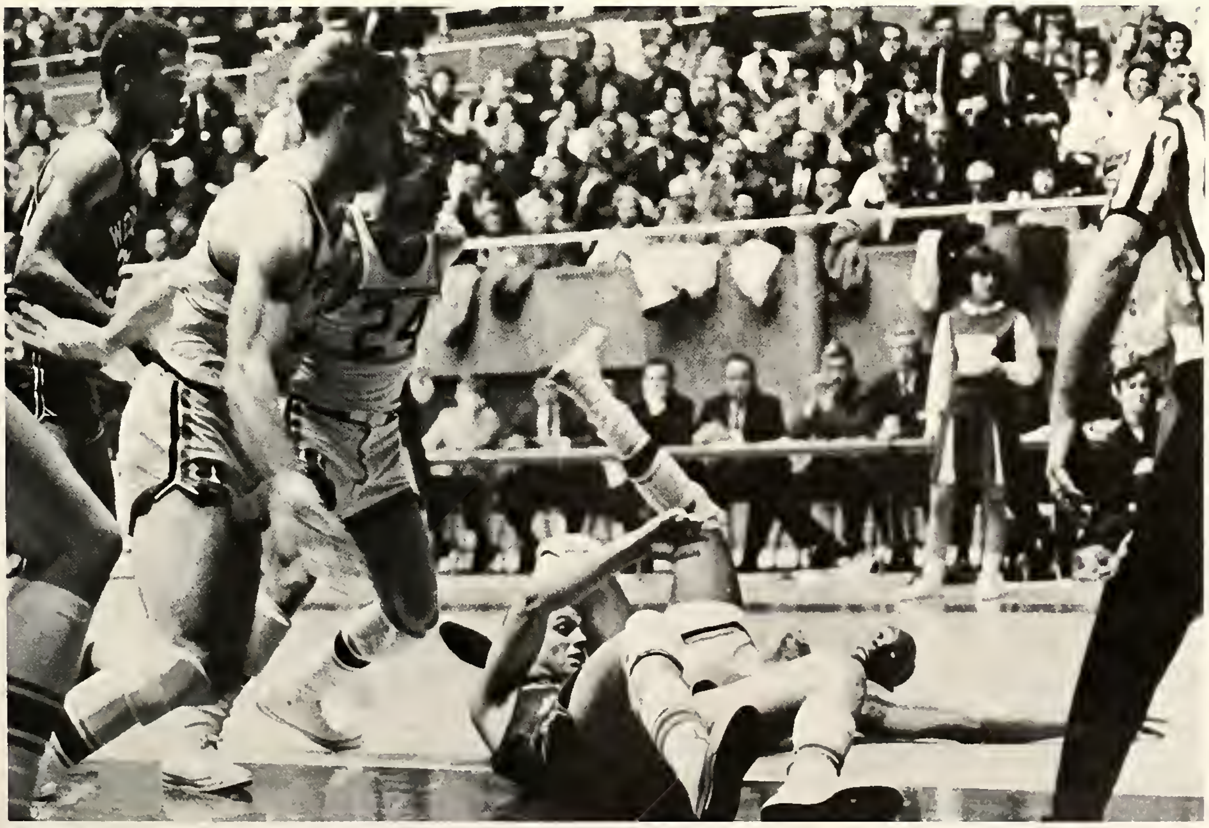
**OVC Holiday Tournament



Intense looks of anticipation signify the importance of a jump ball as Bobby Washington and a Northern Illinois cager battle to control the tip.

Although the scrappy Colonels fought with determination, they were defeated by the powerful Hilltoppers from Western.

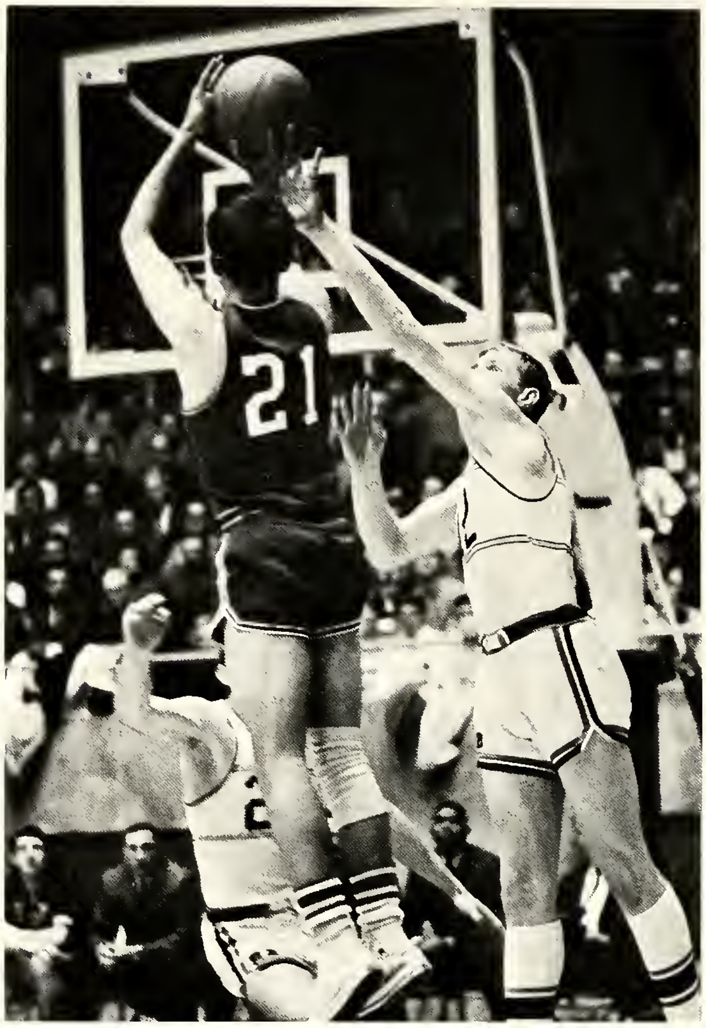


Colonels Down Northern Illinois, And Murray; Lose to Western

Returning home with a six-game losing streak, Eastern's Colonels, behind the playmaking of Bobby Washington, downed a taller Northern Illinois team 102-85. The hot shooting Colonels connected on 58 percent of their shots in the first half to decide the contest early.

Center Garfield Smith garnered eighteen points and eleven rebounds in the first half to lead Eastern to a 78-77 upset over Murray. The Murray contest saw the Colonels play their best game of the current campaign, but it was sophomore substitute Gary Paul who sank two free throws after time expired to give Eastern the victory.

Driven by a desire to add glory to a disappointing season, Eastern's Colonels had the Hilltoppers of Western running scared before they subdued the fighting five from Eastern 71-62. Two field goals by Western's Dwight Smith and Mike Fawcett gave the Hilltoppers a 39-32 lead. The chargers of Coach Jim Baechtold refused to give in to the more powerful opponents as they reeled off fourteen straight points and a 46-39 lead. The cool Hilltoppers showed why they deserved the number three slot in the national rankings as they battled back to take a 48-46 lead jump before a shot by Doug Clemmons knotted the score for the last time. Led by sharp-shooting guard Butch Kaufman the Toppers spurted to a 60-53 lead with 2:19 remaining to play. Eastern rallied again to narrow the score to 63-60 with 1:15 showing on the clock. Western took advantage of the Colonels' last-minute desperate attempts to roll up the longest lead of the game with the Toppers on top 71-62.



Jerry Godbey attempts to block a shot by an unidentified Western player.

Clenantt Arnold looks for help as two defenders close in.

Flashy sophomore Bobby Washington fires in a jumper.

1966-67 Freshmen Squad—Bottom Row: Mike Smith, Terry Harris, William Woods, Leondias Bailey, Ed Hare, Dan Jordan, Larry Trunnell. **Second Row:** Rex Rader, Gray Holbrook, Chester Rose, Tim Argazright, Fielding Coleman, Dave Riggins and Jim Hoskins, managers.

Adam's Produces One of Best Freshman Quintets in School's History

With high school all-staters Toke Coleman, Willie Woods, and Chester Rose teaming with virtual unknowns Mike Smith and Larry Trunnel, the Baby Colonels make the basketball future at Eastern bright. Labeled one of the best freshman teams in the school's history, Coach Adams' young chargers compiled a 11-5 record against top notch competition.

Toke Coleman led the Baby Colonels with eighteen points and thirteen rebounds per contest. Willie Woods, team's second leading rebounder with 9, finished with a 13.7 scoring average. Mike Smith and Chester Rose followed closely with 13.5 and 12 point averages, respectively.

The high point of the season came in a prelude to the Western contest when the Baby Colonels defeated the highly regarded University of Tennessee by a 66-58 score.

Gary Paul shoots a jump shot over the out-stretched arms of a Northern Illinois defender.

Bob Walker and three of his teammates competed in the 800 yard freestyle relay at the NCAA championship.

Eels Splash 8-4 Record

Inexperience was the only handicap the Eels had to overcome this year. Only five lettermen returned from last year's team that finished twelfth in the NCAA championship which included All-America's Rick Hill and Bill Walker. Consisting of two juniors, six sophomores, and twelve freshmen, Coach Combs said before the season began that "the freshmen will be the success or failure of this year's team." Included in the freshmen roster was Lacy Hagwood, an All-America in high school.

Among the more formidable opponents of the Eels this season were Ohio college champs, Kenyon, and Evansville, the Indiana Champs. In capturing their fifth consecutive KISC trophy the team which Coach Combs calls "his best team ever" received thirty-one of the forty-eight possible medals. In the sixteen events the Eels took eight firsts, twelve seconds, and

In the tournament John Buckner tallied fifty points to pace the Eels onslaught. He broke the KISC records with wins in the 100 and 200 yard backstroke events. Freshman Lacy Hagwood broke the KISC team and pool records for the 100 and 200 yard butterfly stroke.

Bottom Row: Bruce Boyer, Rick Roach, Greg Marquis, Butch Hays, Rick Lynster, Mike Corsby. **Second Row:** Jim Shunard, Lacy Hagwood, Bob French, John Sims, Lee Schalrenbrand, Bill Holzaphel. **Third Row:** Coach Don Combs, Rick Hill, Ron Nouer, Steve Dannecker, Wayne Lysler, John Buckner, Rick Anderson, Bill Walker, Diving Coach Charlie Parris.

Above: Rick Hill, record-holder of three events, led the Eastern Eels to another victorious season. **Right:** Many hours of practice are spent by Bill Walker in perfecting his racing dive.

A freestyle and individual medley expert, Bill Walker is one of Eastern's four All-Americas.

Rick Hill exhibits the form which captured All-American honors.

Eels Capture Fifth Consecutive KISC Crown.

Left: An Eastern diver soars from higher heights. **Above:** Using endurance and ability, Rick Hill splashes to victory.

The triumphant Colonels congratulate each other after defeating Murray for the OVC title.

Colonels Capture Ninth OVC Baseball Crown

Eastern's powerful Colonels dominated the baseball diamonds in the OVC. With a 9-3 conference record, the Colonels avenged 1965 playoff losses to Murray by defeating the Racers two out of three games to clinch their ninth OVC championship. Strong hitting, control pitching, speed, and teamwork were equally instrumental in gaining the conference title.

Commenting on the 17-12 overall record turned in by the Colonels, Coach Hughes, OVC Coach-of-the-Year for the second time, stated, "The team was the fastest I have ever coached." Frank Borgia's performance in stealing 18 bases out of 19 attempts supported Coach Hughes' statement.

In addition to the speed on the base paths, the Colonels had ample power at the plate. Arnold Nyulassy led the Eastern hitters with a .350 batting average, closely followed by Borgia and Ron Chasteen.

Playing an important role in the team's success was the outstanding pitching of Butch Kammer and Mike Phillips, who had a 7-2 record.

OVC Coach-of-the-Year "Turkey" Hughes contemplates the last minute strategy to use against the opponent.

Ron Chasteen heads for home plate on a hit and run play.

Tension mounts as these sprinters burst from the starting blocks enroute to the finish line.

Track Team Notches Second Place in OVC

Springing over the high jump bar, Wilbert Davis demonstrates one facet of his track and field proficiencies.

Outstanding performances by members of the 1966 track team highlighted the season and helped Coach Connan Smith's squad to win the Southeastern Indoor Track Championship and gain a second place finish in the OVC.

In the Indiana University meet, Wilbert Davis set a new school record by vaulting 16′½″ to become the second highest Negro pole vaulter in the nation. His teammate, Grant Colehour, set a new track and school mark by posting a time of 14:36.2 minutes in the three-mile marathon.

Other notable achievements are those of Kenth Andersson and Carey Guess. Andersson finished second to Jim Ryan, world record holder in the mile run, at the NCAA Championships. Guess, who set a new school record in the triple jump, bounding 47′5″, also posted an unbeaten time of 14.2 seconds in high hurdles.

Jack Cruise anticipates his opponent's next move as his teammate, Sparky Snyder, returns a volley.

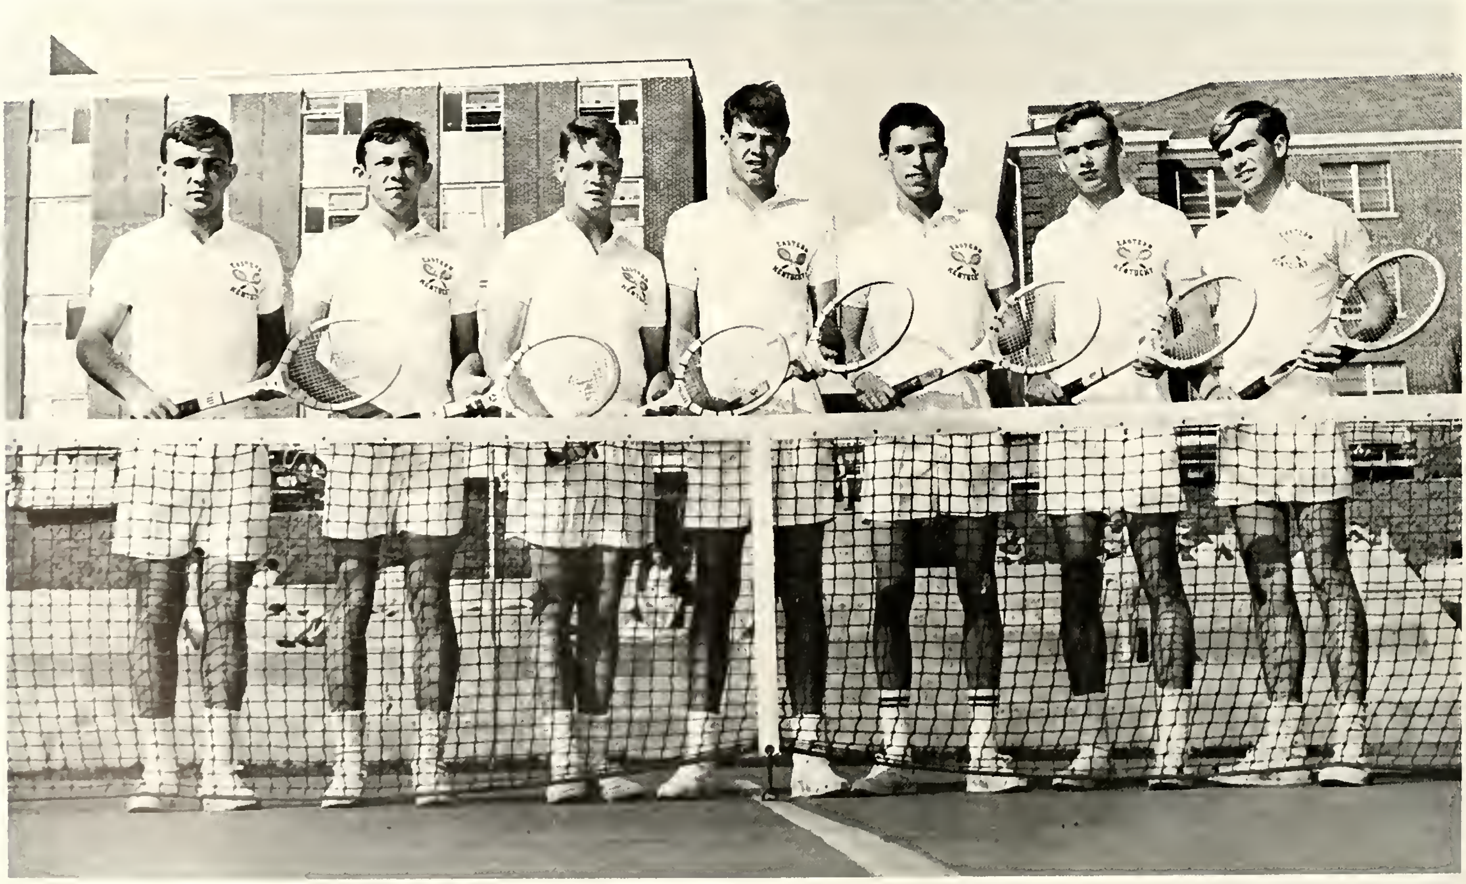
Tennis Team Posts 11-5 Mark

Guided by Coach Jack Adams, OVC Tennis Coach-of-the-Year, Eastern's netters posted a commendable 11-5 mark against a strong opposition to finish third in the conference behind Murray and Western.

Opening the season the team showed impressive wins over Kentucky, Sewanee, and Chattanooga before suffering losses to OVC powers Middle Tennessee, Western, and Murray. Despite these setbacks, they finished strong with five consecutive victories.

Sparky Snyder, Ken Chaflin, and Mike Jefferies, returning squad members, were aided by freshmen Steve Burley, Doug Greenburg, Jack Cruise, and Lindy Riggins, who completed the season as team high scorer.

1966 Tennis Squad: **Left to Right:** Lindy Riggins, Jack Cruise, Steve Burley, Sparky Snyder, Doug Greenburg, Kent Chaflin, Mike Jefferies.



Demonstrating his ability on the tennis court, Mike Jefferies completes a backhand stroke.

Sparky Snyder delivers a swift forehand serve, setting the pace for an exciting game.

An important aspect of golf is a powerful follow-through as displayed by Walter Brittle, Jr.

Ron Roby's facial expression conveys the concentration required in lining up a putt.

Golf Team Finishes With 8-5 Slate

Despite a slow start, the inexperienced linksmen of Eastern finished with a respectable 8-5 record, winning six of their last eight matches.

With only one twin victory, coming at the expense of Morehead, the team's leading scorers, coached by Glenn Presnell, were five sophomores, Walter Brittle, Jr., Ron Roby, John Cowen, Edwin Luxon, and Jim Martin.

Impressive victories over Xavier of Ohio and Cincinnati and split matches with Kentucky, Louisville, and Marshall foretold of the team's solid third-place finish in the OVC. The squad also placed second in the Murray Invitational, where Ron Roby was named runner-up for Medalist. With the nucleus of the squad responsible for this year's commendable record returning, the outlook for the 1967 season is bright.

Proper stance is essential for an effective swing.

Eastern Captures Second Straight OVC Title

Coach Connie Smith's thinclads, paced by all-America Grant Colehour, completed the season with an overall 9-1 meet record, defeating 22 teams and losing to only one. The season was highlighted by winning both the Eastern and Western Invitationals and capturing the OVC Championship for the second straight year.

The only defeat came at the expense of Ball State University who went on to finish fourth in the NCAA.

Eastern's cross-country team has dominated Kentucky and OVC collegiate competition for the past three years. During this period they have compiled a 26-3 record. Just a sophomore, Grant Colehour paced the team by gaining first place honors in all the dual meets and finished sixth in the NCAA. He was therefore recognized for his outstanding ability and was placed on the All-American team. Ivan Scholl, Jim Beasley, Doug Cordier, and Harold Burke have given Eastern the depth that was needed for another outstanding season.

After evading one tackler, an intramural quarterback attempts to complete an option play.

Intramural Program Continues to Expand

Eastern's intramural program, under the direction of Dr. Barney Groves, has expanded to take in a wide variety of sports for all students. Along with the major sports of football, basketball, swimming, and track and field, increased interest was shown in the minor sports.

Intramurals offer all students a chance to relax, meet other students, develop skills in varied sports, and increase physical stamina.

Participation in intramural football continued to grow, demanding the expansion of the league. The season's play was climaxed by a round-robin tournament between the top teams with the winners being awarded trophies.

Intramural basketball attracted many former high school lettermen with highly developed skills and ability. Players were placed in leagues according to their ability to provide equal competition. Play-offs were held in each league to determine the league winner.

Volleyball continued its dominance of the minor sports, but was followed closely by bowling and table tennis.

Occasional elbows to the eye are not uncommon during the action of a flag football game.

Jim Wihebrink finds that the going gets tougher the closer he gets to paydirt.

Below: Quarterback Jim Wihebrink gets a pass off just in time as a defensive man applies the pressure. **Right:** Defensive men foil this receiver's futile attempt to catch a pass.

Controlled passing insures protection against the defense.

Intramural Basketball Produces Keen Competition

To avoid having his shot blocked, an intramural basketballer shrewdly fires a jump shot.

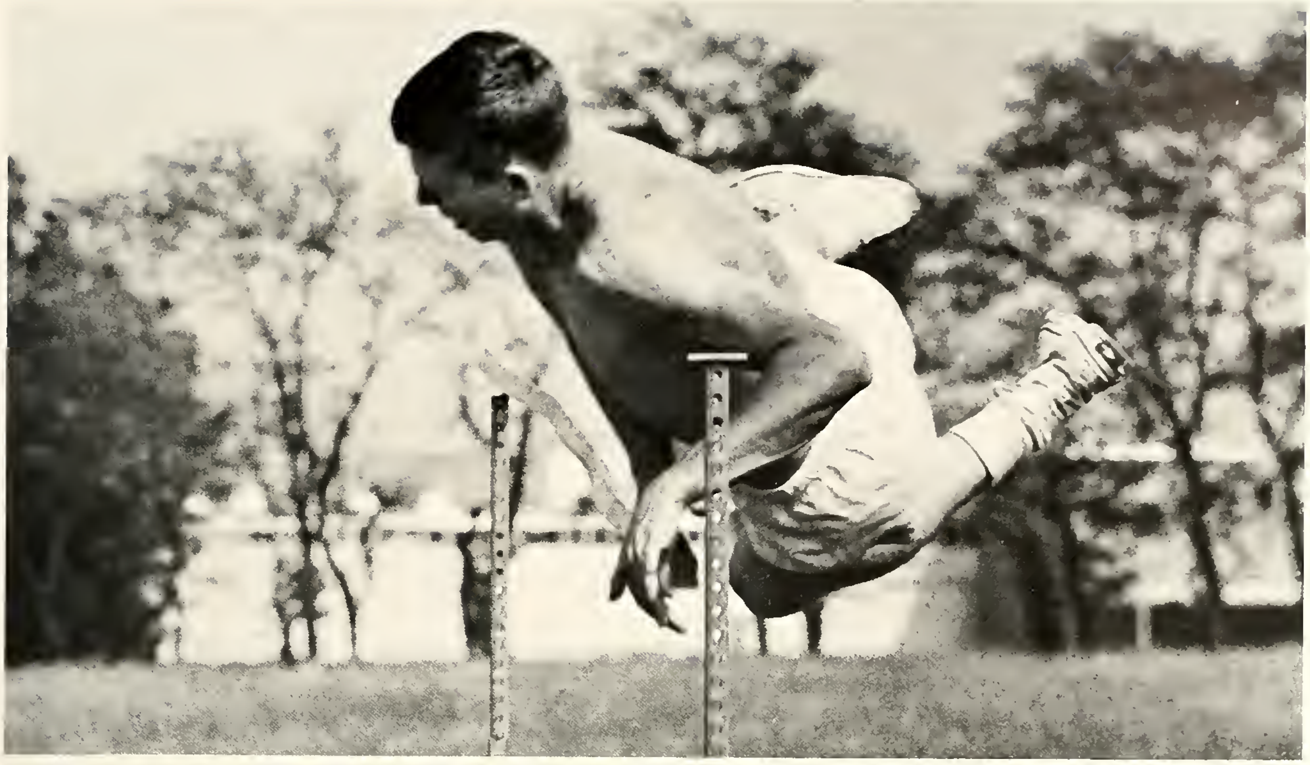
Opposite: Fierce competition begins as two players battle for control of the opening tip-off.

Sudden stops can have their consequences.

After hauling in a fly ball, an outfielder prepares to nail a runner at the plate.

Returning a volley this student displays the form of a basketball player.

A determined pitcher and a cautious batter can produce an interesting afternoon of softball.



Low flying trackstar fails in his attempt to clear the crossbar.

Participation Increases in Minor Sports

Each pitch places this hurler closer to victory or defeat.

Endurance as well as speed will be the deciding factor in this 440.

Sprinting to the tape, these two co-eds end the 440 yard relay in a dead heat.

Co-recreational Activities Provide Varied Entertainment

A new aspect of intramural sports at Eastern is co-recreational activity. Participation in track and field events, volleyball, and swimming afford entertainment and wholesome activity for both men and women students.

Co-recreational activities have enriched the overall intramural program by not only increasing participation, but also fostering a sense of enthusiasm and friendly competition among the entrants. Next year will see expansion of this program with the addition of competition in tennis and table tennis and a reorganized swimming program.

Volleying the ball over the net, Debbie Newsome regains her stance as her teammate assumes his position for the returned volley.

Individuals often assume unusual stances when they are trying to lead their team to victory.

Women's Intramurals Offer Competitive Recreation

Throughout the year the Women's Physical Education Department sponsors intramural sports for the enjoyment of Eastern coeds. Mrs. Mildred Maupin, Intramural Coordinator, has worked diligently with various classes to raise interest among the students.

Clubs, dormitories, and sororities from the intramural teams. Games are played during the early evening one or two nights a week, giving an opportunity for the coeds to gain more experience and practice in sports at which they excel. Participation in volleyball, basketball, badminton, bowling, box hockey, tennis, and softball are outlets for the interest that Eastern's women possess for physical development and for enjoyment of competition.

Exuberant with excitement about the co-recreational track meet, Peggy Mannen assists Libby Skaggs as they prepare for their events.

Mary Jo Holl stretches to smash the birdie across the net in an exciting intramural badminton game.

Wind blown co-eds position for a hit as the batter swings her bat for a strike.

Women's Intramurals Provide Recreation and Relaxation

A forward dribbles into position as Barbara Peercy moves to guard against a feasible basket.

Being aware that she is double-teamed, this co-ed is determined to dribble the ball into her team's court.

Keeping score is an integral part of bowling.

Power and agility help this co-ed to perfect her forehand stroke.

Skilled Coeds Acquire Proficiency

Extramural teams at Eastern provide the opportunity for skilled coeds to compete on an inter-school level. Teams are selected by their desire to participate, their level of skill, and their academic standing. Coeds further develop their adeptness and strategy of the sport by having practice sessions twice weekly. The honor team competed this year with Berea College, Southeastern Christian College, and the Universities of Dayton, Cincinnati, Kentucky and Louisville in field hockey, volleyball, basketball, tennis, and softball.

The success of having honor teams at Eastern has been accomplished by the work of Elaine Summa who directs all extramural activities, team managers of these different sports, well-informed coaches on the women's physical education staff, and interest shown by the student body.

Above: Enthusiastic players and fans watch hopefully as Julianne Mannen leaps into the air for the tip off. **Right:** An Eastern player sends the ball soaring toward the basket as opponents wait for the rebound.

Sue Fetter and a Berea coed battle for possession of the ball in a crucial movement of a hockey game.

Outmaneuvering her opponents, Julia Mannen successfully spikes the ball out of their reach.

Play becomes more intense as the close hockey game draws to a finish.

UNDERCLASSES

ENFORCEMENT

Nancy Smart
Section Editor

Class of 1968

Since the day of their initial contact with Eastern, the Class of 1968 has seen the institution receive recognition as a multipurpose university. They, too, have been the subjects of social and intellectual expansion. While retaining their ties with the traditions of Eastern and passing them on to those who have followed, the juniors have been influenced by the progressive ideas which the University embodies. As more and more buildings rise, the juniors hearts also rise as they anticipate the day when they will reach their goals and achieve recognition as college graduates. They soon will be leaving and making use of all that they have acquired through their extensive study and involvement in campus life.

Class of 1969

Life at Eastern offers a challenge as sophomores strive to gain further knowledge. Finding that the University presents more than an active social life, the members of the Class of 1969 realize that they must labor to achieve their goals. They have seen Eastern expand to a university and have been a part of the dynamic transformation. Caught in this surge, they have come through with confidence and have laid a path for their future. These students have taken advantage of the opportunities before them and have blazed a trail toward their future success.

Bottom Row: **Jeanne Chiseck,** Student Council Representative; **David Vickers,** President. Second Row: **Bob Sanders,** Student Council Representative; **Mary Lynn McCubbin,** Treasurer; **Sue Moberly,** Reporter. Third Row: **Patricia Newell,** Secretary; **Bill Barrett,** Vice President.

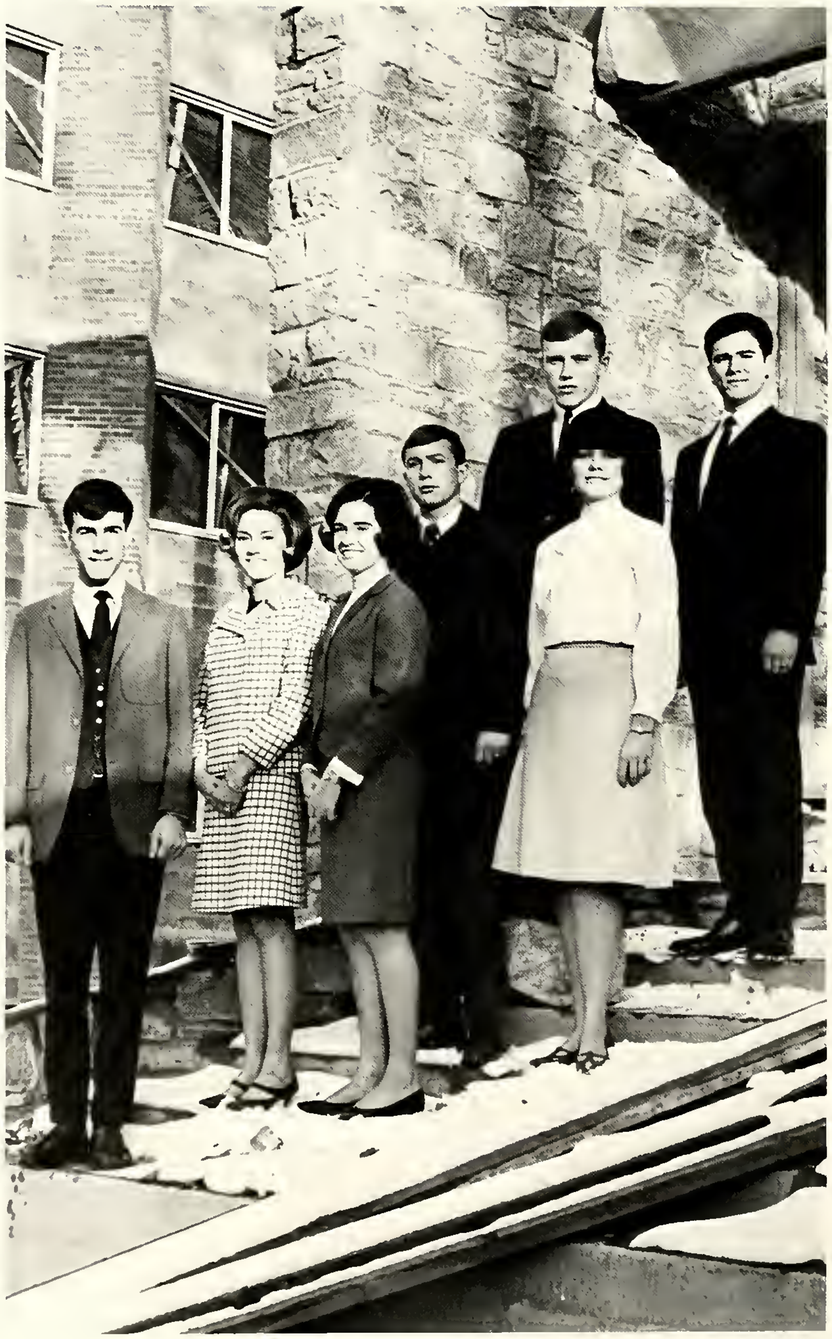
Class of 1970

Becoming a university has meant growth to Eastern and since entering the University, the freshman class has experienced a similar kind of expansion. They have had to adapt to a new way of life and in accepting these adjustments, they have matured in their decisions. Realizing the meaning of an education, these individuals have gained the independence and self-confidence essential for the growth of new ideas. Foundations for new dormitories and buildings have been laid as have foundations for each freshman's life. Brick and stone compose the lasting foundations of the University; knowledge, properly received and implemented, the lasting foundation of its students.



Bottom Row: **John Akers**, President; **Karen Paul**, Secretary; **Patsy Palmer**, Reporter. Second Row: **Ron Burgess**, Vice President; **Glenda Morgan**, Student Council Representative. Third Row: **Rick Bergstrom**, Treasurer; **Richard Lisi**, Student Council Representative.

Expressions range from boredom to bewilderment as a dorm counselor lays down the law.

Floor representatives host "come-as-you-are" parties every Thursday night in Burnam Hall.

The ravine provides a good short cut to and from classes, but a show of friendliness is always a welcome diversion.

Determined concentration is not neglected by the appropriations of a place of study.

Concerts presented by the Department of Music intensify Eastern's cultural atmosphere.

After four years of hard work, a graduate finds that graduation becomes a solemn and meaningful occasion.

In Memoriam

The career of a great man remains an enduring monument of human energy. The man dies and disappears, but his thoughts and acts survive, and leave an indelible stamp upon his race.
—Samuel Smiles

Carl Woods
Assistant Professor of Education

L. G. Kennamer, Chairman
Department of Geography and Geology

Goodbye Roark 8

To the students of Eastern Kentucky University: This book is dedicated to you, and to the first year of our University. As weeks pass into months and months into years, it is our hope that its cherished memories will be continuously rewarding.

From the early stages of inception, editing the book has stretched into hours of planning and preparation which have resulted in a students' view of University Life 1967. We humbly accepted the task of capturing moments of diversity. Combining these unique moments, we present the **1967 Milestone.**

We use this opportunity to give our special thanks to the following:

—To each of the section editors, who sacrificed and gave of their time and loyalty to transform ideas into reality.

—To the staff of the **1967 Milestone,** who faithfully labored at even the most menial task.

—To Mr. Don Feltner, whose encouragement and advice stimulated morale.

—To a gracious Southern gentleman, Harrell Brooks, representative of Foote & Davies.

—Mike Coers, University Photographer, for color on pages 1, 4, 9, 12, 15, 16, 17, 18, 19, 20, 21, 48, 49, 81, 82, 83, 84, 85, 87, 215, and for selected black and white feature photos.

—Rob Kumler, Photographic Editor, for color on pages 2, 3, 4, 5, 6, 7, 8, 11, 12, 13, 14, 15, 17, 18, 19, 20, 21, 48, 49, 215, and for selected black and white feature photos.

—Chuck Saalfeld for selected black and white feature photos.

—Dave Rains for selected black and white feature photos.

—Eldon Phillips for color on pages 10, 214.

—Dick Craft, Osborne Photo Lab, Cincinnati, for class pictures; for color on page 21.

—John F. Mullaney, Osborne Photo Lab, Cincinnati, for photographic services.

—**The Lexington Herald and Leader** for selected black and white photos on pages 44, 159, 257, 342, 343.

—**The Courier Journal** for selected black and white photos on page 346.

—To Kem Manion and Linda Ward, Co-Editors of the **1966 Milestone,** whose continued standards of excellence set the pace for the **1967 Milestone.**

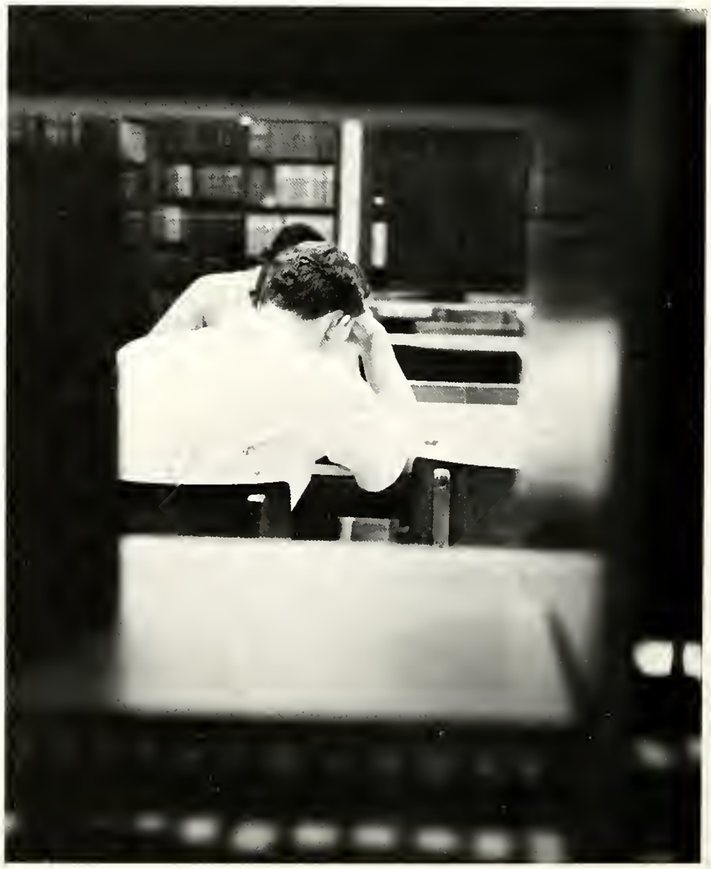
A Special Report

We Dedicate This Library . . .

PLEASE EXIT AT TURNSTILES

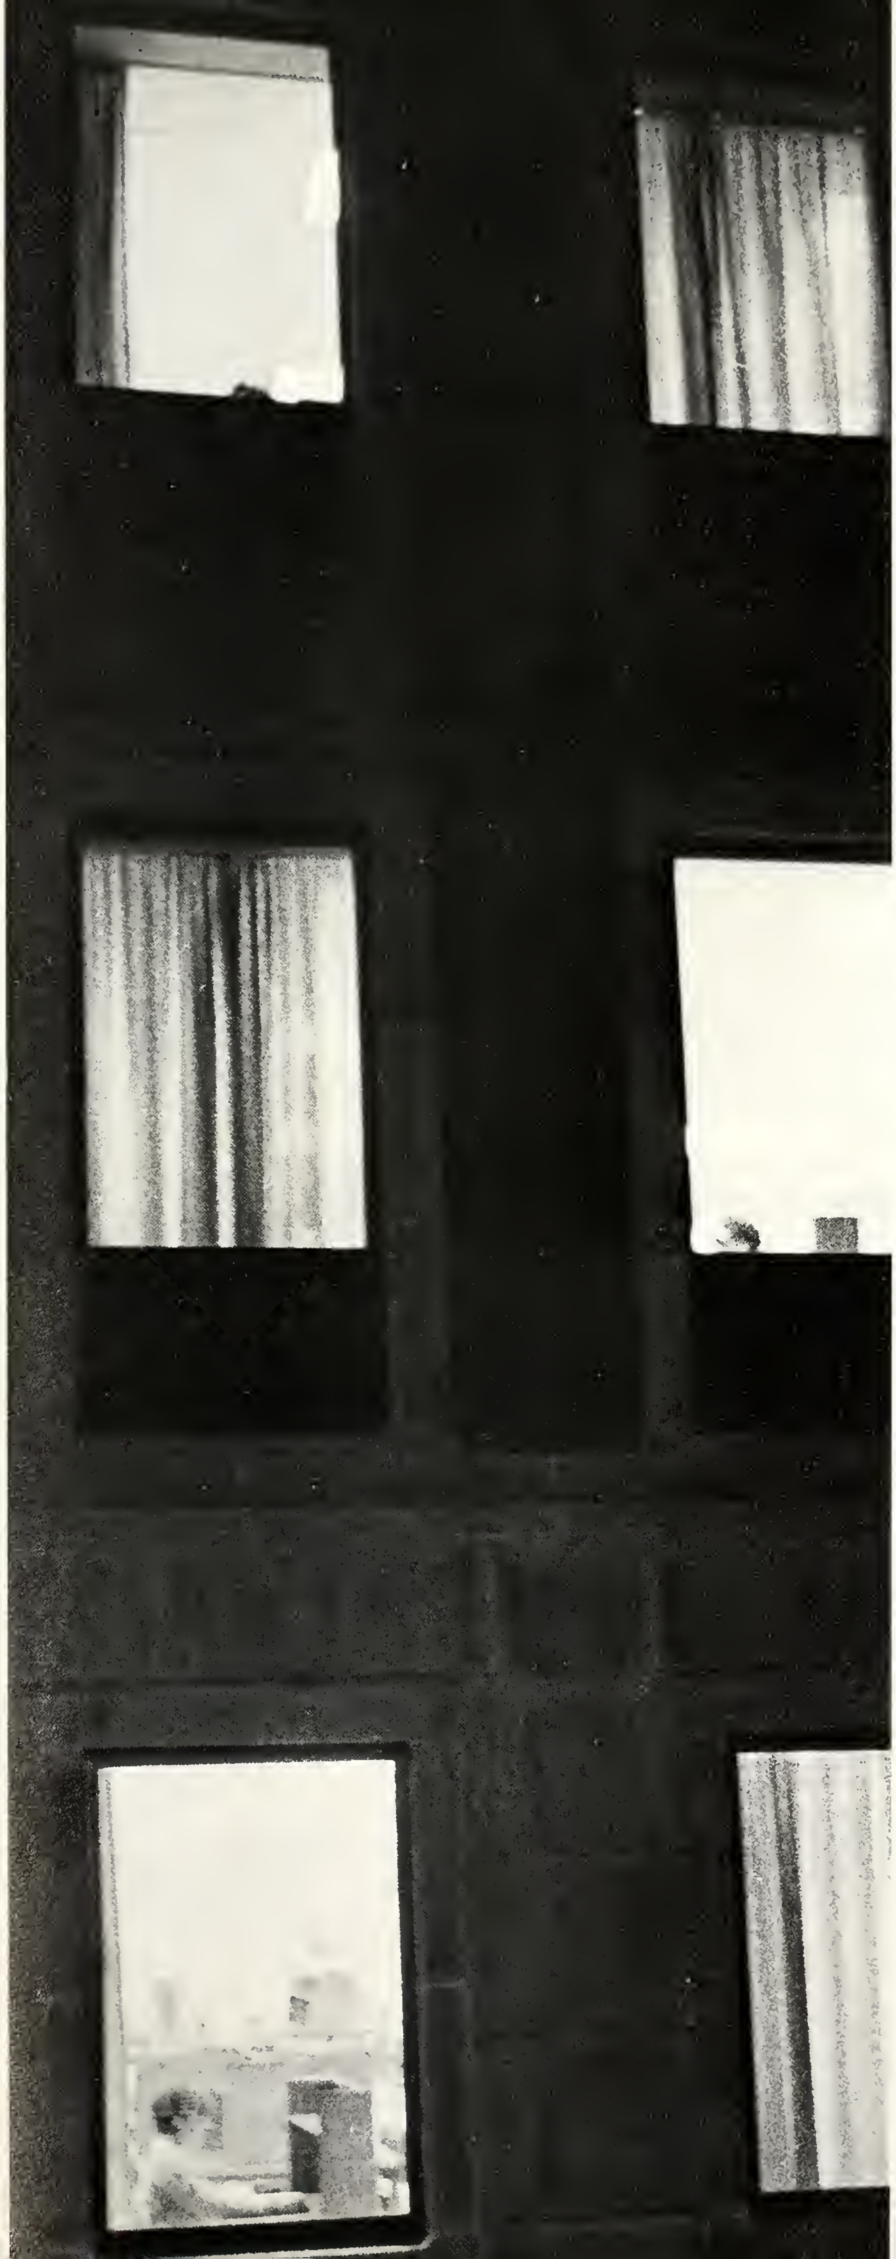
To the needs of the University . . .

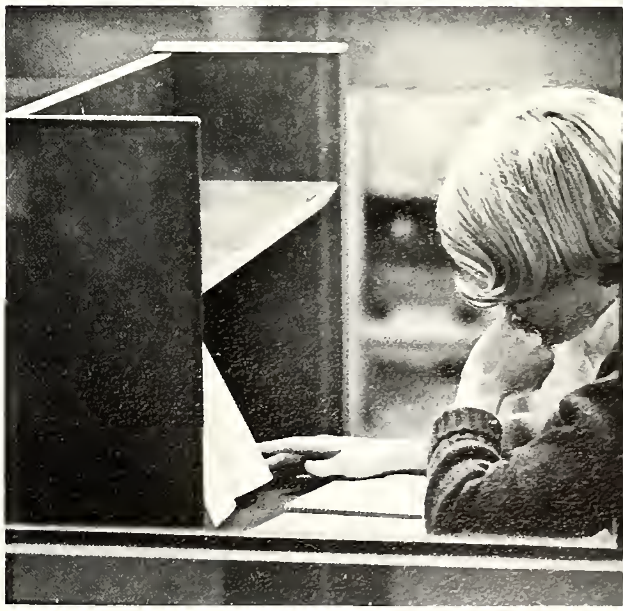


Few events are of signal importance to merit a special presentation of this nature. The **1966 Milestone** chose to present the highlights of Eastern's recognition of university status in this manner. The editors of the **1967 Milestone** wish to salute Eastern Kentucky University and its academic pulse—the new John Grant Crabbe Library.

Serving as the major instructional nucleus of the Eastern campus, the library, dedicated in formal ceremonies on January 6, 1967, represents a milestone in Eastern's history and opens the doors to a new dimension of higher education. A vast storehouse of knowledge, it is both the literal and figurative heart of the University.

The far-sighted decision for expansion reflected administrative cognizance of the need for rapid growth in accordance with a projected increase in enrollment. A spirit of awareness that the pulse of the institution must provide intellectual guidance motivated the establishment of the Library Committee in 1963. The Library Report, an outgrowth of the committee, supplied illuminating insights into the necessity for immediate implementation. Thus, an entirely new concept became reality. From here, the light of knowledge could disseminate like a never-ending beacon, carrying with it the prestige of Eastern Kentucky University.





Theme ideas in this special report are taken from "The Dedication" by Mr. William L. Keene, Professor-emeritus of English.

To a balanced sense of tradition and change . . .

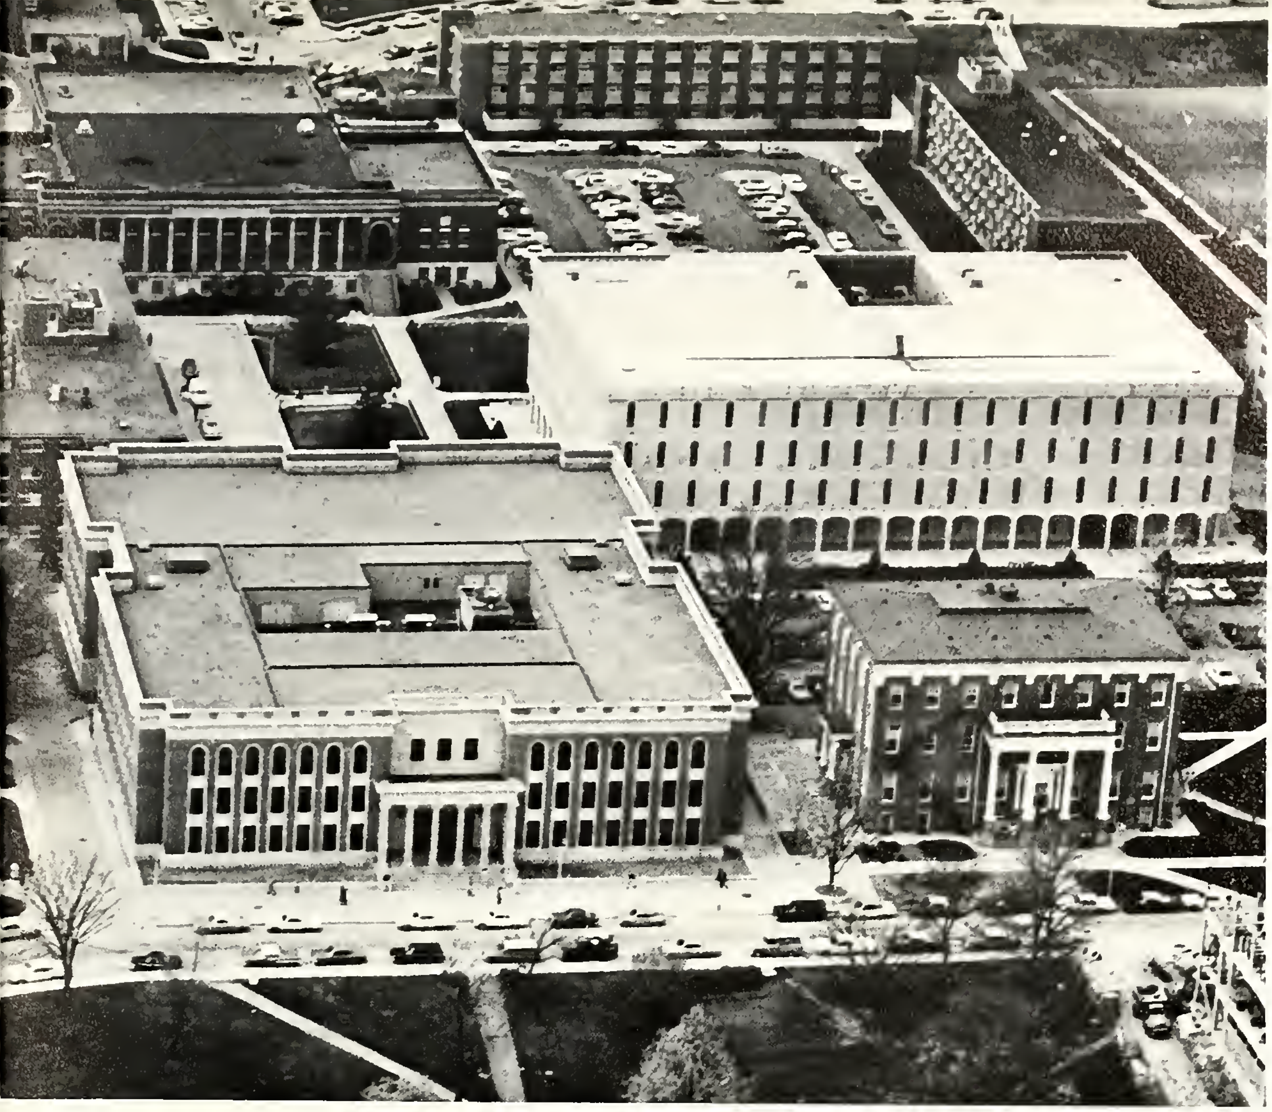
Less than five months after the doors of Eastern Kentucky State Normal School were opened, a collection of 300 books was placed in an old building that was used to store baled hay. Miss Ada Barter was hired as the first librarian at a salary of $40 a month. Her duties included firing a pot-bellied stove that provided heat for the small building. Window space offered enough natural light by day, but a lack of adequate facilities prevented the library from staying open at night.

In 1907 the Board of Regents made its first library appropriation—$500. In 1918 the library was moved to the Cammack Building. Less than six years later, the original John Grant Crabbe Library was built to accommodate 200 students. The library holdings had grown from the original 300 to 16,854 volumes.

And so it was; as Eastern grew, so did its library. A hayloft had provided the seed for this cultivation. Now, nearly six decades later, an ultramodern storehouse of knowledge stands as a monument to past achievement and a cornerstone of future potential.

The first library, 1907-18

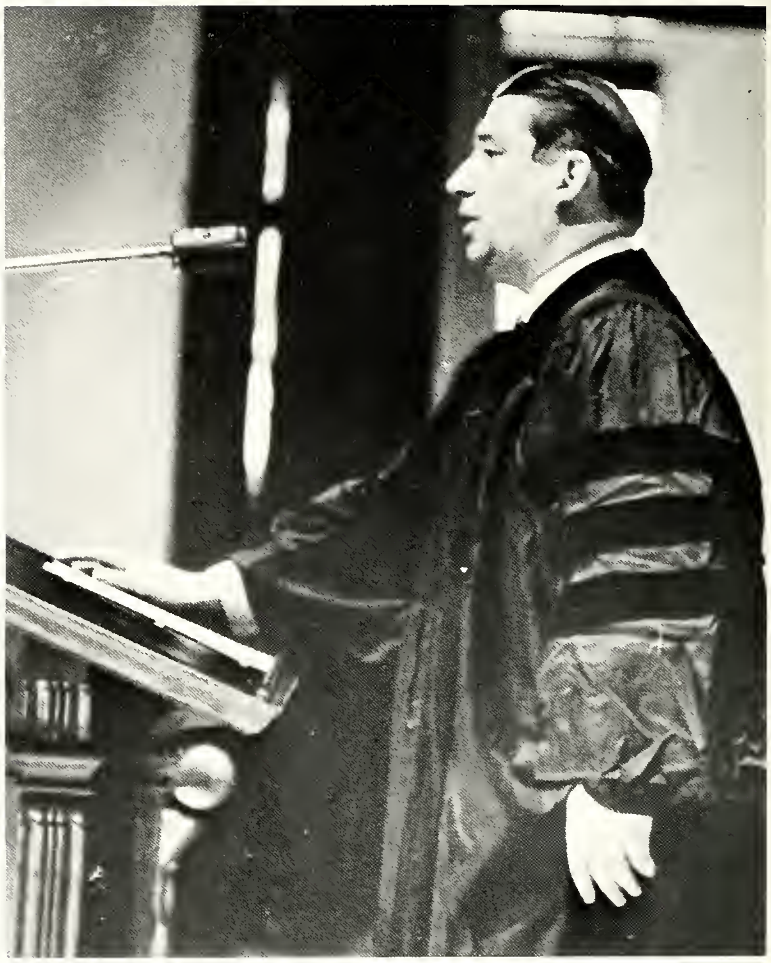
The original John Grant Crabbe Library, 1924-65



To intellectual challenge . . .

Formal dedication ceremonies, the hour of honor for the John Grant Crabbe Library, served not only as the consecration of an edifice, but as a means by which it was propelled into fulfillment of its destiny. In a litany expressing this purpose, "The Dedication," Mr. William L. Keene, Professor Emeritus of English, stressed that a library must stir and guide the questing mind.

Issuing a challenge, Francis L. Dale charged the University community to use this Library as a place to absorb and understand the intricate issues of our time and then learn to deal in terms of complexities. The library is neither an archives nor a place for conformists. Rather, it is a continuously growing garner of knowledge.



Francis L. Dale, publisher of **The Cincinnati Enquirer,** delivered the dedicatory address, "If This Side Is Up."

Faculty regaled in their academic robes to form the procession.

Above: Modern equipment such as the microfilm reader-viewer is provided to aid the students in research and study. **Below:** It is not uncommon to see so many people meet in one place quietly pursuing one goal—to learn.

To serving reading demands of today and tomorrow . . .

An educational edifice dedicated to cultivation and improvement, the Eastern library is designed to provide accommodations for more than three thousand students simultaneously. Eventually, the full air-conditioned structure will house more than a half-million volumes.

Operating on a budget of $482,770 for the current academic year, this vast athenaeum covers 147,780 square feet. Contemporary design, flavored with Italian renaissance influences, make it a hallmark in architecture as well as education. Its interior incorporates over 1,000 stack sections, plus technical rooms, periodical rooms and reading sections, including the valuable Townsend Collection in the Kentucky Room.

Designated as one of two official depositories in the Sixth District for United States documents and publications, this giant structure accents the drive toward academic excellence that permeates the life of Eastern today.

The J. T. Dorris Museum, once housed in the University Building, will be relocated on the fourth floor of the library, allowing students an opportunity to step into the past from the future.

. . . No oak tree holds its leaves unless its roots are deep and strong. Thus, it seems fitting that the very magnitude of this edifice before us, holding within its walls the interleaved knowledge of the ages, reflects not only the factual accomplishment of a new age, but also the soaring imagination of the man whose name it bears. . . . If, in the words of Thomas Carlyle, 'The true University of these days is a Collection of Books,' then this library is not merely the monument to a man, or even the fulfillment of his plans. It is more than these. It is the heart of this viable university. It is a living testament to the light of a great man's vision, and to that of his successors.

—From "A Living Testament"
H. Edward Richardson
